MAY DROPS ONE CENT ON BEARISH NEWS

Date and Provisions Show No Change, but Corn Falls Off Three-Eighths of One Cent on Heavy Liquidations.

CHICAGO, Feb. 11.—The news in general was decidedly bearish in the wheat pit to-day and heavy liquidation caused weakness in that market, May closing ic lower. May corn was off hec. while oats were undehanged. Provisions ruled steady and the May products closed unchanged.

Wheat was active early in the day, but later became duil, and the volume of trade was light during the last haif of the session. The principal bear factor was the report from Liverpool stating the confident of the supply had overtaken the demand. As a result of this influence a large amount of long wheat was thrown on the market and a break of ic followed, considerable short seiling adding to the depression. May sold down to 784c, after opening a shade higher to a shade lower at 794c779c, and the close was near the bottom at 784c784c, and the close was near the bottom at 784c784c, and the close was near the bottom at 784c784c.

higher to a shade lower at 7942739c, and the close was near the bottom at 7842739c, and land.

a loss of le from yesterday's close. Clearances of wheat and flour amounted to 427,000 but. Primary receipts were 539,000 bu. Minneapolis and Duluth reported receipts of 28 cars, which, with local receipts of 18 cars, none of contract grade made total receipts for the three points of 407 cars, sagainst 236 last week.

Corn was influenced to some extent by the weakness in wheat, the market becomfing easy after a slight upturn early in the day. There was a fair advance early on cables and unfavorable weather, but the small export demand and the decline in wheat caused considerable liquidation and the close was easy. Commission houses were the best buyers and bought treely on the break. May closed %c lower at 46%c, after selling between 45%c and 46c. Local receipts were 268 cars, with none of contract grade.

Trading in oats was light and the weak.

ceipts were 28s cars, with none of contract grade.

Trading in oats was light and the weakness in other grains influenced prices, the close being about steady, after a firm opening. The unfavorable weather was an early bull factor. May closed unchanged after ranging between 37%c and 37%436%c.

Local receipts were 112 cars.

Trading in provisions was dull and the sentiment in the pit about evenly divided and little change in prices was manilested. The closing was easier on lower prices of hogs, and shorts took advantage of the decline to cover, which kept prices steady. Final figures on the May products were unchanged, May pork closing at \$16.90, lard at \$2.45 and ribs at \$2.20.

Estimated receipts for tomorrow: Wheat, 30 cars; corn, 290 cars; oats, 175 cars; hogs, 28,000 head.

NEW YORK, Feb. 11.-The following are

Foreign Financial.

LONDON. Eeb. 11.—The demand for money was keen today and there were indications in the market that security was increasing. Discounts sympathized with the money conditions. Business on the Stock exchange was steady and the home departments were active, especially home rails, which were buoyant on strong outside support. Consols opened weak and hardened. Americans at the opening were dull, irregular and mostly slightly under parity. They were practically neglected and closed quite steady. Grand Trunk was in active demand on the traffic increase exceeding the most optimistic estimates. Kaffirs were firm and more active.

PARIS, Feb. II.—Prices opened steady on the bourse today, but fresh offers depressed stocks and Turks and Kaffirs suffered heavily. Later the reduction of the German bank rate from 4 to 3½ per cent induced an improvement of the whole list. At the close prices were generally strong. Foreigners and industrials advanced. Rio tintos were firm, owing to the advance in the price of copper, and Kaffirs improved on numerous buying orders from London. The private rate of discount was 213-16 per cent. Three per cent rentes, 100f 2½c for the account. Exchange on London, 25f lée for checks.

BERLIN, Feb. II.—Business on the bourse was quiet today owing to the stimulus of foreign buying. Exchange on London, 29m 45pfgs for checks.

Gas Stock Sold at Auction

NEW YORK, Feb. II.—The capital stock of the Bay State Gas company of Massachusetts was sold today at public auction and purchased for \$11,000,000 by Kidder, Peabody & Co. of Boston. A protest against the sale made in the interest of J. C. Hand and other stockholders was ignored.

NEW YORK, Feb. 11.—COTTON—Opened easy at unchanged prices to a decline of 4 points in response to unities, which were 2 points below expectations, but immediately following the call was railled sharply by buying for the account of prominent bull interests. These demands carried May up to 8.41, or three points over the opening figure and to within one point of yesterday's close. At this level there were profit taking sales and sales for short account, based on the position of Liverposi in following advances in the face of the present comparatively heavy receipts, which were estimated for today at 25,00 bales, as compared with 25,001 bales and which accually reached 28,700 bales, as compared with 25,001 bales are continued the market as entitled to a material reaction after its navance of about sixty points in the last few days. Then Liverpool showed continuous weakness, closing two or three points lower, and the estimated receipts at Houston for tomorrow were 6,000 to 7,000 bales, as compared with 15,001 last year. Toward midday the soling exhausted itself, with May around 89.95, there was a renewal of built support, which carried prices back to practically the opening level. Exports for the day were seen to be light, amounting to only 7,391 bales, and, while the various spot cotton markets were firmly held, the continued heavy receipts proved the dominating factor, and the market again worked downward, being finally steady at a net teetine of 8 to 11 points. Sales of futures estimated at 300,000 bales, excepts, \$3,00 bales, including 7,500 bales, inc

year. Torpedo Boat Goes Ashore,

NEW YORK, Feb. il.—The British torpedo boat destroyer, Quali, went ashore a week ago near Point Barina, says a Heraid dispatch from Port of Spain, Trinidad. The boat's propellors were smashed and it narrowly escaped being wrecked, owing to the heavy sea swells. It has been towed to this port. The court of inquiry has exonerated the commander of the British sloop of war, Fantome, which went ashore recently. The chart was wrong.
