

\$10,000 DONATED TO HYPNOTISM.

Dr. X. La Motte Sage, a Noted Scientist, Donates \$10,000 to Be Used for the Publication and Free Distribution of a Valuable Work on Personal Magnetism and Hypnotic Influence.

Wants to Demonstrate the Practical Value and Power of This New Science in Business, in Society, in the Home, in Politics, in Love, in Diseases and as a Factor in Influencing and Swaying the Minds of People.

Prominent Business and Professional Men, Ministers of the Gospel and Others Heartily Indorse the Movement—A Noted College Undertakes the Work of Free Distribution.

Any One May Get a Book Absolutely Free So Long as the Edition Lasts and Plaster the Hidden Mysteries of This Marvelous Power at His Own Home—Many Jealously Guarded Secrets Made Public.

Carnegie is giving away his fortune for libraries. Dr. X. La Motte Sage purposes to put the most useful book in all libraries, free of charge, right into the hands of the people. For this purpose he has just donated \$10,000, and a big publishing house is busy day and night turning out the books for free distribution. The book Dr. Sage wishes to distribute free of charge is entitled "The Philosophy of Personal Influence." It is heartily endorsed by the ablest business men, ministers, doctors and lawyers of two continents. It is beautifully illustrated with the finest half-tone engravings, and every page is brimful of intensely interesting and practical information. It is a book which should be in every home. It is by far the most remarkable work of the kind that has ever been written and it has truly created a sensation in the book world.

It explains numerous instances in which people have been secretly and instantaneously controlled by hypnotic influence. It tells you how to learn to protect yourself from the use of hypnotic power over you. It tells you how to learn to develop and use your magnetic power so as to wield a wonderful influence over those with whom you come in contact.

Men like Vanderbilt, Morgan, Rockefeller and other millionaires have studied the very methods explained in this book and have used them in their business to pile up millions. This book lays bare secrets in the lives of rich men of which you have never dreamed. It reveals all the hidden mysteries of personal magnetism, hypnotism, magnetic healing, etc., and discloses the real source of power and influence in every walk of life. It contains secret information of inestimable value to every person who wants to succeed in life. Many of the most prominent public men in this country have obtained this book and read every line, and they are daily using its teachings to their own profit and gain.

It explains to you the power by which you may cure yourself and others of all diseases and bad habits without the aid of drugs or medicines. It tells of a secret, instantaneous method by which you may produce a state of insensibility to pain in any part of the body, and in your community may be extracted and surgical operations performed without the use of cocaine, ether or anaesthetics of any kind.

It tells you how to learn to induce sleep in yourself or others at any time of the day or night that you may desire. It tells you a subtle power by which you can develop your mental faculties, improve your memory, eradicate disagreeable tempers and habits in children, strengthen your will power and rise to a position of prominence in your community. It will truly make you a leader of men.

If you have not achieved the success to which your abilities and talents justly entitle you, if you would like to secure a good paying position, obtain an increase in salary, if you care to rise higher, your accepted business or calling, if you desire to wield a greater influence over others, if you care to win the love or

friendship of some one you know, or if you long for fame or renown, you should write for a copy of this remarkable book at once.

The following extracts from a few of the letters received from some of the people who have read the book give an idea of its unusual character and great value:

Mrs. Mary Milner, 312 D street, Pueblo, Colo., in a recent letter, says: "I was so sick and worried I could not eat or sleep. I used the methods on myself with wonderful success. Today I am perfectly well. I would not part with the information you gave me for any money."

Mr. T. L. Lindenstruth, 30 East South street, Wilkesbarre, Pa., says: "Your work on personal magnetism is a fortune to anyone starting in life. It is absolutely sure to bring success."

A. J. McGinnis, 60 Ohio street, Allegheny, Pa., says: "When I wrote for your book I was laboring by the day. Now I am managing a business. This is certainly the best proof that could be offered of its great value. I advise every man who wishes to succeed in life to get a copy at once."

