

CROUP

Croup attacks a child without warning and needs immediate attention or it may prove serious, even fatal. If you notice any symptoms of croup, give baby a small dose of

Dr. Bull's Cough Syrup

It will relieve it instantly and cure it in a night. No danger from choking after you have given it. If you notice any symptoms of croup, give baby a small dose of Dr. Bull's Cough Syrup in the house to be prepared for sudden attacks of croup.

ONE BOTTLE CURED HER BOY.

Mrs. Mary Olson, of 239 Clinton Street, Brooklyn, N. Y., writes: "My little boy, three years old, caught the croup and I concluded to try Dr. Bull's Cough Syrup, as I have never seen it in this country. He was soon relieved after a few doses only, and entirely cured of the croup and bronchitis. He is now healthy and happy. I have this old reliable remedy in the house, and I feel safe, and since it cured him I always keep a bottle in the house."

AVOID SUBSTITUTES.

Do not accept some cheap imitation that contains harmful drugs. Insist on getting "DR. BULL'S." Price 50c. See that the "BULL'S HEAD" is on the package.

During the hearing C. W. McCounghey, an elevator man of Holdrege, asked Senator Brady why it was the farmers engaged special legislation to enable them to engage in this business, and why they did not go into it as the elevator man did, without any special laws.

"Simply because we can't," was the senator's retort. "Out at my town, Albion, the farmers have a corporation with \$100,000 capital, and they asked both the Union Pacific and the Elkhorn for the privilege of building an elevator on their right-of-way. They were refused, absolutely. Each railroad said there were elevators enough at Albion. So we decided to contest the case and hence the introduction of senate bill 482."

Why Telephone Rates are High.

President Yost of the Nebraska Telephone company was one tonight who appeared before the special committee appointed by the senate to investigate telephone rates. As two members of the special committee were on the joint railroad committee, the meeting was postponed until 3 o'clock Tuesday morning. Mr. Yost remained over to attend.

"I will cheerfully appear before the committee," said Mr. Yost, "and answer all the questions I can. I presume the members will question me on overcharges. There is one thing the public does not take into consideration in discussing telephone rates, and that is this: In Omaha, for instance, we are putting in a new switchboard at a cost of \$125,000, the old one cost \$60,000. We tried to sell it and the best price we could get was \$5,000, a loss of \$60,000. In a few years we will have to put in another new board and the one we are buying now will go like the first one. We are compelled, however, to put in expensive apparatus to meet the demands of our patrons. This is one reason the rates are high in Omaha."

Judicial Appointment Bill.

By the terms of a bill introduced in the senate today by Warner of Dakota for the redistricting of the judicial districts of the state, the Third district, composed of Douglas, Sarpy, Washington and Burt, loses one judge, leaving a total of six instead of seven as now. The bill contemplates a total reduction of four judges over the state. It adds Saunders county to the Second district, now composed of Lancaster, Nemaha, Cass and Otoe, but does not change the number of judges. No other changes are made throughout the various districts, as may be seen from a review of the list of districts published in the senate journal.

Turns Down Boiler Makers.

H. R. 237, by Gilbert of Douglas, which contemplates the appointment of a board of three boiler and engine inspectors by the governor, as a state institution, which was explained in a recent issue of The Bee, is creating considerable interest, especially among Omaha boiler union men of the machinist and boiler-maker crafts. These members

ANAEMOTROPY.

Do You Recognize It?
When land is used and not fertilized it soon becomes worked out and the crops will be poor and small. So when the poor soil selected for the use of the body runs down and the blood becomes impoverished.

Physicians call it Anaemotropy. It may show itself in the form of rheumatism, dyspepsia and bowel troubles, general weakness, fainting spells, or other ways, all accompanied by nervousness.

COUPLING BILL PASSES

House Enacts Law to Secure Greater Safety of Railway Employees.

CURRENCY MEASURE GIVEN PREFERENCE

For Remainder of Session Conference Reports, Appropriations and Other Privileged Matters Can Alone Elbow Fowler Proposal Out.

ROUTINE HOUSE PROCEEDINGS

Gregg Bill to Raise Standard of County Superintendents Makes Progress.

WASHINGTON, Feb. 16.—The house disposed of a number of bills today under suspension of the rules, defeating two of them, but passing the other two. The senate bill to amend the railroad safety appliance law, a special order was adopted which practically will make the Fowler currency bill a continuing order for the remainder of the session, though it will not interfere with conference reports, appropriation bills and other privileged matters.

Paine's Celery Compound

The Great Nerve Builder and Blood Purifier.

A Remarkable Restoration to Health After Failures of Physicians.

Fully half of the indolent, weakly, and sick people around us are victims of nerve troubles and unhealthy blood. They seem to forget one important fact, "that the nerves bring on insomnia, dyspepsia, headache, and other troubles. It is now an accepted truth that upon the action of the nerves depends health and happiness. Diseased and flabby nerves bring on insomnia, dyspepsia, headache, prostration, irritability and lassitude; these in due course cause more serious illness. Paine's Celery Compound is the only medicine that can bestow a full and lasting measure of health to men and women who suffer from nerve and blood troubles. This wonderful agent feeds, nourishes and strengthens all the nerve centers, purifies and enriches the blood, tones the stomach, and invigorates the entire nervous system. Miss Mary Dahl, Kichville, Mich., writes thus:

"Two years I have suffered with dyspepsia, debilitated nervous system, and palpitation of the heart. I had an awful bad feeling in my stomach, and a bad taste in my mouth. I tried three different physicians but could gain no relief from any of them. At last I heard of Paine's Celery Compound, used it, and saw my restoration to health in my use of that grand medicine. I only took four bottles, and it cured me."

DIAMOND DYES
These dyes color any kind of cloth any color. Any amount can be dyed a single color. Rich color and cut over for the boy's suit. Directions book and 4 dyed samples free.
