BOXER PAPERS ARE COMING

New Chinese Minister Brings Dispatches on Pending Crisis.

DEMOCRATIC SENATORS HOLD CAUCUS

Select Gorman Chairman, Name Steering Committee and Consider Filling Committee Vacancies During Called Session.

WASHINGTON, March 6.—While no advice have been received at the Chinese legation here regarding the approaching crisis in the interior of China, as a result of the renewed activity of the Boxers, it is understood the minister, Sir Liang Chen Tung, will bring to Washington important instructions bearing on the subject.

In addition to the uprising of the rebels and the increased importation of arms, the extortion practiced by the viceroys in the collection of indemnity is said to have caused the most distressing conditions in other provinces.

European advices that have reached Washington in the last few days show no evidence of weakness on the part of the powers in their demands for the payment of the indemnity in gold. This problem will be the first which the new minister will grapple with upon his arrival in Washington.

He is expected here early in April. Besides Sir Liang, there are sixty members in his party, including new charges d'affaires and secretaries for the Chinese legations in Spain, Peru and Cuba, consuls general for San Francisco and New York, and a consul and vice consul for Honolulu. Also a first secretary, Mr. Cheng, to succeed Mr. Shen, who will return to China.

Gorman Heads Democratic Caucus. The democratic senatorial caucus, which met at 11 this morning, organized by electing Senator Gorman to his old position as chairman.

He made a brief speech in assuming the chair and the conference then proceeded to other business. There were present twenty-eight of the thirty-three democratic senators.

The remaining time of the session was devoted largely to the discussion of the present situation in the senate and the necessity for democratic harmony and unity of action. There was a general feeling that the vacancies caused by the retirement of democratic senators from committees which have to deal with questions before the present called session should be filled and it was decided that the designa-

tion of the members of these committees should be made by a steering committee to be appointed by the chairman of the caucus, but that their selection should later be ratified by the caucus.

The steering committee for the past congress has numbered only seven members, but Senator Gorman requested that the number should be increased to nine, which was the number in the days of his previous chairmanship, and this increase was decided upon.

Mr. Gorman will make his selection of members of this committee in time to have a meeting tomorrow, when the question of supplying the vacancies on the regular committees of the senate will be taken up. The caucus placed in the hands of the steering committee authority to decide for the democrats whether there should be a meeting tomorrow, when the question of supplying the vacancies on the regular committees of the senate will be taken up.

There is no doubt, however, that the democratic steering committee will insist upon having some of the committees filled for the reason that the democratic party has lost quite heavily in some of the committees which are in control of the present business. They will ask, for instance, that the vacancies in the committee on foreign relations be filled. Senator Bailey retired from this committee before the adjournment of the last congress, and by unanimous consent, Senator Clark of Montana was appointed to the vacancy. It is expected that the steering committee will confirm this action, and also will name a successor to Senator Hawkins on the same committee.

It is thought necessary to have these vacancies filled immediately, as that committee will have to deal with the pending treaties. They also will ask that the democratic vacancies on the committee on inter-oceanic canals caused by the retirement from the senate of Messrs. Harris and Turner shall be filled.

It also is probable that they will ask that the places vacated by Senators Vest and Turner on the committee on commerce shall be filled before the nomination of Dr. Crum to be collector at the port of Charleston is taken up by that committee. A similar demand probably will be made in other cases in which committees have charge of nominations over which there may be controversy. The caucus was in session for almost two hours.

Later in the day the steering committee was named. It consists of Senators Gorman (Md.), Cockrell (Mo.), Martin (Va.), Bacon (Ga.), Dubois (Idaho), Money (Miss.), Blackburn (Ky.), Bailey (Tex.), and Tillman (S. C.).

Man with Wheels Has Claim. A Swede, who gave his name as Z. Berg of Providence, R. I., tried for an hour today to see the president. He was urged by

SURE MURDERER IS WOMAN

Evidence Sufficient to Warrant Making an Arrest is Lacking, However.

PARTY SUSPECTED EMPLOYS COUNSEL

In the Meantime Buffalo Police Talk of Expected Developments, but Assign No Date for Them.

BUFFALO, N. Y., March 6.—Despite the fact that the police and the officials of the district attorney's office have declared repeatedly and continue to assert that they were really certain of the identity of the person who murdered Edwin L. Burdick and that person was a woman, they still hesitate to make a decisive move.

Suggestions that might give a clue to the motive for the murder have been eagerly sought and sifted. Innumerable clues have been followed. The police say many of these have strengthened their suspicions until they are almost positive of the identity of the murderer, but material evidence is lacking. Other clues have either led to nothing or resulted in mere mystery.

