WANTED-MALE HELP. A FEW MORE POINTERS ABOUT THE Omaha Commercial College

17th and Douglas Sts., Rohrbough Bros., Props.

POINTERS NO. 1-The busiest scene now in Omaha may be found at the Omaha Commercial College. Nearly 50 students are enrolled. The meetings of the board of trade grow more exciting. The Literary society has the largest attendance it has ever had. The college orchestra has given several excellent entertainments and is preparing for a public concert on Thursday forenoon. These are proving interesting and profitable. A public athletic contest has been arranged between our students and Bellevue College, to take place on Thursday evening, March 1. This will be one of the most interesting events of the winter. The shorthand and typewriting department is doing the best work it has ever done. The attendance is large and the progress remarkable. The business department was never so interesting and progressive as now. Many new students have entered since February 1. A number of others will enter next week. The telegraph department has a large enrollment, and it will be larger in another week.

POINTERS NO. 2-Mosther shorthand is beyond the experimental stage. It is no longer questioned by critics. It is conceded to be the most modern and up-to-date system ever devised. Students who take this shorthand are taking a course in shorthand that is superior to any other system. While it utilizes all of the Gregg system worthy of use, it contains many new principles which add very materially to both legibility and speed. Briefly in a reportorial way. Hence your success, for the people of your city must know the wheat from the chaff. You have my endorsement in full. Fraternally yours, ISAAC S. DEMENT.

POINTERS NO. 3-It is a well known fact that a large majority of the stenographers employed in Omaha and Nebraska are students of the Omaha Commercial College. It is also admitted that from 90% to 95% of all first-class stenographers employed are our students. These facts are evidently accounts of the demand for good stenographers. It has been unprecedented for months. Scarcely a day goes by when some one does not want a good stenographer. Many of the largest cities throughout the west apply to us. A bank in Helena, Mont., offers to pay one of our students \$50.00 per month. These facts are evidently accounts of the demand for good stenographers. It has been unprecedented for months.