G. S. Lincoln, M. D., 101 Crutchfield street, Dallas, Texas, writes: "Your methods of personal influence are marvelous. I have used them on my patients with wonderful results. They cure diseases when medicine and everything else fail."

S. R. King, M. D., Gilliam, Ind., writes: "You have truly sent me the most remarkable book I have ever read. By the methods explained in your work, headache, backache, rheumatism and other diseases of long standing disappear like magic. Your instruction in personal magnetism is simply grand. It gives one a power and an influence over others which I did not dream it was possible for the average man to acquire. Your book is worth more than gold to anyone starting in life. Its value cannot be estimated. My only regret is that it was not in my hands when I was a young man."

The New York Institute of Science has undertaken the free distribution of the book referred to. Big roller presses are running day and night to supply the demand until the \$10,000 worth of books are distributed free. On account of the great expense incurred in preparing and printing this book, only those are requested to write for free copies who are especially interested and really and truly desire to achieve greater success, obtain more happiness or in some way better their condition in life. Please do not write through mere curiosity, as the free edition is limited. If you want a book write today, as the copies are going very fast. Never before in the history of the publishing business has there been such a great demand for any book as today exists for "The Philosophy of Personal Influence."

Remember, at the present time it will be sent to your address absolutely free, postage prepaid. Address New York Institute of Science, Department 235 L, Rochester, N. Y.

PECULIAR INSURANCE CASE

Court May Be Asked to Say Whether Legal Hanging is an Accident.

Iowa College Men Are Not Pleased with the Manner in Which Rhodes Scholarship Commission is Organized.

(From a Staff Correspondent.)

DES MOINES, Feb. 21.—(Special.)—A question of peculiar nature, and one which the Iowa courts have not been called on to decide, will soon be raised in connection with a murder case. Harry Horton was sentenced from Cherokee county to hang and the date was fixed for March 12. It was previously understood when he confessed to the murder of his sweetheart that he would be given a penitentiary sentence only, but the judge surprised him and his friends by directing that he shall be hanged. But an appeal has been taken in the case and this cannot be submitted until the May term, so that he will not in fact be hanged in March. In the meantime his relatives insist on paying the assessments on a policy of accident insurance taken out by Horton before his crime. They claim that inasmuch as there is an appeal pending they desire to keep the policy alive so that it will be a good policy when he is cleared, if he is. An agent of the accident insurance company called on state officers today to find out the status of such a policy. It was discovered that in a recent decision the Iowa supreme court had held that where an insurance company continues to receive payments on a policy after the company is aware that the policy is invalid or was obtained by fraud and misrepresentation in some other way had become void, then the company is liable. It is claimed that if the company continues to receive payments on the accident policy up to the time Horton is hanged for his crime, if he is hanged, an effort will be made to collect the insurance. Horton is at Anamosa penitentiary and is in fact in such poor health that it is doubtful if he will live until he shall be hanged.

Money for the Mechanists.

A committee of the Union Pacific mechanists consisting of J. D. Murphy and G. E. Norman has made a thorough canvass of Des Moines and secured contributions said to aggregate between \$500 and \$600 for the benefit of the striking mechanists at Omaha and elsewhere. The local union men had but recently finished the long telephone strike, which cost them over \$7,000, but despite this contributed freely to the strike fund of the mechanists. It is understood that the committee will visit a number of other cities of Iowa, raising funds for the strikers.

Rhodes Scholarship Troubles.

There is considerable feeling among the young educators of the state over the manner in which the committee on Rhodes scholarships was selected for Iowa. It had been given out that the matter would not be disposed of now. The meeting was held in Chicago and only a few of the Iowa colleges were represented. At this meeting the committee was named, at the head of which is the president of the State university, and four heads of denominational colleges in the state. The Iowa state college and the State Normal school were both ignored, and the friends of these institutions claim they were entitled to as great recognition as the denominational schools of the state. As a result there is much dissatisfaction over the situation.

LAW SUIT ENDS IN MURDER

Tragedy is the Outgrowth of Old Feud and Litigation at Lorimer, Iowa.

