COUNCIL BLUFFS.

day.

CONFERENCE ON CONDUITS | first day of the convention the society will be entertained at the Elks' club.

Ordinance to Be Held Up Thirty Days Pending Answer of Companies.

GOES UP TO THE HEAD OFFICIALS bringing in a verdict of guilty at noon yes-

Copies of Ordinance and Plats of District to Be Furnished by the

City for Guidance of Companies.

The special committee, consisting of Aldermen Casper and Lovett and City Solicitor Snyder, to which was referred the general conduit ordinance, held a conferare yesterday afternoon with the representatives of the Western Union and Postal Telegraph company, the Citizens' Gas and Electric company and the motor company. As a result of the conference the committee will withhold the ordinance for thirty days to permit the local representatives of the several companies interested to submit the measure to their superior officers in order that the latter may determine definitely what they will consent to.

Copies of the ordinance and plats of the district in which the ordinance requires the wires to be placed underground are to be furnished the companies interested. The Citizens' Gas and Electric company was represented at the conference by W. H. Fritchman, the local general manager; the motor company by Superintendent Tarkington and Attorney Tinley; the Western Union by its local agent, George Nicoll, and the Postal Telegraph company by C. O. Fuller of Omaha.

FIND NO TRACE OF STRYCHNINE

Chemist Reports on Analysis of the Stomach of Barney Me-

Daniels.

The analysis of the stomach of Barney McDaniels of Macedonia, for whose alleged murder his wife, Mrs. Ella McDaniels, and Bert Livix are now being held at the county jail in this city awaiting the action of the district court grand jury, has failed to show the slightest trace of strychnine. The result of the analysis tends to disprove the statement of the accused that McDaniels took a dose of strychnine before, as they alleged, cutting his throat. The state, also as a result of the analysis, expects that counsel for the defendants will have considerable trouble in proving, as he stated he would when recently in this city, that McDaniels had purchased the poison in Henderson

The examination of the stomach of the dead man was made by Prof. A. C. Stokes of Omaha, professor of the medical department of the Nebraska State university.

In their statements before the coroner's jury Mrs. McDaniels and Livix both asserted that McDaniels was seized with convulsions shortly before his death and that when Mrs. McDaniels offered to do what she could to relieve him he said it was no use, as he had taken strychnine and nothing could prevent him dying. Shortly after making this statement, the accused said, McDaniels cut his throat and rushed from the house with the blood pouring from the wound.

With the Churches.

At St. Paul's Episcopal church this morn

Say Woods is Guilty. The second i-ial of Ben Woods, charged with picking the pocket of Neils Boysen, a Mills county farmer, at the Burlington local depot last fail, resulted in the jury terday after having been out since 3 o'clock Friday afternoon, Judge Thornell anounced that he would pass sentence Tues-

Henry Storm brought suit against the motor company in the district court yesterday for \$10,000 damages for injuries received while working on the dredge at Lake Manawa last fall. Storm was severely injured by the breaking of a cable which struck him in the chest. The motor commenced a few weeks ago, the statutory pany had filed an answer after the service of notice of the suit, in which it alleged it

had fully settled with Storm. In the reply filed with the petition yesterday Storm asserts that the motor company, at the time of the alleged settlement, agreed to also settle with his lawyers, which it failed to do, as he now alleges. The personal injury damage suit of C. E. Brewer against E. Children & Son was dismissed by stipulation, having been set-

tled out of court.

His Share in the Sullivan Robbery and Richards is Scared.

(From a Staff Correspondent) DES MOINES, Feb. 28 .- (Special.)-The office of the state commissioner of inbor statistics is unusually busy at this time on matters of the utmost importance. The work of securing reports from all of the employers of labor in the state was com-

blanks were sent out with some changes from previous years, and these went to a list of about 4,500 firms and individuals. who are required under the laws of the state to make reports. The compliation of this list was a difficult task, as no such list had ever before been prepared. Now

the reports are coming in and they are found to be more complete that ever before in many respects, and generally satisfactory. But they disclose that in many cases some of the plainest requirements of

the state laws of lowa are violated by employers and that many of those who are responsible for the comfort and health and safety of many employes are negligent. This week the commissioner commenced sending out the required notices to employers who have been delinquent, calling attention to their failures or the things that should be remedied. The largest number of these notices are going to persons who state in their reports that they have not provided fire escapes. The employers 6.850 are directed to provide fire escapes and 6,900 their attention is called to the law pro-

5,500 8,000 625 of Iowa. Many of the reports indicate a desire on the part of the employers to 400 escape responsibility for their delinquen-

cies and to shift the blame to the landlord or others, while quite a number make promises of betterment of their conditions. This work will take some time and will

attempted in Iowa. Get Pharmacy Certificates.

