Machinists Talkof Pulling Out Their Men on Western Road.

PRESIDENT O'CONNELL COMING TO OMAHA

Report that Southern Pacific Has Been Working Men Overtime and Has Discharged Those Who Refused.

James O'Connell, president of the International Association of Machinists, is coming to Omaha at once and there is every prospect that after a long surcease of activity there will be something doing in the Union Pacific strike. Mr. O'Connell is coming in response to an urgent telegraphic request from Vice President Tom Wilson, sent Tuesday, and he has wired that he will leave Washington Saturday. That will bring him to Omaha Monday or Tuesday.

The proposition is to pull out the machinists along the Southern Pacific. This on Sundays, to minors and with the screens has never been considered before during the up, all three of which objections are covprogress of the strike. The boiler makers ered by the Slocumb law. This year he prohave openly agitated taking out their tested against when Charles Metz applied Southern Pacific men, but the machinists for the license. The present board ignored have not made such plans before. But his protest altogether. We went into dissince all efforts to have the fifteen South- trict court and secured from Judge Estelle ern Pacific engines in the service of the a writ of mandamus compelling the board Union Pacific removed have proved fruit- to reconvene, revoke the Mets license and less the extension of the strike has been grant a hearing on the protest, but the contemplated.

Mr. Wilson has been gathering data on the attitude and condition of the men on the western road and he now has the matter all ready to lay before President O'Connell. The Southern Pacific, half anticipating a strike because of the many reports saloon may continue in operation. that it was to be extended, has been for months working its men overtime, night and day, so as to get the motive power in the best possible condition.

Basis for a Strike.

Two weeks ago Wilson succeeded in getting the overtime stopped, save for running repairs. Since then a few men have been discharged for refusing to work overtime. That furnishes the basis for a strike, relieving it of all sympathetic elements.

Machinists at headquarters here say that from information received yesterday in response to queries there are 150 machinists at Sacramento, all ready to go out, fortynine at Wadsworth in the same state of ing. At the latter place there are three nonunion men. All the others are union. Reports from the other Southern Pacific points are being gathered. .

When Mr. O'Connell comes he will be given this information, the situation will be explained and he will then be asked to present the matter to the executive board to whom she was married in Council Bluffs did not think it part of his duty and as for a vote. This body refusing to call out the men, Wilson says the strikers here may Judge Dickinson a restraining order, rehave to do it on their own responsibility. as it is the only effective course left to them. Wilson says they are now financially fixed to take the matter through on both

The Courage of Our Soldiers,

recent report from the Philippine Islands a high paid to the courage and kindness of our soldiers in military operations. There is also great tribute paid to the famous Hostetter's Stomach Bitters by thousands of grateful people who owe their good health to its use. If you are a sufferer from heartburn, indigestion, dyspepsia, insomnia, constipation, bilousness or malaria, try a bottle of the Bitters today. It will prove the first step towards good health.

to Advisory Beard for Condemnation.

Adopting preliminary measures toward condemning a number of buildings both in and out of the fire limits which the building inspector declares old and dilapidated was the only important business transacted by the Advisory board yesterday afternoon. Notice will be served on the agents and owners of the following property to appear within the next two weeks and show cause why the buildings should not be re-

A NEW DEPARTURE.

A New, Effectual and Convenient Cure for Catarrh.

Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure. The old practice of snuffing salt water through the nose would often relieve, and the washes, douches, powders and inhalers in common use are very little, if any, better

than the old fashioned salt water douche. The use of inhalers and the application of salves, washes and powders to the nose and threat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it can not be cured by local treatment any more than they can

To cure catarrh whether in the head. throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system. and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

Wm. Zimmerman of St. Joseph relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected. but as I was able to keep up and do a day's work I let it run along until my bearing began to fail me and then I realised that I must get rid of catarrh or lose my position, as I was clerk and my hearing was absolutely necessary.

Some of my friends recommended an inhaler, another a catarrh salve, but they were no good in my case, nor was anything else until I beard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh, although I had

suffered nearly all my life from it. They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I can not say enough in favor of Stuart's Catarrh Tablets."

THREATEN SOUTHERN PACIFIC TO ENFORCE THE SLOCUMB LAW

Lawyer Martin Sotifies Police Board that He Will Apply for a Writ.

Wednesday afternoon, just before Police commissioners and the chief of police by George C. Martin of the intention of John D. MacRae to apply to the supreme court of Nebraska for a peremptory wr.t of mandamus to compel the enforcement of the Slocumb law to the letter in Omaha. The application will be made on Tuesday, March 3

John D. MacRae, the relator, is a traveling man in the employ of Parlin, Orendorf & Martin. He owns his residence at \$10 of a license for the operation of the saloon at 2705 Leavenworth street. Attorney

Martin waid: "Mr. MacRae has protested to the Board of Pire and Police Commissioners for several years without avail. He is a temperance man and objects to the salcon selling effect of this was temporarily annulled by the judge's allowing Metz to file a supersedeas bond and carry the case up to the supreme court on error. Probably it will

"This exasperated Mr. MacRae into takmandamus.

Seaman, Columbus; Harry S. Eaton, Wood River; Cilver Mead, Wood River; E. A. Hemsworth, Lincoln.

Theodore M. Batchelor has secured from Judge Baxter a restraining order returnable February R, preventing William Hoffman from exercising any proprietary right in the saloon at 252 N street, South Omaha, and from intertering with the plaintiff and his employes in the operation of the business. Batchelor alleges that he bought the saloon of Sinddard & Scoti for 1550 and engaged Hoffman as day bartender, but that Hoffman now fraudulently claims half-interest and is hiring "firing" and otherwise attempting to run the place.