LORIMER, Ia., Feb. 21.—(Special Telegram.)—J. E. Knight, aged 45, and an old resident of this place, was shot and instantly killed last night by S. E. Wilson, also of this city.

The shooting occurred in Edwards' store and was the result of a quarrel and suit in a justice court a few months ago. The suit was lost by Knight and he is alleged to have threatened the life of Wilson.

When the men met in the store the quarrel began. Knight is said to have advanced toward Wilson with a knife and the latter opened fire. Three shots were fired, but the first proved fatal. Wilson was arrested. There was but one witness to the shooting, a clerk in the store.

VERDICT IS NOT GUILTY

Woman Accused of Murdering Her Husband is Acquitted by the Jury.

DES MOINES, Feb. 21.—The jury in the Krebbs murder case at Centerville returned a verdict late this afternoon exonerating the defendant, Mrs. Krebbs, who was charged with shooting her husband in cold blood because he awakened her by throwing water upon her.

Public sympathy was with Mrs. Krebbs, who testified that she did not do it due to this incident, but to a quarrel over her prospective divorce, sought on the grounds of criminal assaults by her husband on her stepdaughter. She claimed self-defense.

Exodus to Minnesota.

DIKE, Ia., Feb. 21.—(Special.)—The exodus of farmers from Grundy county this year for Minnesota bids fair to exceed that of last season. Six farmers who have disclaimed here and left are now in Minnesota, and leave next week for Travis county, Minnesota, part of them going to Wheaton and part to Kenta. The farmers are: L. P. Christopherson, Louis Jewell, Van De Preles, S. Weisman, John Hughes and C. P. Harum.

Protest Against Lee Statue.

OSKALOOSA, Ia., Feb. 21.—(Special.)—Phil Kearney post, Grand Army of the Republic, of this city has passed resolutions vigorously opposing the erecting of a statue of Robert E. Lee in the capitol at Washington. The post calls Lee a deliberate traitor to his country and says it would be just as appropriate to put a statue of Benedict Arnold in the capitol as one of Lee.

Student Who Stole Drinks Acid.

CEDAR FALLS, Ia., Feb. 21.—(Special Telegram.)—Earl Mendehall, a student of the State Normal, committed suicide today in the presence of two students by taking carbolic acid. He had confessed to stealing \$20 from his roommate and had paid a fine before the mayor. Remorse was the cause.

Switchman Mangled by Train.

MARSHALLTOWN, Ia., Feb. 21.—(Special Telegram.)—W. G. Clark, switchman, was struck by a Northwestern fast mail in the yards here this morning and so badly mangled that he will die. His home is in Hampton, Ia.

Evidence in Hossack Case In.

WINTERSET, Ia., Feb. 21.—The evidence in the Hossack case is all in. When court convened this morning Mrs. Hossack was

not recalled. The defense then announced that it had finished its case. The state called several witnesses in rebuttal, wishing to cover testimony regarding the dog, the ax and other minor matters. Most of this testimony was ruled out for the reason that it had not been covered in the direct examination. Upon the completion of the evidence Judge Nichols announced that the arguments would not be heard until Monday 1:30 o'clock. Court thereupon adjourned until that time.

SAYS IT WAS IN SELF DEFENSE

Grand Jury Falls to Indict Bankie Flygstad for Beating His Father's Brains Out.

WEBSTER CITY, Ia., Feb. 21.—(Special Telegram.)—The grand jury today failed to return an indictment against Bankie Flygstad, the 14-year-old boy who killed his father with an iron rod by beating his brains out on February 10. The boy committed the awful deed in self-defense, says the jury.

Gets a Light Sentence.

KNOXVILLE, Ia., Feb. 21.—John Strens, charged with the crime of assaulting his 13-year-old daughter, was this morning convicted and sentenced to four years in the Anamosa penitentiary. Strens has been confined in the county jail here for two weeks and in that time he made three attempts to commit suicide. One time Strens tried to strangle himself with one of his shoelaces; the second time he tried hanging himself and the third attempt was made by beating his head violently against the sides of the iron bunk in a futile attempt to dash out his brains. Strens was finally gagged and strapped to his bunk in order to prevent further attempts at self-destruction.

