ATHLETICS AT UNIVERSITY

Base Ball Squad is Working Out in Fine Shape Now.

COACH GORDON PLEASED WITH MATERIAL

Has Plenty of Pitchers and Catchers Under Way and Will Begin to Develop Batters at Once.

Base ball occupies the center of the stage in university athletics just now. The Townsend crowd are all hard at work in the cage under the personal supervision of Coach Eddie Gordon; the throwers are get- less, all things considered, and Dr. Clapp fing their arms into tip top shape for the toesing and the schedule for the season, with the exception of one date, is complete. The best work so far this year has been developed this week and some of the circles that they will be better another year candidates are showing up in star form. Every afternoon Eddie Gordon goes into the cage with the twirlers, two at a time, and a catcher, and gives them instruction in the art of putting the leather across the son has tossed accurately, Elliott has been plate. The first week's training consisted active on his feet and Hiltner and Hoar merely of the right way of throwing and " the delivery; the last week has been spent in a slow ball and the next six days will be devoted to speed, after which curves them-selves will be put into the list, "It is possible," said Gordon Friday afternoon as he stepped out of the cage, dressed in his Qmaha uniform, "that we will get out of doors next week. We are developing the pitchers first, so that they may be used on the diamond to bring out the good parts of the rest of the team. We are anxious to get at the batting, for that is always the States, Corr, Flansburg and Kanzler have weak point of a college club. The tossers all been training and show up well. Leonwill begin to throw to batters at once, and and Benedict have both been jumping thus both the stickers and the arm men will get simultaneous practice."

Several men among the candidates for the box are showing up especially well. Longanaec'ger is one of the best and has the advantage of pretty good experience at Wahoo. Ling is a little fellow who comes from pftching stock, his father before him sured at Sloux City against South Dakota; baving been good with the sphere. He has mighty good form to overcome his size perior motion who promises to make good. Gore shows up pretty well, and Morrison is which would be a great event in the history as a 'By your leave.' It was simply a rank diamond in the rough and has good mate- athletics. rial in him to be brought out. The backatop stunt is still performed in a nice way HIGH SCHOOL ATHLETES BUSY by the trio, Bender, Whitcomb and Wilson. Bender will likely be held at the plate on account of his old head at the business. Whitcomb is from Friend, a little fellow who throws well and uses his eye all the while. Wilson has a good arm and has done well at first base.

tions, there is little definite as yet, because of the lack of actual work. Townsend of the Omaha High school will be held at hopes, however, that at least five old men Germania hall on Harney street. As usual ning, Genins from Cleveland, Brown from will be in the game—Jimmie Bell, Hood, sheimer, Bender and himself. With this men, sophomores, juniors and seniors viebunch and the new stock that is at hand ing for the supremacy. But an important in the way of Mickle, Wright, Stein, a pair foreign feature has been secured for this of Johnsons and Ramsey, there is no reason why the team need lack for victories. The first squad will be made up of about twenty will be the biggest event of the evening, fellows and the scrubs will play around in although its result can in no way count in the mornings and until 3 o'clock every aft- the final standing of the contesting classes eracon. A man will be pushed up as fast as he shows good stuff to be developed,

The schedule is complete with the excep- ball tournament, a girls' basket ball gamtion of a date for May 7. This was to have between freshmen and sophomores and athgone to Beloit, but has been cut out be- letic contests as follows: High dive, wrestcause the foreigners had too many heavy ling, hand walking, relay race, tug-of-war. games right around that day. The trip will Each event will be participated in by repconsist of a two weeks' jaunt and, as given resentatives from each of the four classes. Park at Des Moines, May 2: Iowa City, May second place 3 and third place 1 point. BASE BALL IN SPRING TIME has been new and had little training. But they made a creditable showing, neverthe Manager Rourke Unburdens Himself may feel proud of the season's work. The in Regard to a Very Apparent

Injustice.

