The Clarksons and Gate Citys , and with just the same number of games won as they had a week ago, so the Clarksons still have a chance for second place. They expected to make it last week, and had a wide-open opportunity, for the Omahas leat the Gate Citys three straight on the Gate City alleys. So all there vas for the Clarksons to do was to win a couple of games from the St. Charles, but this they falled, the St. Charles taking them down the line for three straight. This week will new determine that particular scrap for second place, as the Gate City and Clarkson teams meet. On the result of that contest may be said to hang the decision as to sec- ond place. Unless the Clarksons take at least two they will have little chance. Meanwhile the Nationals are only two games behind the Clarkson for third place, and there is a chance for another wrestle. The same holds with the Germans, who are but two games behind the Nationals for fourth place, and still lower down the St. Charles team is now but one game behind the Germans for fifth place. Thus a general shifting is possible. The record with the Gate Citys by taking three straight from them. Never once this season has the Gate Citys team taken a game from the leaders. It was a week of three straight almost all around. The Na- tionals took three from the Westerns and the St. Charles took three from the Clark- sons. The sole exception to the shirtout system was the Germans, who took but two from the Krug Parks. Emery still leads the individual averages, with 1812-57, a good score.