AFFAIRS AT SOUTH OMAHA

Paving of Block of M Street is Being Talkad Of

clock, notice was served on the Fire and | WORKMAN TEMPLE NEEDS GOOD APPROACH

Such is the Argument of Those Who Favor Laying Vitrified Brick from Twenty-Fourth Street West.

Now that the Workmen temple at Twenty-fifth and M streets is nearing completion, the members of the building commit-South Twenty-seventh street and has been tee having in charge the construction of a frequent protestant against the issuing the temple are turning their attention to the condition of M street between Twentyfourth and Twenty-fifth streets. It is proposed now to endeavor to secure the paving of this street from the west line of Twentyfourth street to the east line of Twentyfifth street. Several times in the past an effort has been made to secure the signatures of enough property owners to pave this one block, but there always has been some hitch. Now that the largest hall in South Omaha is soon to be opened, it is considered no more than right that a paved street should lead to it. One difficulty is the government building at Twenty-fourth and M. streets. The government has declined to pay the expense of paving any portion of M street, and so the cost will fall upon the city. At a rough estimate, this block can be paved with vitrified brick for \$7,000. The cost of paving on the south be six months or more before the court side of the postoffice building would be be six months or more before the court reaches the case and in the meantime the of the property owners can be induced to sign a paving petition the council thinks ing a more salitary course. Primarily, of course, he wishing the saloon near his home to obey the Slocumb law, but he is willing the postoffice. While it is a little early to that all should be brought to time, and so talk of paving, the Workmen are pushing asks the supreme court for this writ of this project and hope to have matters in shape to present to the council by the

Another Complication.

When the South Omaha Library board met yesterday afternoon it was the intenlost if we began in district court and the tion to make a draft on Andrew Carnegie's installment of the \$50,000 donated for a library in South Omaha. Certain forms must be carried out in order to pass the agents who handle Mr. Carnegle's money When the draft was partially made out it appeared that the Library board had no treasurer. In the organization it was pretake this portion of the work, although he platform. had not been consulted. When it came to December 3, 1902, and has obtained from a bond is required he did not feel like going to the expense of paying for a bond. turnable March 6, enjoining the husband, The result was that the board adjourned without mailing the draft. An effort will noon, dispose of the saloon at 312 South Fifteenth be made today to induce one of the cashiers of the banks here to act as custodian coming.

Friends of Patrick Shea were out yesterday afternoon looking for bonds. Mr. Shea was arraigned before Judge King at A Kansas City attorney has written to Omaha seeking information about Henry Van Beigile, who is, the attorney says. "a married man of Kansas City." In county court there is a record that a Henry Van Beiggle was married the 16th of this month to Fauline Strunge of South Omaha by Fastor M. A. Adams of the Evangelical Lutheral Zion church of South Omaha. This record states that he is 34; she 25; that he lived in South Omaha and intended making it his fature home, and that Arthur Strunge ard William Wieprecht were witnesses of the ceremony.

In case bonds are furnished it is understood that the preliminary hearing set for Saturday will be continued, or else the examination will be waived. When Shea appeared in court yesterday noon with his fature home, and that Arthur Strunge and William Wieprecht were witnesses of the ceremony. raut was read to him by Captain Troutan. sign of displeasure. Later on in the afternoon Shea had the pleasure of airing him-self on the sunny side of the lity hall regent; Mrs. George W. Ogilvic, vice building while waiting for his commitment papers to be made out.

Etter Wants Hose. Chief Etter of the fire department would like to have the city officials purchase as soon as possible not less than 1,000 feet of hose and two horses for use in the department. Councilmen Broderick, Welsh and Smith, who compose the fire and water committee, are free to say that Etter will have to go without hose unless some provision is made to furnish funds. The city ouncil, it appears, does not feel inclined to go against the law and permit any bills to accumulate in any of the departments until the present overlap is taken care of in some way. There is a natural wear on hose each year which necessitates the purchase of from 600 to 1,000 feet of new hose. In addition to the bose needed now two horses are badly needed. Just now the city has no money to pay its firemen, let alone buying hose and horses. It was stated yesterday that unless relief came soon the mayor would be requested to cut down both the fire and police departments in order to

save money Want More Pavement,

A petition has been signed for the paving of Thirtieth street from Q street south to Z street. Of course the curbing and guttering goes along with the paving petition As B. Jetter owns a majority of the foot frontage, and he having signed the petition for all his lots on the street, it is more than likely that the city council will make a favorable report when the petition is presented. Jetter hopes to have this work done during the coming summer. It was stated at the city hall yesterday that in case the street was paved a number of the old shacks now standing would be tern down to make room for modern houses to who will pass finally on them. be erected for those employed near by.

Mulcahy Goes Back.

Deputy Sheriff Roach visited the city jail yesterday afternoon and when he went o Omaha he was accompanied by David Mulcahy, who recently escaped from th

asylum at Lincoln. Mulcahy appeared to be rational while confined in the city fail here but the authorities feel that he should be sent back to the anylum for further treatment. Mulcahy was a member of the police force in South Omaha when Tom Brennan was chief of police. It is understood here that illness brought on a condition of mind which forced the authorities

to send Mulcahy to the saylum for treat-Expect Hany Improvements.

All the architects in the city are busy these days with plans for dwellings and buildings to be erected this year. Some very fine residences are in contemplation, while there will be any number of cottages erected. As buildings are erected the peaple want improvements in the nature of lights and water, but these cannot be obtained until provision is made for more money for the maintenance of these two departments.