"Right now, before the season begins, said Manager William Rourke of the thrower and did wonders with the Gophers Omaha base ball team yesterday, "I want to say a word in regard to my losing Brown, Owen and Stone at the close of last season. At that time there were a great many people who accused me of selling those players to the big league teams that took place. In fact, almost everybody interested in base ball made that assertion. training indoors for individual events. Par- And I still hear people saying the same ticularly the pole vault, long distance running and jumping have been given the me for a long time, and I want to answer prominent place. Dr. Clapp has divided the it now and say a word in my own defense. candidates into squads and more systematic "In the first place, I did not sell a work is possible. At the pole vault a new single one of them. They were simply man-Lehmer-has been coming up, and taken away from me, bought over my head. "Bill" Johnson, the colored boy, and Bene-I raised their salaries more than I could dict are still at the top. For running, afford in order to hold them, but I could not compete with the prices the big teams offered them. No man in his senses would expect me to enter into a salary contest some and promise to do more of it. Benewith one of those teams and win out. I diet is the best all around athlete in the offered Stone \$2,000 to stay. Boston took school and is good at pretty nearly every-him for \$2,800. I offered Owen \$1,800. thing going. Burg and Manning have not Chicago White Stockings took him for yet gone into training, but are needed in \$2,700. I offered Brown \$1,800. St. Louis National league team took him for \$3,000, the highest salary of the bunch.

"No one on the outside, even one keenly interested in base ball and in the Omaha team, could have been as sore about this and a third at Crete in the way of a state as I was. I spent time and money dewith. Chase is a great big man with a su- tournament. It is also possible that a meet | veloping these players, and then didn't get Preparations for the Class Contest at they wanted. Now that they've got them all, they want peace again. There are several phases to that peace proposition and I've just exposed one of them to you.

"In the meantime, while these big league me a cent or a chance, what do I do? I play the Young Women's Christian asso to the test on the night of Friday, March Terre Haute, Fleming from Hartford, Kansas City. And that isn't all of them.
Almost every man on my team cost me money. But I suppose there is no use drawing the comparison and howling about the injustice of it. We've got peace again now. I merely wanted to make it strong that I didn't sell these men, that they

> "My team remains the same. I still have the two trades for pitchers in yiew, but haven't either fixed up yet. I expect to trade Alloway for Shafstal with Peoria all right, although I understand now that Alloway refuses to go to Peoria. He'll probably change his mind. Shafstal is the big, rangy fellow who pitched all season with Peoria last year. He is a right-hander and a fine fielding pitcher as well as being a good hitting fellow for a box man. Then I still expect to bring to a head my trade of Whistler for Hopkins, or possibly for Bruner, with Montgomery, Ala. All this will mean eight pitchers for me to go on, and I certainly ought to get a bunch of good ones out of that.

"I started work on my grounds last Thursday, and they will be done in ample ing: Seniors, Hugh Wallace; juniors, Dick time. I'll build fifty feet of new grandstand, and also steady the old portion of the stand by putting stone foundations under all the main posts. This will be of the Omaha-Sioux City basket ball game. quite a job, as all the posts must be jacked A few weeks ago the Omaha boys went to up to get the foundation in under. There Sioux City and were vanquished by this are thirty-two of them to be so based, eight

"President Sexton now wants to do away with the spring meeting of the Western league. He wired me asking me what I thought about cutting it out. You see, there's really nothing to do but adopt a schedule and a ball. Meanwhile Sexton and Hickey are fixing up their two schedules so as not to conflict. Our meeting is called for Denver. Of course there is some little expense to all of us in having the meeting, especially away out there. But This stunt consists of diving over a bar still I don't see how we can do without it, without touching it onto a mat on the floor just on account of that schedule. I never on the opposite side. The game is to clear the bar as high as possible. The diver goes saw one adopted by mail successfully yet. head foremost and lights on his hands on So I told Sexton that it was my opinion the mat. In this contest Hugh Wallace will we ought to have the meeting, but that it represent the seniors, Harry Counseman should be in one of the river towns. There's no sense in taking us all away out there. the juniors, Robert Switzler the sopho-The real right way to do would be to have both leagues meet together to adopt sched-Next will come the second half of the ules, as the American and National Omaha-Sioux City game, and following that leagues did." will be the wrestling matches. In this Fairbrother will represent the seniors, Put-

WIPING OUT THE FUR ANIMALS Trappers Have Well Nigh Exterminated the Credtures on Which They Depend.

