

CHARGE OF JURY TAMPERING

George E. Tooser Before Judge Fawcett to Explain His Action.

JUROR HEATON SAYS HE WAS APPROACHED

Heaton Informs Court that He Was Offered Ten Dollars for His "Good Will" in Case on Trial.

George E. Tooser, a bookkeeper employed by the Union Selling company, was before Judge Fawcett yesterday afternoon on a charge of having attempted to bribe a juror.

For several days the case of August Spielder against the Union Selling company has been on trial before Judge Fawcett and a jury, the plaintiff's claim being for \$15,000 damages said to have been suffered by reason of having his stock of goods at Clay Center attacked by the defendant company.

Yesterday one of the jurors, William S. Heaton, a farmer at Thirteenth and Far-nam streets, told Judge Fawcett that a man representing himself as being connected with the Union Selling company approached him Friday night and offered him \$10 for his "good will" in the case now on trial.

The court sent Bailiff Morgan and Heaton to the place of business of the defendant company, where the juror identified Tooser as the man who had made him the offer Friday night.

Tooser was arraigned at 2:30 in the afternoon in Judge Fawcett's court after information had been filed by County Attorney English charging him with attempting to bribe Juror William S. Heaton by offering him \$10 to influence him in the verdict to be returned in the case.

The accused was held until Monday morning to plead and the time was granted by the court. Bail was fixed in the sum of \$500, which was furnished almost immediately and Tooser was released from custody.

The information filed by the county attorney does not contemplate criminal proceedings, it being merely the endeavor to show that Tooser is in contempt of court by attempting to obstruct the proceedings and hinder the due administration of justice.

OFFICER SEVERELY BEATEN

Three Men Take His Club and After Relinquishing Him Make Their Escape.

Patrolman Knox was assaulted last night at Eleventh and Harney streets by three unidentified men and beaten over the head with his own club and his finger broken. He was unable to arrest any one of the three and went to the police station to have his injuries attended to.

On the top of his head were four deep club wounds, which Dr. Vanose and Joughlin treated with ten stitches. Knox twice expelled one of his assailants from Fritz Wirth's place, where they were creating a disturbance. The three stopped at the corner of Eleventh street and continued to make a noise. The officer tried to move them on, and one of the men grappled with him. Knox did not think it necessary to use his club, but took hold of the man and they fell to the pavement. The club slipped from the policeman's hand, and he struggled on the ground another of the men struck him repeatedly over the head with it. No arrests were made last night.

WASHINGTON, March 7.—The weather bureau tonight issued the special river bulletin.

The Mississippi, from Cairo to Helena, is above the danger lines as follows: Memphis, 1 foot; Helena, 2.6. In the absence of rain, conditions, while becoming serious, are not considered critical.

A maximum gauge of 27 feet is expected at Memphis provided the levees do not break. Below Memphis the rise will continue a week or more, and a foot or more of water may be expected from Helena to below Vicksburg, making the Vicksburg stage over 48 feet.

In the New Orleans district the rise will continue for three or four weeks, and a twenty-foot stage may be expected. This will be accompanied by high southwest winds.

MISSISSIPPI ABOVE DANGER LINE. NATCHES, Miss., March 7.—The Mississippi is 1 foot above the danger-line.