POLYGAMY IS NOT INVOLVED Etah Opposition to Reed Smoot Based

> on Fact that He is a Mormon.

SALT LAKE CITY, Utah, Feb. 28 .- A representative of the Ministerial association and the citizens who protested against the seating of Reed Smoot in the United States senate have sent a telegram to Senator Burrows, chairman of the senate committee on privileges and elections, deprecating the charges of polygamy filed with the committee by Rev. J. L. Leilich as tending to obscure the main issue raised against Mr. Smoot, that of being an apostle of the Mormon church.

The telegram is signed by Parley L. Williams and E. B. Critchlow, representing the citizens' committee, and Rev. W. M. Paden of the First Presbyterian church of Salt Lake, representing the Ministerial association.

This action was taken after a meeting at which the sentiment seemed unanimous that the polygamy charge should play no part in the fight against Mr. Smoot.

"We feel that polygamy is in no way the issue," said a member of the association. "The principle for which we are fighting is that, as an apostle in the Mormon church Mr. Smoot has no right to a seat in the United States senate. That he is or is not a polygamist does not play any part."

BOISE, Idaho, Feb. 28 .- The house today unanimously ordered the following telegram sent:

their attention is called to the inw pro-viding penalties for failure so to do. The next largest list of delinquents are those who have failed to provide separate re-tiring rooms where both male and female employes are at work. It is surprising to the commissioner how many there are of this class and what indifference there is manifested to ordinary sanitary regula-tions in shops and factories in the cities of lows. Deficiency Appropriation Bill.

The senate committee on appropriations oday concluded consideration of the general deficiency appropriation bill. The chairman adopted as an amendment the house bill making provision for the department of commerce and appropriating \$301,570 for the same. Other important amendments were made as follows: Giving the president authority to extend the leave of absence of Mr. Bowen; \$945,083 to pay the prize money claims of Admiral Dewey and the officers and men under him at Manila; \$50,000 for the payment of claims of confederate soldiers for horses

taken from them in violation of the terms of surrender. As reported, the bill carries a total

\$18,306,449, an increase of \$3,593,472. Cuba Rules Isle of Pines.

The president today sent to the senate a report of the secretary of war on the resolution requesting information as to the Isle of Pines. The secretary quotes from an endorsement made by the late military governor of Cuba, who says that at the date of the transfer the Isle of Pines was under the municipality of the province of Havana. The isle was transferred to the de facto government of the republic of Cuba, pending a settlement by treaty

Not Be Sent to America Until 1904. BERLIN, Feb. 28 .- Emperor William has Instructed Minister von Sternburg to inform President Roosevelt that the statue of

Frederick the Great will not be sent to the United States until the spring of 1904. The emperor's reasons, as communicated by the foreign office by Ambassador Tower, are that in view of the unfinished condition of the war college at Washington and the consequent difficulty in carrying out prop-

erly the ceremonies of unveiling the statue under the present circumstances, and as the emperor wishes to avoid an interval between the arrival of the statue in America and the public dedication, his majesty

has directed not to send it to Washington until the spring of 1904. It appears that Minister von Sternburg had a conversation with President Roose-

velt some days ago, in which the president suggested that it might be as well, owing to the disorder of the grounds and the obstruction of building material, to arrange for some later date for the unveiling than

June, as previously determined upon. TO SOLVE THE DIFFICULTY Former Leader in Dominion Parlia.

ment Talks of Alaskan Boundary Dispute.

TORONTO, Ont., Feb. 28 .- Sir Charles Tupper, former leader of the conservative party in the Dominion Parliament, in speaking of the Alaskan boundary dispute. said that he was still in favor of a proposition he had laid before Parliament as the best solution of the difficulty.

It was that Parliament should pass a measure empowering the Dominion government to construct a line of railway from Kilomot or some other northern British Columbia seaport to Dawson City, and that the Canadian Parliament should pass a law dealing with American mining in the Yukon territory similar to the law in the United States, which forbids Canadians from

mining in that country. He contended that such a law meed not be immediately put into effect, but that it should be left in the hands of the governorgeneral, which would mean that the ministry could advise what should be done with It.

Numerous Bills to Aid Philippines Put

Through, Though Tariff Reduction

Still Halts in Senate After

Passing House.