"If trappers keep on at the gait they are going in Nebraska," said a well known dealer in hides and furs yesterday, "there will not be a fur-bearing animal left in the other odorous vegetables. the seniors. Then the winners will meet state in a comparatively few years from now. You would be surprised to know how of very brief duration. The different teams would think there wouldn't be anything safe cathartic. for them to do, and there isn't much any Lindsay and Goodman; freshmen, McAvin, state, and there is still a whole army of of catarrh.

from Nebraska, and the only one, it seems, suffering from gas in the stomach and howthat of the coyote, or prairie wolf. It is the breath, mouth and throat; I also be not the trappers only who handle this lieve the liver is greatly benefited by the

and Manhattan. This is about as good a the first round, and winners will then meet lent fox skins when dyed. Most of them go across the water from this country and Seniors-Kelley, Robertson, Fairbrother, after a little session with Leipsie dyes they ome back very respectable looking red or blue fox furs. The big old gray wolf, is pretty scarce in Nebraska new. His bidd is much more valuable, but we don't get many of them any more.

"Speaking of foxes, a very remarkable fox incident came to my notice last week A man brought me in three red foxes, and he got them within ten miles of Omaha. near Bellevue. That is most unusual. We don't see red foxes anywhere around this state any more. This man said there were play Bellevue here on March 20. Then there two dens of them to the brush along the men who went. They hardly hoped to win remain two games with Fremont and Countries of the state river down there, about a dozen foxes in

> Last Wednesday the river broke up and the huntsmen are going about behind broad smiles. They will shortly now go out after the straight flying water fowl. Shells are being loaded by the thousand and guns made ready. Dick Kimball went out to his ranch Tuesday and nearly went gun mad when he saw three big Canada geese. And they are everywhere. They will not, apparently, stick to the river this spring They are being sighted clear out in the west part of the state, and around Grand Island, and in lowa. Beyond a doubt there are a lot of water fowl flying this season.

This is the season of the round-up of the festive coyote. There is one scheduled for McCook on March 15 and another at West Point soon. Often hunters participate these for the mere joy of the shooting Last week Harry Townsend went up to Clarkson and chased wolves a while or horseback. It was snowy and he couldn't make time on their trails, but he say plenty of them close to the railroad and had flying shots with a long range revolver

GIRLS TO PLAY BASKET BALL

College Carnival Fixed Up for Lin coln, Where Several Teams Will Meet.

Nebraska girls intend to monopolize the end of next week for a few basket ball stunts of their own. On March Co there will be a memorable intercollegiate girls' carnival in the armory of the University of Nebraska at Lincoln The first girls' team of that institution with Minnesota may be held in Lincoin, a 5-cent piece for them, nor even so much will meet the Haskell Indian girls' team. This will be the first time that the red another. Sampson is a husky one with a of the school, as the men from Minneapolis outrage that the big leagues perpetrated girls have ever met white in basket ball good arm, but poor form. He is sort of a pay all sorts of attention to this type of on the smaller ones. There was no use or any other contest, although their brothsaying a word. They'd simply give you the ers have been mixing it for several sealaugh. It was simply a case of hog. When sons. The second game will be between that national agreement was abrogated the the first girls' team of Kansas university big leagues jumped in head over heels and and the second girls' team of the University gobbled up summarily all our players that of Nebraska. Both contests will be played the same night. The Nebraskans always put up a strong girls' team and they stand

to win both games. The next night, Saturday, March 21, there will be some doings in Omaha. The teams take away my players without giving Bellevue first girls' team will come in to

OUT OF THE ORDINARY.

that I didn't sell these men, that they were taken away from me and that I offered all I could afford, and more, to try and keep them.

