

Miss Josephine Lane, A Society Leader of Boston, After Five Years' Suffering from Backache and Kidney Trouble Was Restored to Health by WARNER'S SAFE CURE

MISS JOSEPHINE LANE.

"I suffered for over five years with malaria and kidney trouble... my whole system was impregnated with the poison. It affected my general health, robbing me of energy and vitality, and causing severe headaches and backache. The digestive organs were also impaired, so my food seemed tasteless and like lead in my stomach. I passed a dreary existence and my naturally happy disposition was changed into one of constant irritation and nervous inconscience.

"Warner's Safe Cure was the only remedy ever found which helped me. I began taking it in March before the winter season. I was cured in a few days. I felt like a new woman, full of life and hope. I could not tell how pleased I am to have my health back. I have a keen appetite and enjoy my meals. My digestion is perfect. All my aches and pains have left me. I have gained nine pounds in weight and I feel in harmony with all the world because I am now perfectly well. Very sincerely, Miss Josephine Lane, 200 Ave. Boston, Mass.

"Thousands, both men and women, like Miss Lane, have been cured of serious complications caused by kidney disease neglected by 'Warner's Safe Cure, after all so-called kidney cures had failed.

"SAFE CURE" CURES BACKACHE. If you have pain in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pain when you urinate, ascama, jaundice, swellings or a sore liver; if a woman, bearing down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney disease seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a 50c bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

IF IN DOUBT MAKE THIS TEST: Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy or contains a reddish deposit, it is a sign of kidney trouble. If it is a stimulant to digestion and awakens the torpid organs and restores energy. You should lose no time—get a 50c bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

ANALYSIS FREE. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure, 200 Ave. Boston, Mass., and you will receive a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic. It is a stimulant to digestion and awakens the torpid organs and restores energy. You should lose no time—get a 50c bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

RIVER BECOMES SEA (Continued from First Page.)

Danneberg and the North Loup at Elba and also materially damaged the B. & M. railroad bridge near this city, besides several smaller bridges across creeks, causing damage to Howard county of many thousand dollars, the approximate amount of which cannot at present be estimated.

At 5 o'clock this afternoon, as Albert Kohler, a young farmer living seven miles southwest of Osmond, was returning home his team ran off a ledge and Mr. Kohler and the team were drowned.

More Floods Are Predicted. WASHINGTON, March 9.—The Weather bureau today issued the following weather bulletin:

AFFAIRS AT SOUTH OMAHA Packers Still Complain of Shortage of Refrigerator Cars.

Shortage of refrigerator cars at the yards here still hampers movement of meats. All of the packers are complaining that cars cannot be secured for daily shipments. One sign of the shortage of cars was the loading of refrigerators last Sunday. Seldom are cars loaded on Sunday, but on this occasion it was a necessity for the reason that cars carrying packing house products had been held back until too late an hour Saturday afternoon to be loaded. The packers have ordered 1,000 more refrigerator cars, but these will not be in service until the middle of the summer.

While the shortage of refrigerator cars continues, there is an abundance of coal on the tracks here. All of the packers now have enough coal to last for some time and some are worrying about paying dockage. During the famine recently packers paid as high as \$5.00 a ton for coal and were glad to get it at that price. Now there is more coal in the yards than can be used for some time.

With the coming of warm weather coal will be used at the Exchange building and by the packers, but there will be no letup for a time in the matter of laying it off to apply. All of the packers' packing houses will be filled and will be held back for an emergency, the daily supply being drawn from the cars on the tracks.

Packers say that a busy spring and summer trade looked for in preparations are being made for an increase in help at the yards and packing houses as soon as the increase in receipts will warrant.

Fighting Annexation. An excursion will be made to Lincoln today by a number of South Omaha citizens to protest against what they call an annexation bill. A rate of one fare and a third for the round trip has been secured and it is expected that at least two dozen of the forty members of the committee appointed by Chairman Tanner at the mass meeting Saturday afternoon will manage to get away. The delegation goes solid against annexation at this time and a hearing is expected before the Douglas county delegation some time today. Some of those who are deeply interested started last night in order to get there before the main delegation arrived.

Another Damage Suit. There was filed with the city clerk yesterday a claim for damages against the city for \$2,000 by the heirs of a child who died of cholera. The complaint alleges that on February 5 he fell on a sidewalk at Twenty-fifth and Y streets and broke an ankle. He asserts that as his injuries are liable to be permanent it will be no more than right for the city to pay him the amount he asks.

Funeral Services Today. The little daughter of Mr. and Mrs. Anthony Marlin died yesterday afternoon at the family home, 423 North Thirty-third street. Funeral services will be held this afternoon at the family residence. Mention has been previously made of the fact that the child drank a quantity of whiskey from a bottle of the same which was in the home. A physician was sent for and every effort was made to restore the normal action of the heart. Mr. and Mrs. Marlin, who are well known here, have the sincere sympathy of a large circle of friends.