LEGISLATORS ARE AT HOME

Pierre is Described by Members of House and Senate and Little Business is Transacted.

PIERRE, S. D., Feb. 21.—(Special Telegram.)—Both houses today carried motions for adjournment over Monday and a number of members left on the first train for home. Not enough were left for the transaction of business and only short sessions were held. In the house Egge attempted to secure reversal of an unfavorable committee report on the twine plant at the penitentiary, but failed, and that proposition is dead for this session. Resolutions asking for an amendment to the national constitution for direct vote for senators was introduced in the house by Gross of Potter and the matter of resubmitting to the people of Meade and Pennington counties the change of boundary came up again, having been passed at the last session, but not carried by the people of the counties.

The senate warmed up a little on the attempt of Close to force the judiciary committee to report not later than Tuesday on the liquor license bill, but his action met the opposition of Leaven, Pringle, Dillon and Bottom, which was evident that any attempt to force action would meet with defeat and kill the bill, and the committee was left to report at its leisure. Bills were introduced in the senate regulating corporations and the location of mining claims.

Extradition for John Barkel.

PIERRE, S. D., Feb. 21.—(Special Telegram.)—Governor Herreid today granted extradition papers to Sheriff McDonald of Morton county, North Dakota, for John Barkel, wanted on a charge of grand larceny.

Sheriff Laughlin of this county is on his way back from Texas with Israel Trumbo, wanted on a charge of kidnapping, he having secured possession of two children given to the custody of his divorced wife and taking them to Houston, Tex., where he was apprehended. Under the law of two years ago this is a penal offense in this state.

Board of Pardons to Meet.

PIERRE, S. D., Feb. 21.—(Special Telegram.)—The State Board of Pardons will hold a meeting Thursday next, when eight cases will be up for consideration of the board, several of them being in the Kingsbury county "Whitcap" cases.

GENERAL WHEATON IS BETTER

He Passes Through the Critical Stage of Pneumonia and Will Recover.

SAN FRANCISCO, Feb. 21.—Major General Lloyd Wheaton, U. S. A., who was recently retired, has been very ill at a hotel here during the last few days. The general, accompanied by his wife, arrived from the east about ten days ago in poor health as the result of his Philippine campaign. On Monday a severe cold, which he had contracted in the east, developed into an attack of pneumonia and his temperature rose rapidly to a point where, in his weakened condition, it was feared he would be stricken with pneumonia.

For a short time his condition was regarded as very serious, but it is now believed he has passed the critical stage, and will recover. He is 65 years old.

NEW CLAIMANT FOR ESTATE

Relative of Richard Tighe, Recent New York Millionaire, Turns Up in Iowa.

NEW YORK, Feb. 21.—A new claimant has spoken for a part of the estate of Richard Tighe, the eccentric old millionaire who died in 1897. Nearly three years ago the courts divided the estate among about two dozen heirs.

City Chamberlain Dr. E. R. L. Gould received a letter from David Barr Thorpe, Delaware county, Iowa, asking for information concerning the death of Tighe and the disposition of his property. "He was a relative of my mother," said Barr, in his letter.

The chamberlain has provided all the information at hand and referred Barr to the executor of the estate.

BOERS SETTLE IN AMERICA

South African Dutch Buy Big Tract of Utah Land While Touring Country.

OGDEN, Utah, Feb. 21.—George E. Owens, ticket agent of the Lackawanna at New York City is in Ogden today to meet a delegation of Boers on their way east over the Southern Pacific.

Mr. Owens says these Boers will make a tour of the United States as the guests of the various railroads and will reach here on Monday. The Southern Pacific has sold them a large tract of land for settlement within 100 miles of Ogden. It is understood that this land lies in the Bear river valley to the northwest of this city.