A writer in Charities places the number of crippled children who applied for relief at the New York hospitals during the visit of Dr. Lorenz at 8,000, nearly all of whom were sent away because of the inadequacy of the hospitals for their care.

wear.

An insurance company in New York has just paid \$106,000 for a five-foot strip of land, in order to keep the windows of its building from being closed up by another structure. The phrase "free as air" is not of universal application.

Lawrence McAlpin of Philadelphia has

of universal application.

Lawrence McAipin of Philadelphia has just celebrated his 100th birthday. He was born in Ireland and laid the first rail on the Madison & Indianapolis railroad. He has had seventeen shildren. He lost track of four of them—two sons and two daughters—several years ago, but thinks they are now living in Canada.

A curious recognition of the right of women to hold public office has, with little gallantry, been made in Pike county, Pennsylvania. Porter township has so few voters that Mrs. Sarah Miller was placed on the democratic ticket for school director, there being no other available candidate, one democrat being the nominee for three local offices.

Congression of the street of Minneyes is a constraint of the second of the

one democrat being the nominee for three local offices.

Congressman Heatwole of Minnesota is a continual cause of envy among colleagues whose digestion is not of pristine vigor. The Minnesota man attacks and assimilates all sorts of incongruous feeds. The other afternoon his luncheon in the house restaurant consisted of a milk punch, a chicken sandwich, an eyster stew, a piece of custard pie and two cups of coffee.

In compliance with appeals from many patriotic citizens of Hartford, Conn., Philip Hansling, ir., superintendent of streets, consented to forego his determination to cut down "the Washington eim," opposite the Wadsworth atheneum on Main street, that city. He trimmed the overhanging limbs, which might fall during a gale and do injury to persons or property, and gave the chance to the old tree to add a few years to its history. There is a tablet on the trunk of the tree placed there by the Daughters of the American Revolution in memory of the time when Washington visited Hartford and stopped beneath the tree.

THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all. but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system Charcoal sweetens the breath after smoking and drinking or after eating onlone and

Charcoal effectually clears and improves the complexion, it whitens the teeth and many trappers there are in Nebraska. One further acts as a natural and eminently

It absorbs the injurious gases which colmore, but there was a day when there lect in the stomach and bowels; it disinwas a good deal of fur to be had in this fects the mouth and throat from the po'son

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is Stuart's Absorbent Lozenges; they are composed of the finest powdered willow charcoal and other harmless antiseptics in tablet form, or, animal brings from \$10 to \$12, but the rather, in the form of large, pleasant tasting losenges, the charcoal being mixed with

The daily use of these lozenges will soo rather plenty, but even the polecats are tell in a much improved condition of the growing scantier. We do not have half the general health, better complexion, sweeter breath and purer blood, and the brauty of it 1312 Farnam St. 'Phone 2376 They are worth from \$1 to \$1.50. There is, that no possible harm can result from are still a great number of muskrat skins their continued use, but, on the contrary,

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise "One fur in which there is lots of traffic Stuart's Absorbent Lozenges to all patients els, and to clear the complexion and purify daily use of them; they cost but twenty-five cents a box at drug stores, and although in hunters, all go for the coyote. The skins some sense a patent preparation, yet I be lieve I get more and better charcoal in "There is a great demand for coyote furs Stuart's Absorbent Losenges than in any of

THE BLOOD The MAINSPRING

The most wonderful part of our being is the blood. It is the fountain of life, the vital life-sustaining fluid, containing everything needful for the growth and development of the body, and as it circulates through the system carries material for the making of bone and muscle and nourishment for the nerves and tissues. Every atom of the body is dependent upon the blood for its existence. The bones would decay,

to the lot of suffering mortals, but am exceed-

ingly glad to inform you that I am now as

sound as a dollar, not a vestige or sign of the disease remains. Four bottles of S. S. S. drove

it out of my system and I believe effected a per

manent cure. I shall continue to take S. S. S.

for some time in decreased doses because I consider it a great blood purifier, tonic and appe-tizer. Yours truly, N. A. RANDALL. 3125 East 10th street, Indianapolis, Ind.