WASHINGTON, Feb. 28 .- The work of

the session which opens on Wednesday

with the expiration of the Fifty-seventh

A summary of the legislation enacted

Among the acts of this session is that

creating the Department of Commerce and

adding another cabinet officer. The bill

creating this department was introduced

by Senator Nelson, and was passed by the

senate during the last session, passing

the house during the present session, when

an amendment proposed by Mr. Nelson

was incorporated. This amendment con-

Anti-Trust Legislation.

Another important piece of legislation

enacted at this session is the anti-rebate

act, commonly known as the Eikin's law.

Another bill was passed enabling the at-

torney general to expedite suits brought

corporated in the legislative, executive

under the Sherman anti-trust law and in-

and judicial appropriation act, is a pro-

vision placing at his immediate disposal

\$500,000 to better equip him for the work.

The house also passed the Littlefield anti-trust bill, which contained a publicity

feature as well as an anti-rebate clause,

One of the first acts of this session was

Legislation of importance to the army

and navy was enacted. A general staff

corps being provided, the duties of which

are to prepare plans for the defense of

the country and for the mobilization of

the armies in times of war. This meas-

ure was proposed by the secretary of war.

The militia bill provides for the general

The naval appropriation bill, which has

passed both houses, provides for a ma-

terial increase in the personnel of the

navy and for an increase in the number

Measures of great importance to the

Philippines have been adopted at this me-

sion. An appropriation of \$63,000,000 to re-

lieve the suffering caused by the ravages

of disease among the water buffalo, upon

which the natives are almost wholly de-

pendent in the pursuit of agriculture, and

the shortage of crops due to war and other

causes. A currency system has also been

provided for the islands. Another act has

promoted the efficiency of the Philippine

constabulary and still another provides for

extradition of criminals to and from the

islands. The house passed a bill to re-

duce the Philippine tariff and the senate

has been urged by the president to com-

Much Money is Voted.

The sundry civil bill soon to become a

law makes appropriations for carrying for-

congress, is practically at an end.

esting showing.

sion are the following: Authorizing the construction of an isthmian canal, providing civil government for the Philippines. providing revenue for the Philippines, exending Chinese exclusion laws, repealing the war taxes, extending charters of nntional banks, creating a permanent census bureau, providing a system for the irrigation of the arid lands of the west.

Five of the general appropriation bills have been signed by the president, and two others, the Indian and the army, have been finally passed by both houses. With one or two exceptions, all the others have been sent to conference. Those approved are: The appropriation, the legislative, executive and judicial, the diplomatic and consular and two urgent deficiency bills. Those in conference are: The District of Columbia, the agriculture, the military academy, nostoffice, sundry civil and naval bills.

Owing to the difference between the figures in the bills as passed by the house and as amended by the senate, it is difficult at this time to give an estimate of the appropriations carried by the general bills.

Police Bringing Deserters

Back Are Pelted.

NEWPORT NEWS, Va., Feb. 28 .- Trouble on board the battleship Maine, which is lying in drydock here for repairs, culminated tonight in the shooting of one seaman by a guard of the marines. It is reported the wounded man died shortly after-

All information relative to the affair is withheld, but it is said Captain Leutze has had difficulty in maintaining discipline on board, which led to the ship being virtually isolated, outsiders being denied access to the shipyard.

Twenty-three men have deserted Maine in the last week. Three of the runaways were recaptured by the local police today. This evening a police sergeant and one policeman returned the men to the ship. The sailors refused to go on board in custody and in a fight that followed both the policemen were badly beaten. All the sailors bear scars of the battle. While the fight was in progress sailors and marines showered old eggs and decayed potatoes over the side of the ship upon the police.

EIGHTEEN CORNELL MEN DEAD

Fever Epidemic Still Unstayed, Although Water Must Now Be Boiled Under Penalty.

ITHACA, N. Y., Feb. 28 .- James Francis McEvey, of Bliss, N. Y., died of typhoid fever in Cornell infirmary tonight. He was a sophomore in the college of arts and Paul G. Wanke, a graduate sciences. student in Cornell, died today at his home in New York of typhoid fever, contracted in Ithaca. Eighteen students have now died in Ithaca or at their homes during the present epidemic. Two deaths from typhoid of citizens of Ithaca also occurred today.

Health officers' report for the last twentyfour hours show nine fresh cases and several suspicious ones. The local board of health today passed resolutions which after due publicity will make it a orime to use city water unboiled.
