

If you have any business with Mr. William C. Bolton, President of the Bolton Drug Co., Brooklyn, N. Y., you must elbow your way through a crowd of customers, and you will find him working at a modest little desk in the rear of the long counters.

A man who has five large stores to look after must learn to do at least two things at once, and Mr. Bolton, whom a reporter found at the store, 264 Funton Street, continued to work as he talked.

" I have been in this business long enough to see many proprietary articles rise and fall" he said. "I have never stopped to analyze the reasons for the failures. As for the successes, merit and good management account for them ; merit chiefly.

Take Cutienra Soap, Ointment and Resolvent, for example. In our stores we have handled them for years, and the sales have gone on increasing right along despite lively and persistent competition.

"There are thousands, yes, tens of thousands of people in this good borough of Brooklyn, who con them standard household articles. as thoroughly to be depended on as to-morrow's suprise.

"In my judgment, the hold of Cuticura Bemedies upon the public confidence is explainable upon one ground only ; that they really do all they are said to do.

'If they failed to cure eczemas, rashes and other torturing, disfigur-ing skin, scalp and blood humors, or if the Soap and Ointment did not possess delicate emolient properties especially fitting them for toilet

purposes, for preserving, purifying and beautifying the skin, scalp, hair and hands, the facts would have been known long ago, and Cuticura would have gone to the grave-yards of medicinal failures.

"As a matter of fact, Cuticura remedies are very much alive. Of course our salesmen do not ask questions of people who come to buy them, but from the ever growing demand I assume that the good work of Cuticura has been spread through the community by word of mouth, and with all due respect to the news-papers, that is the best advertising in the world. "Time and competition are the

hardest tests, and Cuticura has withstood them both. Mothers use the Soap and Ointment to relieve their tormented babies, whose tender skins itch aud burn with eruptions as unsightly as they are agonizing, because it is not only effective in the highest degree, but it is pure, sweet and wholesome.

"Grown up people who buy the remedies for their personal use, swear by them, I know. Cuticura Soap is the most popular of skin soaps, and its sale probably exceeds that of all other skin scaps combined. "We have sold at retail over \$5,000 worth of Cuticura Soap, Ointment and Resolvent this year, and have as yet not heard one word of

complaint. "I have no more interest in Cuticura than in other things we sell, but since you ask my opinion, I give it as freely on this subject as I would on any other." TRAIN OVER EMBANKMENT worthy of special notice is that every table is connected by long distance telephone,

Thousands Have Kidney Trouble And Do Not Even Suspect It.

Do Not Neglect Your Kidneys, Because if Kidney Trouble is Permitted to Continue, Fatal Results Are Sure to Follow.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these mest important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Did Not Know I Sad Kidney Trouble LIG NOI KIDW I TRO KIGHEY ITOUDIE Genilemen: "About 18 months ago I was estremely sick for three weeks, and when I was able to leave my bed I was left with excruciating paths in my back. My water at times looked very much like only after suffering great pain. My physical condi-tion was such that I had no strength and was all run down. The doctors said my kidneys were not affected. and while I did not know I had kidney trouble, I somehow feit certain that my kidneys were the cause of my trouble. I procured a bottle of Bwamp-Root and inside of three days commenced to get relief. I followed up that bottle with another, and at the com-pietton of this one found I was completely cured. My cure is very gratifying to me."

Mrs. H. N. Wheeler 117 High Rock St., Lynn, Mass.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints or muscles; makes your head and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow

complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste hway.

The cure for these troubles is Dr. Kli-mer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

Find Out If You Need Swamp-Root