Gentlemen: For over two years I suffered

greatly from impure blood, causing me to feel

the end of three months was completely well

and my appetite has been good ever since, and

I now weigh 250 pounds.

I consider S. S. S. the best blood medicine to

610 S. Market st., Nashville, Tenn.

Yours truly,

R. SIDEBOTTOM.

I had about as severe a case of Eczema as falls

muscles shrink and the skin become parched and shriveled but for the nutriment they draw from the blood, and so long as it remains uncontaminated and pure we are fortified against disease and health is assured. But the blood is constantly exposed to poisonous elements from a thousand sources; we come in contact with infectious diseases almost every day; we breathe into our lungs the germs of Malaria; the water we drink is teeming with millions of microbes, the dust of the streets is filled with bacteria, and when these gain access to the blood are distributed to all parts of the system and the blood becomes

a carrier of disease instead of health. Deadly poisons are generated within the body itself, which pollute and vitiate the blood, from which serious and often fatal maladies result. debilitated and unfit for work, had no appetite and could get no relief from doctors or medi-There is scarcely a disease that cannot be traced to a bad condition of the blood. Rheumatism, Scrofula, Catarrh, cines of any kind, until finally I was persuaded to try S. S. S. I soon noticed a change in my health for the better, I continued its use, and at

Eczema, Tetter, Acne, Contagious Blood Poison and many other equally as distressing ailments are due to a depraved condition of the blood, for which there is no cure except through the purification of the entire blood system. Sores and skin eruptions of the most frightful character, ugly splotches upon the skin, blackheads, pimples and the red disfiguring bumps so often seen upon the face and neck are also evidences of diseased blood. The use of cosmetics, face bleaches, soaps and lotions hide

the blemishes and conceal for a time the roughness and redness of the skin, but do not reach the cause, which is hidden deep down in the blood and beyond reach of external treatment.

The blood is the main spring of health, the life current that strengthens and refreshes the body, and upon its purity depends your health and happiness. If disease has already entered and you are suffering from some malady for which an impure blood is responsible, a blood purifier and tonic is what you need, and none is so good as S. S. S., which for nearly fifty years

has been recognized as the standard remedy in all blood and skin diseases. It is guaranteed purely vegetable and can be taken by old and young without fear of any harmful after-effects. S. S. S. is a perfect blood medicine; it destroys and eradicates germs and poisons of every description and restores to the weak and innutritious blood its lost properties, makes it rich and strong again, and under the vitalizing effects of good blood the system rallies, the exhausted and diseased body is

regenerated and the patient enjoys again the blessings of perfect health. If you have Rheumatism, Scrofula, a Sore or Ulcer, Catarrh, Eczema, Tetter, Acne, Contagious Blood Poison, or blood trouble of any kind, write us and our physicians will advise yet.

The Physician's Institute.

Beven years ago the State of Illinois ranted to the Physicians' Institute of Chicago a harter. There was need of something above the ordinary method of treatment for hronic diseases, something more than any one specialist of any number of specialists acting independently could do, so the State itself, under he powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would nake them well and strong.

Ever since its establishment this Institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

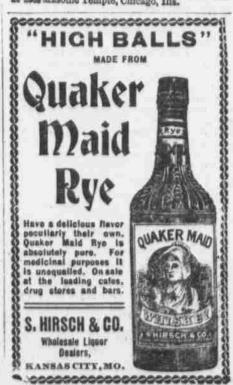

Three years ago, the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it reached that stage of perfection which warranted its present name of 'Supreme."

This balt is the most effective of all agents in the cure of rheumatism, 'umbago, iame back, nervous exhaustion, weakened or lost vital functions, varicoeele, kidney disorders and many other complaints.

This "Supreme Electric Beit" is made in one

varicocele, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—100 guage—there is no better electric belt made and no better belt can be made. Whenever in the opinion of our staff of specialists the wonderful curative and revitalizing forces of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts. It is not sent on trial, it is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write to-day for this free "Supreme Electric Belt" to the Physicians' Institute, at 1888 Masonic Temple, Chicago, Ilis.
