KILLPACK STARTS GOSSIPS

Explains Reasons for His Recent Move to Enforce the Mule Law.

The announcement that County Attorney Killpack had notified Mayor Morgan that the saloons of Council Bluffs must abide by the provisions of the mule law, as published exclusively in The Bee, created considerable of a sensation yesterday, especially among the saloon keepers. At the same time this action on the part of the county attorney invited more or less criticism from city officials, many of whom are of the opinion that he is considerably worried over the situation and the saloon keepers

are equally concerned, as they say that to comply with the county attorney's orders will mean the saloons will have to close at 10 o'clock of their present earnings. Mr. Killpack stated yesterday that his reason for issuing the order was that Council Bluffs was the only city in the state in which the saloons were not to close at 10 o'clock of their present earnings. Other cities did and there was no reason why Council Bluffs should not. He said he intended that the saloons hereafter should close on week days at 10 p. m. and keep closed all holidays and Sundays and that no side door or back door evasion would be permitted. "As to screens and obstructions in the windows I shall make no objection," he said, but he added that all wine rooms will have to go. City authorities insist that the rooms have been a matter of the past for several years in the city.

ALL READY FOR OPERATORS

Iowa Miners Complete Business Except Work of Scale Committee.

BRIDGE IS THREATENED BY ICE GORGE

Completion of Iowa Crop Report About Ready for Publication and is to Contain Much Valuable Matter.

(From a Staff Correspondent.) DES MOINES, March 9.—(Special.)—The miners held a brief meeting of their district convention today to close up matters in preparation for the meeting with the operators which begins tomorrow, when the scale committee will meet and try to reach an agreement on the wage scale and other matters for the next year. The miners were called upon by the head of the Walters' union this morning and were notified that many of the delegates were remaining in hotels where nonunion waiters are employed. One of the hotels is the office headquarters of the miners in the city. They immediately passed a resolution agreeing to change their boarding houses while in the city and patronize only hotels that employ union waiters. A number of the operators arrived in the city this afternoon, but no meetings have been held.

NO LIGHT ON BRIDGE BILL

Congressman Smith Himself in the Dark as to Its Sponsor.

Congressman Walter I. Smith returned home from Washington yesterday morning, but his constituents are just as much in the dark as to the sponsor of the bill which he introduced providing for another bridge across the Missouri river between Council Bluffs and Omaha.

Congressman Smith, when asked regarding this bill, admitted that he was asked to introduce it by a well known citizen of Council Bluffs, but he refused to disclose his name because he is not a public man. Mr. Smith considers the matter confidential and declines to state at whose instigation he introduced the bill which has excited so much interest and curiosity here. As to the parties back to do so, he is not sure. Smith states he is in ignorance and that he has no idea for whom the charter is ultimately intended. He said: "I was asked by a well known citizen of Council Bluffs to introduce the bill, who requested that I should not make his name public. I agreed to do so, but I am sure that this person's connection with the bridge was confidential. I cannot at this time make anything public. As I am in favor of there being a bridge between Council Bluffs and Omaha at every available point, I willingly consented to introduce the bill, but I have no idea in whose interests the bill was framed. In such a case I can tell, and that is that the bill was approved by the secretary of war and was favorably passed on by the committee to which it was referred. It undoubtedly would have passed for the filibustering tactics which marked the closing of the session."

Howing Association Meeting.

The Council Bluffs Howing association held its annual meeting yesterday evening in the Grand hotel, this being the largest meeting in the history of the association, fully 150 members being present. Reports of the treasurer and secretary were read, the former showing a balance of \$500 on hand after paying all bills for the last season and the latter giving an enrollment of 24 members, this leaving only six vacancies. Applications for membership were received during the evening which will fill these six places. The following board of directors was elected: Emmet Tinley, W. E. Shepard, Fred D. Emplie, Tom P. Tidd, H. T. Haas, J. J. Hess, B. M. Sargent and Don MacLean, Jr., all of Council Bluffs, and A. J. Cooley of Omaha. The directors elected the following officers: Emmet Tinley, president; W. E. Shepard, vice president; Fred D. Emplie, secretary; T. P. Tidd, treasurer; H. T. Haas, commodore; J. J. Hess, vice commodore.

Burglars Meet Surprise Party.

A burglar broke into the residence of Gus Wentland at 215 North Seventh street at 2 o'clock yesterday, but was discovered and made his escape before securing any plunder. He started toward the rear of the building at the entrance of which windows. Mrs. Wentland was awakened by the noise of the fellow climbing through the window, and she in turn awoke her husband. Wentland armed himself with a revolver and started toward the window. The thief decided not to wait for an interview and jumped through the open window. Wentland took one shot at the flying form, but it went wide of the mark.