Church Entertainment. Cards were issued by a committee of the First Methodist Episcopal church inviting friends of the church to attend a musical and literary entertainment to be held in the church parlors this evening. The proceeds of the entertainment will go to the support of the Sunday school. It is stated by the superintendent of the Sunday school that an excellent program has been prepared for this occasion, as it is desired that a large number attend.

Magie City Gossip. Theodore Volk has recovered from quite a severe attack of the grip. Joseph Koutsky returned home last night from his farm in Nuckolls county. Two cases of scarlet fever were reported at Magie City yesterday afternoon. Concinnian Mike Smith is confined to his home with a severe attack of the grip. Mrs. C. E. Eckart entertained yesterday afternoon. The South Omaha cavalry troop gave a dance and drill at the troop armory last night.

Colonel E. P. Roggen has resigned his position as store clerk at the Union stock yards. A daughter has been born to Mr. and Mrs. Thomas Whelan, 418 North Twenty-fifth street. The Epworth league will hold a box social at the Epworth Methodist church on Thursday evening.

Quite a herd of fancy bred cattle will be held at the Union stock yards here the latter part of the week. Fred Clemmens, Thirtieth and V streets, is laid up with a bad case of blood poisoning in one of his hands. Goldstrom is on the sick list. He has been laid up for three days with an aggravated attack of the grip.

Dr. E. L. Delaney reports the arrival of a daughter at the home of Mr. and Mrs. Joseph Zwick, Nineteenth and F streets. Sidney White, son of Dr. and Mrs. W. S. White, is here from Kansas City. He will spend the day or two with relatives and friends.

E. J. Seykora has taken out a permit for building his erecting works here. It appears that "Big Turk" has been released to the Grand Army of the Republic last night by members of Phil Kearney post No. 2. The flushing of the paved streets in the business portion of the city will be completed today if the temperature is above the freezing point.

William Weldon and wife returned to their home at St. Joseph last night after a couple of days' visit with George Parks and family. John Pynn is back from a southern trip. He says that he is feeling better and that he hopes to soon be able to resume the management of his business.

The ladies' auxiliary of the local Young Men's Christian association will give a tea this afternoon at the home of Mrs. James Phillips, 164 North Twenty-fourth street. An important business meeting of Federal Labor union No. 715 will be held at the rooms over the Packers National bank Tuesday night. All members are urged to be present.

"Rev." George Fredericks was again a prisoner in the city jail last night. This time it was a charge of obtaining money under false pretenses. After hearing the testimony offered Judge King discharged the prisoner.

Owing to the lack of a quorum the city council did not meet last night. It appears that there was no business of importance to come up and consequently the members did not feel called upon to meet. The next meeting has been called for March 16.

Players Are Released. ST. LOUIS, March 9.—Stanley Robinson of the St. Louis National league club announced that "Big Turk" has been released to St. Louis, Kruger to Pittsburgh and Brashear to Philadelphia. Frank De Haas Robinson, president of the St. Louis National league club, in New York last week, agreed to make an exchange of players.

Jockey Is Badly Hurt. NEW ORLEANS, March 9.—Jockey Lindsey of Cincinnati, who was thrown from his sixth race Saturday at the fair grounds, has not regained consciousness and his condition is critical.

WOMAN IN CLUB AND CHARITY

Club women and women generally are shocked at the announcement that Mrs. Coulter, president of the Utah Federation of Women's Clubs and a conspicuous member of the lower house of the Utah legislature, voted for Reed Smoot for United States senator. It is well known that the Gentile and Mormon constitute the two factions of the Utah Federation, though the Gentiles are the stronger and more progressive, they being bitterly opposed to the election of Mr. Smoot. The strongest condemnation of Mrs. Coulter's action has been expressed, and even the secretary of the federation gave a newspaper interview expressing disappointment that she should so violate the women of the state. Mrs. Coulter justifies her action with the explanation that she was elected to the legislature as a republican and not as a Gentile or a club woman; that the entire delegation to which she belonged was unalterably pledged to support Mr. Smoot before they were nominated, and that she had voted for him for "political reasons only." Utah women have been more than prompt to rebuke the action of the legislature, and even their familiarity with political methods does not seem to incline them to be more sparing of their criticism.

Mrs. J. H. Cornish presided at yesterday afternoon's meeting of the political and social science department of the Woman's club, "Local Charities" being the subject of the meeting. The work of the Visiting Nurses' association was presented by Mrs. F. J. McShane, president of the association. Mrs. W. B. A. who is president of the club, also being present and giving more of the details of the system. Mrs. P. L. Perine spoke of the work of the Old People's home, her long connection with the work enabling her to present it in a most helpful manner. Mrs. L. L. Tanager told the story of the South Omaha hospital. A general discussion followed.

