MINERS WIN MUCH

Coal Strike Commission Findings Are Foretold in Detail.

TEN PER CENT WAGE RAISE IS GRANTED

Payment by Weight When Practicable Will Also Increase Pay.

NINE-HOUR-DAY GIVEN SOME EMPLOYEES

Per Diem Men Are to Receive Same Salary for Less Work.

UNION PARTIALLY RECOGNIZED BY BOARD

Causes of Recent Dispute Are Analyzed and Blame is Largely Placed to Coal Barons' Account.

NEW YORK, March 6.—The Herald prints the following summary of the findings of the coal strike commission appointed by President Roosevelt, which it is expected, will be handed to the president within a week.

There will undoubtedly be at least a 10 per cent advance in the pay for miners to take effect from the time the miners returned to work last October. The per diem employees will not have their wages increased, but will be recommended for the same pay of a day of nine hours.

The system of pay will be regulated. Wherever practicable the operators will be required to pay by weight, instead of by the car, and elsewhere by the lineal yard. The miners will have checking representatives at their own expense. This will practically amount to a second increase in wages.

There will be indirect recognition of the union, which will come when the findings are submitted by President Roosevelt to John Mitchell, as president of the miners' union.

The causes of the strike as found by the commission will not be comforting to the coal mining companies.

The boycott will be condemned and the principle will be laid down that a miner has a right to work without molestation, even though he does not belong to the union.

The terms of the verdict are to hold good for three years, and recommendations are to be made for settlements of other questions at the end of that period.

In local disputes the operators will be advised to treat with committees of the miners and there may be a suggestion for a local board of arbitration.

TRUSTED MAN GOES WRONG

Draws Cash on Seven Thousand Dollar Check and Cannot Now Be Found.

PHILADELPHIA, March 6.—Charles T. Maloney, general superintendent of the Philadelphia Warehousing and Safety Deposit company, cashed what is said to be a forged check for \$7,000 on the Girard National on Saturday last.

The check bore the names of A. M. Bright, Treasurer of the Pennsylvania company, and William Rommel, secretary of the company. The check was made payable to "Cash," which is the customary form used by the warehousing company. It was presented in person by Maloney. At the conclusion of the meeting a director of the bank said that the \$7,000 had not been refunded to the company, although he admitted that the bank was "legally responsible for the sum."

Mr. Maloney, who lived with his wife and child at Woodbury, N. J., has not been seen either here or in Woodbury since Wednesday. On Monday he telephoned to his office that he was not well.

According to Maloney's neighbors, the furniture was taken from his home last Wednesday in a van which is under bond to the Pennsylvania company for \$10,000.

CORNELL STARTS PENSIONS

Retiring Professors Will Each Receive \$1,500 Yearly from General Fund.

ITHACA, N. Y., March 6.—Announcement was made today of a scheme to pension Cornell university professors who will be retired after attaining the age of 70. Last year of \$100,000 has been given the university for this purpose and this amount will be invested at compound interest until 1914, when it will amount to \$250,000. Each professor retired will receive an annual pension of \$1,500, three-fourths of which will be paid from the pension fund and one-fourth be contributed by the professors. It is expected, however, that professors who reach the age limit before 1914 will also receive the benefits of the pension scheme.

ROBS POOR MEN OF BEER

Tiffany Glass Company Refuses Right to Fetch Drink and Thus Causes Strike.

NEW YORK, March 6.—About 2,500 employees of Tiffany's Glass company are on strike because the daily supply of beer has been cut off by the firm.

The men say the water is unfit to drink and that three days ago the company ordered that no more beer be allowed in the place.

One of the foremen said that all day long there was a procession of beer cans to and from the saloons. The firm did not object to the men having beer at lunch, but it was not thought that a man who drank beer during working hours could do his best work.

MAKES BUDGET A SECRET

Much Mystery About that Portion Relating to Requirements of German Navy.

BERLIN, March 6.—The German Navy department made a veritable mystery out of some portions of the budget requirements, Herr Richter, chief of the department, complained in the budget committee today that the committee is situated in a fog for lump sums for the maintenance of the fleet and has not even specified the stations on which money is to be expended. He affirmed that Reichstag members have a right to have detailed information on the subject.

Admiral Secretary Von Tirpitz replied that the information supplied by the Navy department was adequate. Administrative details of some reserve vessels, the increased maintenance expenses were largely for vessels on foreign service. As a matter of fact, Germany's battleships were rather behind than in advance of the naval program.

Herr Richter again asked for a list of the ships already equipped for service and for orders of the cabinet officer directing the ships to be put into commission.

Secretary von Tirpitz declined to furnish the latter, but said he would hand Herr Richter a complete list of the ships ready for service.

The strong German force sent to east Asiatic waters, Secretary von Tirpitz explained, were assigned to that station at the request of the foreign conferences.

BIG PAY AIDS AMERICA

Drives German Goods from Market and Sends German Clerks to Competitors' Stores.

BERLIN, March 6.—Export, a trade paper devoted to extending German foreign trade, publishes a series of articles on the methods by which American goods are supplanting German goods in foreign markets. The articles consist largely of letters from Germans living in Mexico, Venezuela, Brazil and Australia.

The writers explain that German houses are being beaten because they are unwilling to guarantee agents fixed salaries, as Americans do, and also because they depend on sending out catalogues, whereas Americans keep stocks of goods in established agencies, where buyers are able to purchase as they see the goods. German agents, it is added, are largely taking service with American houses because of the better terms offered them.

