Dr. Clapp Bestows Righ Praise on the Young Men Who Did the Indoor Feats So Well.

Another milestone in university track work was marked last Monday afternoon by broke four records of the school and gives prospects for an exceptionally strong team the schedule, in every one of which the coma list of interesting as well as fast ath- | candidates. leties. The various turns were a twentyfive-yard dash, running high jump, shot put. pole vault, fence vault, running high kick, foot rope climb and basket ball game.

The greatest interest centered about the pole vault, from the fact that Dr. Clapp, the there will be se shifting, as there was a made the necessary seven points to ennew director, holds at present the record year ago, when a pitcher would hold title them to a place on the roll yet, deserving of good patronage this season to of the world in this event. And, singularly down a base half the time. Hereafter They will keep right at it till they are repay him for his firmness. enough, the most remarkable showing of the arm men will be on the beach when placed and others will follow them. the day was made at this very trick. The they are not in the box. university record was smashed completely. and "Bill" Johnson and Benedict each will be preliminary games with Omaha points, only seven being necessary for a left-hander, and Genins says be is a won cleared the bar three inches higher up than leaguers, the Nebruska Indians and Doane. place. Hamilton says be will put a star der. But, of course, you can never tell has ever been done before indoors at Nebranks 'varsity. As predicted by The Bee Highland Park. Knex. South Dakots, not a first place gold colored one, but at you get them into some company that these two men were pretty nearly equal in Bellevue. Iowa. Beloit. Notre Dame, least a third place blue one. He has made counts. Companion has been playing semitheir chances at first place in this feat. Purdue. Illinois. Washington college, at third in the standing broad jump, second The event brought them out exactly eventied at 10 feet 4 inches. Johnson was lucky ber of games will be played on the home the three standing broad jumps, first in the and won the toss, as he did again in a later grounds than last year and the trips will goal throw, first in the underswing, third the string, Moore, from McCook. I haven't

Dr. Clapp said: "It was a remarkably good Northwestern, but South Dakota and others gold star, counts three points; second, a only two of them are old and experience piece of work, and we were all surprised. Ten feet four, indoors, is as good as ten feet ten out of doors any day, and is as good as any of the stars ever do in the east." Dr. Clapp himself has never beaten 10 feet 6 inches indoors, and has never in his life lost a contest, so that the work of the Nebrasks men comes pretty close to being a superior article.

E. V. Graves made a strike on his initial appearance in track work by taking three first places in the fence vault, rope climb and running high kick. Graves has never done anything along this line until about two weeks ago, when he began to wain for Charter day, and he not only did things that none of the rest of the crowd could do, but beat the record at running high kick by toeing at 9 feet and one-half an inch. Benedict is another man who did more than the average sort, tleing for first on the pole vault and winning first place at the high jump with a mark of 5 feet 4 inches.

"This," said Dr. Clapp, "is another excep-tionally good mark for indoor work."

Mauch, Myers, Reed, Cheney, Hewitt, Johnson and Pembrook. These were sifted down from a list of some thirty in the preliminaries.

In the inter-fraternity relay potato race, which was a new and novel, though not a particularly heavy, feature, a Phi Kappa Pal team composed of Lehmer, McCullock, Reed and States beat one made up of Bender, Eager, Gore and Stain, of Sigma Alpha Epstion. These two teams were the

far the best indoor meet that a Charter a team and each man hopped eight feet. sequence every magnate in the Western day has ever seen at Nebraska. Interest The rope climb was won by Jack Hall of league received a telegram from Chairman was aroused by the new life that track team No. 6. He climbed the 18 feet in \$1-5 Powers asking that the meeting be postathletics have received since the coming of Dr. Clapp, and by a curiosity to know whether or not Nebraska would have anything to show at the Chicago meet. One of the points against admitting the Cornhuskers into the Big Nine was that the foot ball department alone was strong and that other branches of athletics were and that other branches of athletics were up a rupe hand-over-hand. But it is not certainly to the interest of all base ball weak. It brought out the fact clearly that done that way in this regulation gym-organizations, east and west, to have this Nebraska has just as good material for the track as it has for the gridiron, or anything else, and Dr. Clapp was particularly well pleased with the results.

> BASKET BALL AT HIGH SCHOOL Teams Practice Hard and Develor Much Skill at the Stren-

> > uous Game.

The pupils of the Omaha High school have taken a great interest in basket ball this season, and as a result there have twenty-two boys out trying to make the

Ben Cherrington, who also plays left forward. He is an old man at the game and makes a very good coach. Under his train ing the team has advanced very rapidly. ters to an amicable settlement there as Most of the candidates for the team at This was attempted by wire, but the beginning of the senson were new men at the game. To make a good team out of such raw material as this meant a great deal of training and hard work. Captain Cherrington realized this and soon had the men hard at work. They practiced four nights a week, three nights in the High school gymnasium and once at the Young Men's Christian association. The result of this work and careful training was to produce the best team that the High school has ever had. Captain Cherrington himself, who has played on the team for the last three years, says that this team is the strongest and fastest that they have had since he has been in the

> High school. Little has been said about the team up to this time, for it has not had any big games yet. But beginning next Friday it commences a series of games with other high school teams in the state. Next Friday evening, Pebruary 27, it plays the Lincoln High school team in Germania hall of this city. This promises to be one of the fastest interscholastic games of ball ever played in Omahs, and lovers of the sport should not miss it.