The second annual report of the Massachusetts Civil Service Reform association is out and includes much of interest to club women, especially as the extension of civil service reform into the clubs is largely the result of agitation and work of this association. Since the last annual meeting over 16,000 pamphlets have been sent out and a number of women have been elected to the merit system of appointment. The society has now in press, in pamphlet form, a syllabus of civics reform and the use of the letters "B. N." which it is sent to clubs throughout the country. The growing interest of women's clubs on the subject, is commented upon with satisfaction.

There is a bill now before the New York legislature, introduced at the suggestion of the New York State Nurses' association, providing for a standard qualification of nurses. Under its provision a region's certificate is issued to all nurses who have had two years of training in some approved hospital and who have passed the examination under the regents of the State university, and only those nurses will be eligible to the title of registered nurse and formerly a factory inspector of Illinois. "It might be well to whisper to women that they are too fond of lingerie and that the beautiful things that they crave are made by the same little worn, tired bodies they are clamoring to save."

The regular meeting of the Women's Christian Temperance union will be held at 3 o'clock on Wednesday afternoon at the Young Women's Christian association building. The attendance of the meeting is expected to be large.

Richardson Creates a Stir (Continued from First Page.)

The duties of my new office, one of the judges of the Eighth circuit on Monday next, and will leave that afternoon for St. Louis to meet and confer with my colleagues.

At the outset the board thought it wanted an executive session, and so ordered. All extraneous individuals were excluded, only to be called back in a few minutes and informed that the board had unanimously reconsidered its star chamber idea.

Efforts to increase the committee on claims and accounts and on special instructions from the board to have all committee meetings twenty-four hours in advance of board meetings after notification has been given to every member who could be present, and a proposition to take the opening of bids out of the hands of any committee, were defeated.

Senator Warren's Views. Senator Warren, speaking of the interview, said: "Uneasiness over the creation of extensive forest reserves in the west has been manifested from time to time—in fact, since the first far-reaching proclamation was made by President Cleveland. The uneasiness has been growing because of the extensive expansions and of simultaneous growth in demand for the use of grazing lands. A conservative method of adjustment has been suggested by the president in his last message to congress, through the creation of a commission to investigate western matters, and in line with this suggestion a resolution was introduced by me providing for the creation of such a commission, but it was not enacted."

"I assume that the governor's office in Wyoming has been under a general bombardment from those affected by the enlargement of reserves, a somewhat sweeping order having been promulgated of late, changes made in the administration of the forestry laws and in the management of the public domain. Eastern people are constantly interested in the preservation of forests; not more so in the western part, but proportionately the distance of eastern people from the reserves, and their consequent misunderstanding regarding them, leads to wide differences of opinion between eastern and western men over the management of the public domain."

"President Roosevelt's general friendliness for the west is well known, and has been practically demonstrated in many ways; especially by his ardent support of irrigation legislation, and the president had no more earnest supporter at Philadelphia than Governor DeForest Richards of Wyoming. The members of the delegation in congress from Wyoming have been constant in the advocacy of true forest preservation, but with the widest liberty and greatest good to the frontiersmen consistent with the preservation of the forests, conservation of waters, and protection and perpetuation of grasses for pastoral uses on the public domain."

"Much friction has arisen on account of changes in the forestry policy, attempted repeal of land laws, etc. We have not been able to convince and secure the co-operation of some departments of the government as we would like to do. Many letters and petitions from our western people have been forwarded and duly filed and we have hoped and still hope for a better understanding of the western situation in the east and in the departments, and also for ultimate relief from vexing complications. I hope the itinerary of the coming western trip of the president may take him in the vicinity of the forest reserves in Wyoming."

Senator Clark of Wyoming is not in Washington today. Presents Greene's Name. Senators Dietrich and Millard this afternoon formally presented the name of

DOCTORING UP ITS RULES Irregular Practice of Loading and Being at the Plants on Sunday.

The Board of Education, with Members Levy and Cermak absent, discussed proposed changes in rules for two and one-half hours last night and succeeded in getting to page 27 of an eighty-three-page code. Few changes of importance were either suggested or made, but no end of talk was engendered and a general muck about nothing.

Before getting to the rules the board unanimously decided not to sign the petition for a change of grade on South Twenty-fourth street, desired by the Southwest improvement club in order that the street railway may be extended. The report of the buildings and property committee, which was adopted, gave the following reason for the action: "Should such a grade be established the board would be compelled to build a retaining wall, to take up and relay the permanent sidewalk and regrade the grounds of the Mason Street school. This would leave the lot below grade and destroy the trees and the lawn."

