THIRTEEN SENATORS RETIRE

Seven of Them Are Democrats, While Six Are Republicans

JONES OF NEVADA UNIQUE MEMBER In Thirty Years Introduces Less Than Dozen Bills, But Has Wide Influence in the Senate Chamber.

WASHINGTON, March 4.—The session of the senate today was made interesting not alone by the official proceedings on the floor of the chamber incident to the last day of a congress, but by many occurrences which were purely social in character, owing to the fact that the day marked the close of many careers in the senate. Of the senators whose terms expired when the presiding officer's gavel came down at noon, thirteen failed to secure re-election either through defeat or through their refusal to enter the contests in their various states.

Included in the number whose official presence in the chamber will no longer be noted are six republicans and seven democrats, but of the republicans two, Senator Jones of Nevada and Senator Wellington of Maryland, have in recent years each supported for a time the national candidates of the opposing party. Two other senators, Deboe of Kentucky and Pritchard of North Carolina, are southern republicans, and both are succeeded by democrats.

The remaining two republicans are Senators Mason of Illinois and Simon of Oregon. Of the seven retiring democrats, Senators Harris of Kansas, Turner of Washington and Helfield of Idaho were elected as populists and are succeeded by republicans. Senator McLaurin of South Carolina was elected as a democrat and, while still classed as such, has acted independently during the greater part of his term. The other three senators, Vest of Missouri, Jones of Arkansas and Rawlins of Utah, have from first to last been members of the republican party. Vest has risen to places of conspicuous leadership in their party.

Losses a Unique Member. In Senator Jones of Nevada the senate loses one of two men who have served in that body for thirty consecutive years, the other being Senator Allison. In Mr. Jones the senate loses one of its most popular as well as one of its most unique members. He has not made a speech since the days of the silver debate in 1893 and he has not during his entire thirty years' service introduced to exceed half a dozen bills. His influence in shaping legislation has, however, been exceeded by that of few senators and his great ability has been recognized from the beginning of his national career.

With a few exceptions during his term the personnel of the senate has changed many times over. When Mr. Jones entered the body Simon Cameron and Hannibal Hamlin were still prominent characters there. Roeocok Conkling was at his best and James G. Blaine had not yet entered the senate. General Logan, Carl Schurz, Allen G. Thurman, Oliver P. Morton, Thomas F. Bayard and John J. Ingalls were leading figures. Senator Jones has from the first been recognized as an authority on finance and his vast store of information has ever been at the command of his colleagues.

Career of Senator Vest. Senator Vest belongs to the next generation of senators. He entered the body in 1879 and has served for twenty-four years, winning a reputation for brilliancy of speech, classic learning and sharp repartee seldom exceeded in the senate. He has been in poor health for several years, but notwithstanding he has been almost constantly present and has taken an active part in going into and out of the senate chamber, he has continued to maintain his interest in the proceedings and his presence as an orator. He has made several speeches on current topics during the past session and each time that he has taken part in the proceedings he has attracted the attention of both senators and occupants of the galleries.

Senator Jones of Arkansas came to the front during the consideration of the Wilson-Gorman tariff on account of his knowledge of business details and his tact in dealing with men and he has easily held his place as a party leader since that time. He has been chairman of the democratic conference, and on this account and because of the fact that he is chairman of the democratic national committee has been regarded much of the time as the official head of the party in the senate and in the country at large.

Vacancies in Finance Committee. The retirement of Vest and the two Joneses will make three vacancies in the finance committee and also cause vacancies in many other important committees. Senator Mason is chairman of the committee on postoffice and also a member of the committee on commerce. Senator Pritchard gives up the chairmanship of the committee on patents and also a membership in a number of other important committees. Senator Rawlins' retirement will cause a democratic vacancy in the committee on foreign relations and also in the committee on the Philippines.

Senator Turner retires from the judiciary committee and the committee on commerce. Of the seven democratic senators who retire, four are succeeded by republicans and of the six republicans who go out four are succeeded by democrats. All the changes in favor of republicans are all in the northwest and three of those in favor of the democrats are in the southern or border states.

Gained Forty Pounds in Thirty Days. For several months our younger brother had been troubled with indigestion. He tried several remedies, but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. FREIGHT TRAINS COLLIDE Two Trains Seriously Injured and Ten Cars Are Smashed. ROCK SPRINGS, Wyo., March 4.—(Special Telegram.)—The third section of No. 19, the Pacific coast fast freight, crashed into the rear end of the second section at Bitter Creek at an early hour this morning. The injured cars, which were in the caboose of the second section, broken leg. John Morrissey, fireman of the third section, bruised and internal injuries. The engine was badly damaged and the caboose and ten cars of the head train were piled up in a mass of broken debris. Traffic was delayed for several hours.

BRITONS INVADE AMERICA Obtain Options on Illinois Coal Fields and May Ship Across Atlantic. NEW YORK, March 4.—A syndicate of English capitalists is seeking to acquire coal fields in the Danville district in Illinois, with the intention of shipping much coal to England. One possible result of the purchase will be the construction of another railroad from Danville to Chicago. John R. Andrews, the representative of the syndicate, admitted that he had the options, but declined to go into details.

Blood Was Poisoned.

A Happy Cure After Use of Two Bottles of

Paine's Celery Compound

The Spring System Cleanser.

Health is that natural state of the whole body in which the entire nervous system is so perfectly regulated that it can be, without undue effort, perform its almost numberless and all-important duties. The blood as it courses through the body must bear nourishment and life or poison and death. In the spring seasons thousands around us suffer from various forms of blood diseases

and many are unexpectedly cut down by death. Your blood is surely filled with waste and poisonous matters when you suffer from boils, pimples, blackheads, eczema, salt rheum, erysipelas or itch. When nerve force is low, when you suffer from insomnia, lassitude or neuralgia, be assured your blood demands purifying and cleansing. Paine's Celery Compound quickly banishes from the blood all poisons; it supplies the proper elements for enriching the vital fluid, building tissue and for the general repair of the whole system. Try its renovating and life giving virtues at once if you would be made well, strong and happy. Judge P. P. Desvernine of Havana, says: "While I was in New York I read about Paine's Celery Compound and never thought I would ever get well. I only took one bottle of that wonderful discovery and found myself with better vigor and energy."

Mr. Thos. Young, Elmora, Pa., says: "I suffered very much from blood poisoning, and after doctoring for two months with my physician and not receiving any good results, I tried Paine's Celery Compound. The use of two bottles completely cured me. All my thanks are due to Paine's Celery Compound."