The police are less communicative today and there is a widespread feeling that they are at a standstill for the present at least. In theory the police are in a position to lay their hands upon the murderer at any moment, but besides their indirect evidence that would warrant an arrest they are no nearer the solution of the mystery than they were a week ago, when the murderer was discovered.

An official in a position to know the exact situation said: "In actual evidence which would support an arrest we are as badly off as we ever were. At the same time we are morally certain who the murderer is."

"Do you expect an arrest today?" he was asked. "No, not today nor tomorrow, nor the next day."

"When do you expect an arrest?" "When facts that would convince a jury are found to substantiate our theory. We must have strong evidence when we arrest anybody, for we know that as soon as an arrest is made lawyers are standing ready to apply for a habeas corpus writ to rush us into court and make us disclose our case at the first jump."

"Does suspicion still point to a woman?" "It does. It points to one who had to meet expenses amounting to about \$100 a month without any visible means to meet them."

"Will you name her?" "We will name no names until it is written in the warrant charging the person with murder in the first degree."

Makes Sure Work. Perhaps the most interesting development in connection with the crime itself is the interview given by Dr. Marcy, in which he says that the victim's head was not only beaten to a pulp, but that the murderer carefully wrapped a quilt around the murdered man's body to smother any possible outcry. If the blows on the head

ARMY IS ON THE FRONTIER

War Preparations in Guatemala Are Being Actively Pushed by President Zelaya.

SAN FRANCISCO, March 6.—A number of coffee planters who have just arrived here from Guatemala on the steamer Colon, state that the war preparations in that country are still going on.

The entire army of Guatemala is massed on the frontier of Salvador. Every available able-bodied man is being pressed into service as a soldier.

Alexander Cousin, the father-in-law of President Zelaya of Nicaragua, was a passenger on Colon. In speaking of the situation in Nicaragua, he said:

President Zelaya is in sympathy with Sierra of Honduras and before I left two bodies of men, numbering 500 in all, were sent to join the forces of Sierra. In the trouble existing between Guatemala and Salvador, President Zelaya is in sympathy with the latter republic. He has massed his troops along the frontier in anticipation of trouble.

WASHINGTON, March 6.—The secretary of the navy has received a telegram from Rear Admiral Glass, commanding the Pacific squadron, saying that all is quiet at Amapala, Honduras, and that reports from the interior of the country indicate the success of Bonilla, the insurgent leader, and the restoration of peace shortly.

In view of the assured safety of the American interests, Admiral Glass added that his fleet would leave Amapala for Acapulco, evidently intending to return to San Francisco. The fleet consists of the flagship New York and the cruisers Boston, Marblehead and Ranger.

DEATH RECORD.

General Foster is Buried. INDIANAPOLIS, March 6.—General Robert Sanford Foster was buried at Crownhill today with military honors. The body lay in state at the capitol for two hours, and was viewed by several thousand persons. Among the honorary pall bearers were: General Lew Wallace, Admiral George Brown and General George F. McGinnis.

LARGE SUM FOR CREDITORS

Marshall Seizes Nearly a Quarter of Million Dollars Belonging to Turf Company.

ST. LOUIS, Mo., March 6.—United States Marshal Morrissey took possession of \$246,000 in cash and the offices and furniture of John J. Ryan Co., the turf investment company, this afternoon and will hold the entire amount for distribution among the creditors.

According to the agreement with Judge Adams of the United States circuit court the creditors are to get 25 per cent, and if money received from the depositors does not amount to that the company will have enough to bring the payments up to that figure or the proceedings in formal bankruptcy will continue. Creditors will be required to deposit their slips with the United States marshal and payment will probably be made by check.

INSANITY TO BE HIS DEFENSE

Many Witnesses Will Testify that Knapp Has Been Queer Since He Was a Child.

HAMILTON, O., March 6.—Alfred A. Knapp, the self-confessed murderer, was visited today by his attorneys from Cincinnati and they say they cannot get ready for the preliminary hearing this week.

There is no doubt whatever about the defense pleading insanity and the first movement will be for an inquest.

His fourth wife, parents, brother, sisters and brothers-in-law will testify that Knapp has not been right mentally since he was kicked by a colt when he was 5 years old and it is expected that neighbors of the Knapps will testify as to Knapp's queer ways.

Knapp is an indifferent in jail as ever, playing cards and reading and apparently the most cheerful of all the prisoners.

SANKEY IS SERIOUSLY ILL

Evangelist's Son Says Father Succumbed to Overwork, but May Recover.

NEW YORK, March 6.—Allan Sankey, son of Ira D. Sankey, speaking today of his father's illness said he had been ill for some time, the result of overwork. An eye disease developed and an operation was performed. On account of Mr. Sankey's weakened condition the disease did not yield readily to treatment. He is now improving, however, and hope is felt that he will ultimately recover.