Both teams are in the prime of condition The Lincoln team is very fast, having on it four members of last year's team, which tied the University of Nebraska. Omaha boys are used to speed, as they have practiced a great deal against the Young Men's Christian association team, and will probably be able to keep up with the fast Lincoln boys.

The members of the Omaha team are Cherrington, left forward; Laubach, right forward: A. Meyer, center: Clarence Walsh. left guard; Patterson and Goodman, right guard. In addition each class in the High school is represented with a team. The sophomores and freshmen have boys' teams, while the juniors and seniors are represented by teams of girls. At the game next Priday night these class teams will

# THE BLOOD The MAINSPRING 9 HEALTH

The most wonderful part of our being is the blood. It is the fountain of life, the vital life-sustaining fluid, containing everything needful for the growth and development of the body, and as it circulates through the system carries material for the making of bone and muscle and nourishment for the nerves and tissues. Every atom of the body is dependent upon the blood for its existence. The bones would decay,

The Best Blood Purifier, Tonic and Appetizer.

to the lot of suffering mortals, but am exceed-

ingly giad to inform you that I am now as sound as a dollar, not a vestige or sign of the disease remains. Four bottles of S. S. S. drove

it out of my system and I believe effected a per-manent cure. I shall continue to take S. S. B.

for some time in decreased doses because I con-

sider it a great blood purifier, toste and appetirer. Yours truly, N. A. RAWDELL.
3125 Hast roth street, Indianapolis, Ind.

Unfitted for Work.

Gentlemen: For over two years I suffered greatly from impure blood, causing me to feel debilitated and unfit for work, had no appetite and could get no relief from doctors or medi-

cines of any kind, until finally I was persuaded

to try S. S. S. I soon noticed a change in my

health for the better, I continued its use, and at

the end of three months was completely well

and my appetite has been good ever since, and

I now weigh 250 pounds,
I consider S. S. S. the best blood medicine to

6ro S. Market st., Nashville, Tenn.

Yours truly,

R. SIDEBOTTOM.

be found anywhere.

I had about as severe a case of Eczema as falls

muscles shrink and the skin become parched and shriveled but for the nutriment they draw from the blood, and so long as it remains uncontaminated and pure we are fortified against disease and health is assured. But the blood is constantly exposed to poisonous elements from a thousand sources; we come in contact with infectious diseases almost every day; we breathe into our lungs the germs of Malaria; the water we drink is teeming with millions of microbes, the dust of the streets is filled with bacteria, and when these gain access to the blood are distributed to all parts of the system and the blood becomes a carrier of disease instead of health. Deadly poisons are generated within the body itself, which pollute and vitiate the blood, from which serious and often fatal maladies result.

There is scarcely a disease that cannot be traced to a bad condition of the blood. Rheumatism, Scrofula, Catarrh, Eczema, Tetter, Acne, Contagious Blood Poison and many other equally as distressing ailments are due to a depraved condition of the blood, for which there is no cure except through the purification of the entire blood system. Sores and skin eruptions of the most frightful character, ugly splotches upon the skin, blackheads, pimples and the red disfiguring bumps so often seen upon the face and neck are also evidences of diseased blood. The use of cosmetics, face bleaches, soaps and lotions hide

the blemishes and conceal for a time the roughness and redness of the skin, but do not reach the cause, which is hidden deep down in the blood and beyond reach of external treatment. The blood is the main spring of health, the life current that strengthens and refreshes the

body, and upon its purity depends your health and happiness. If disease has already entered and you are suffering from some malady for which an impure blood is responsible, a blood purifier and tonic is what you need, and none is so good as S. S. S., which for nearly fifty years

has been recognized as the standard remedy in all blood and skin diseases. It is guaranteed purely vegetable and can be taken by old and young without fear of any harmful after-effects. S. S. S. is a perfect blood medicine; it destroys and eradicates germs and poisons of every description and restores to the weak and innutritious blood its lost properties, makes it rich and strong again, and under the vitalizing effects of good blood the system rallies, the exhausted and diseased body is

regenerated and the patient enjoys again the blessings of perfect health. If you have Rheumatism, Scrofula, a Sore or Ulcer, Catarrh, Eczema, Tetter, Acne, Contagious Blood Poison, or blood trouble of any kind, write us and our physicians will advise you without charge. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

### THIRTEEN DOCTORS FAILED

Mr. M. Applegarth, of Cuba, Kansas, Treated for Kidney and Liver Troubles for Past Ten Years.

Some Sime Ago He Tried Cramer's Kidney and Liver Cure and Found Great Relief From the Very First Bottle.

His Pain Has Left Him Entirely---High Words of Praise for the Famous Cramer Cure.