Export urges the German manufacturers to abandon their "penny-wise, pound foolish" policy and give their agents decent fixed salaries so as to enable them to withstand the flattering offers of the American competitors, adding:

"This is all the more important since American status of a German sugar after September and decide that it enjoys an indirect bounty under the double allotment system, as in the case of Russia's indirect bounty.

NO BOUNTY FOR GERMAN SUGAR

Government Refuses to Copy Austria and Run Risk of Unsettling States' Action.

BERLIN, March 6.—The sugar producers of Germany want the government to introduce the Austrian system of allotting to refineries and raw factories the amount of sugar they may produce yearly.

Count von Gamman interdicted the government in the Reichstag today on what it intends to do for the sugar industry in view of Austria's action. He said Austrian sugar would enjoy an advantage in the American and British markets unless Germany adopted the allotment system.

Treasurer-Secretary von Theilmann, in announcing that the government did not approve the allotment plan, said it was highly probable that the United States customs authorities would carefully examine American sugar in the case of Austria's bounty under the double allotment system, as in the case of Russia's indirect bounty.

CASTRO SLAYS GOLDEN GOOSE

Recent Boost in Export Duties Stops More Trade than Allies' Blockade.

WILLEMSTAD, Island of Curacao, March 6.—The steamship wharfed today from Maracaibo, Venezuela, carried only one-third of its usual cargo and no coffee. The merchants of Maracaibo say they cannot pay the present export duties, which they declare more ruinous than the recent blockade.

Advises received here from revolutionary sources in Venezuela say the revolutionists have gathered their forces around Caracas, that all the eastern part of Venezuela except the city of Cumana, is held by them and that President Castro has been unable to call a session of congress because of the lack of a quorum.

BOLTING HORSE UNSEATS THUG

Bandits Rob Customs Officers in Johannesburg, Throwing Cash to Mounted Men.

JOHANNESBURG, March 6.—A desperate attempt at highway robbery in the center of Johannesburg was made today. A couple of men attacked two customs officers carrying \$25,000 to the bank and, throwing pepper in their eyes, secured the money bags, which they threw to a horseman, who galloped off.

The horseman in his flight knocked down a man, who was fatally injured. Subsequently the horse bolted, unseating its rider and enabling the police to arrest him and recover the money.

MEXICANS PRAY IN STREETS

Fall to Knees When Volcano Resumes Activity, Driving Tuxpan Citizens to Hills.

COLIMA, Mexico, March 6.—At 10 this forenoon the volcano was again in action, the eruption being the most violent yet. The people of Tuxpan are in consternation.

According to advices from that point the eruption was accompanied by showers of ash and dense clouds, darkening the sky. Some of the people have fled to neighboring hills and the people have in their fright knelt in the streets to pray.

Many houses and stores have been closed.

Pope Is Recovering

ROME, March 6.—Although the pope is not restored to his normal condition, he is better today than he was yesterday, so much so that he gave his usual audience to Cardinals Rampolla and later had a conference with the secretary of state. He has been sitting up all day and his cold has almost entirely disappeared.

ST. LOUIS, Mo., March 6.—The general officers of the Brotherhoods of Firemen and Trainmen tonight issued a manifesto addressed to their members on the Wabash.

An all-day conference was held in the Southern hotel by Grand Masters Hannahan and Morrissey of the Brotherhoods of Firemen and Trainmen with their attorneys, discussing the application for a dissolution of the injunction against the Wabash, with affidavits, will be filed tomorrow on Monday.

Union Manifesto Conciliatory. The union manifesto is as follows: The general committees of the Brotherhood of Locomotive Firemen and the Brotherhood of Railroad Trainmen reconvened at St. Louis, Mo., on Monday, the 6th inst., to consider the proposition to strike unless a settlement of the injunction against the Wabash is reached by the end of the week.

RUINED AFTER MANY YEARS

Indiana Backers Who Lost in Real Estate Deal Finally Assign to Creditors.

GREEN CASTLE, Ind., March 6.—A sensational development in business circles here in connection with the assignment of individual properties of Thomas S. Hammond and Jerome Allen, who were until last month president and cashier of the First National bank, having held the respective offices for many years.

The assignments were caused by their inability to meet a note for \$5,000 held by Alfred Hirt, the new president of the bank. Since the assignments indebtedness of the bank is \$100,000, it is believed that Hammond is either principal or co-principal, jointly or singly. The two men were in a camp of five men which lost heavily in Indianapolis real estate thirty years ago and all have now been ruined.

CONVENTION IS STAMPEDED

Seven Rival Candidates Contend for Michigan Judicial Nomination.

REPUBLICANS REAFFIRM FAITH OF PAST

Prize Roosevelt, State Courts and University, Then Fight Over Man to Head Bench, Finally Selecting Hooker.

DETROIT, Mich., March 6.—Judge Frank A. Hooker of Charlotte was tonight re-nominated for justice of the supreme court of this state for a term of ten years. The nomination followed the stormiest republican state convention held in this state since the Grand Rapids convention that nominated Governor Bliss in 1888.

Seven candidates were in the field against Judge Hooker. The convention was stamped during the sixth ballot in the interest of Judge Edward E. Kinney of Ann Arbor, but the seventh ballot gave a large majority to Judge Hooker.

For regents of the University of Michigan the convention nominated Peter W. White of Marquette and Loyal E. Knappen of Grand Rapids.

CALLS IT FROZEN COUNTRY

J. H. Lovering Writes Letter Pertaining to Immigration into Canada.

Transmissourian railroads are up in arms over the systematic canvassing of this section of the court by Douglas of Canada agents in the interests of the colonization of Alberta, Assiniboia, Manitoba and other Canadian districts. They say that men of any class, agricultural or stock raising,