Change in the Rules. The most important rule changes were as follows: Advertisements for bids must be published in the one daily newspaper of general circulation submitting the lowest figures; the secretary may not purchase supplies unless authorized by the board or the supplies committee; monthly inventories by the custodian shall recite the number of books and articles in each school as well as the value, and he must keep a close check and account of all books, whether they be new or second-hand; buildings and property committee designated to supervise the department of labor; changes in text books to be made at the first meeting in August; resolutions ordering purchase of real estate to lay over for at least one meeting before final action is taken; attorney, superintendent of buildings, secretary and custodian to be elected at the second regular July meeting instead of at various other times.

Said a member of the rules committee after the session had adjourned to finish up after the regular meeting next Monday night: "The most important changes are to come and if the debate tonight on the smaller matters is continued we will not finish the work before daylight Tuesday morning."

Rules that Were Defeated. Efforts to increase the committee on claims and accounts and on special instructions from the board to have all committee meetings twenty-four hours in advance of board meetings after notification has been given to every member who could be present, and a proposition to take the opening of bids out of the hands of any committee, were defeated.

At the outset the board thought it wanted an executive session, and so ordered. All extraneous individuals were excluded, only to be called back in a few minutes and informed that the board had unanimously reconsidered its star chamber idea.

NOT RECOMMENDED FOR EVERYTHING But if You Have Kidney, Liver or Bladder Trouble, You Will Find the Great Remedy Swamp-Root, Just What You Need.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Doctors Prescribe Swamp-Root. Gentlemen—I have prescribed that wonderful remedy for kidney and bladder troubles, Dr. Kilmer's Swamp-Root, with most beneficial effect and know of many cures. I am a physician and kidney trouble, as diagnosed by other physicians, has treated with Swamp-Root. I am a liberal man and so I would not say otherwise. I am an accepted member of the medical profession and I have a bladder complaint under treatment with an ordinary remedy. I have tried Swamp-Root with most flattering results. I shall continue to prescribe it and from this date state that Swamp-Root has great curative properties.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and weary.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rinsing about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

No matter how many doctors you may have tried—no matter how much money you may have spent on other medicines, you really owe it to yourself to at least give Swamp-Root a trial. My staunch friends today are those who had almost given up hope of ever becoming well again.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sample Bottle of Swamp-Root Sent Free by Mail. EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer, Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root, and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in The Omaha Daily Bee.

Charles J. Greene of Omaha for a position on the Eighth circuit bench, vice H. C. Caldwell, who will shortly retire. They presented Mr. Greene in an emphatic way stating that the bare record of Greene's record was a unit in his behalf and that in addition to lawyers of the west many representative citizens were also outspoken in his favor.

This morning Senator Millard introduced Hon. Horace Baldrige of Omaha to the president, Mr. Baldrige taking the opportunity of speaking a word in favor of the candidacy of Mr. Greene for the Eighth circuit judgeship. Mr. Baldrige particularly spoke of Mr. Greene's legal attainments, his worth and his high standing in the community.

While the president gave no indication as to Judge Caldwell's successor, it is understood that he has three names under consideration, Judge William C. Hook of Fairbury, a member of the court of Kansas, Judge Smith McPherson of the district court of Iowa and Charles J. Greene of Omaha. To the senators and Mr. Baldrige the president stated that Mr. Greene had exceptional endorsements and he was glad to hear what his neighbors and friends had to say about him.

The secretary of the navy today notified Senator Millard that the application of Lawrence McTaggart, seaman on board the United States battleship "Pretoria" is to be considered by the board of the navy. McTaggart is the sailor in question residing in Norfolk, Neb.

E-Speaker D. B. Henderson leaves Washington tomorrow for New York to spend a few days. He will be accompanied by Mrs. Henderson and their daughter. Miss Henderson intends going direct from New York to Dubuque for a short stay. He and his family, after a short stay at home in Dubuque, intend to spend practically the remainder of the winter visiting relatives in the vicinity of Los Angeles, Cal.

William Hartley has been appointed postmaster at East Pierre, Hughes county, South Dakota, vice David J. Davis, resigned.

The application of Thomas H. Read, Elbert Read, H. Rogers, S. A. Cox and S. Crocker to organize the First National bank of Farragut, Ia., with a capital of \$20,000, has been approved by the comptroller of the currency.

The First National bank of Klemme, Ia., has been authorized to begin business with a capital of \$25,000.

The Western National Bank of the United States, of New York, was today approved as reserve agent for the Farmers' National bank of Red Oak, Ia.

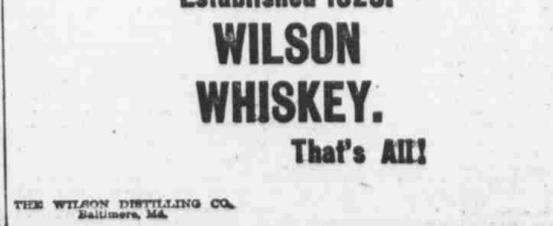

W. D. Masters of Fort Madison, Ia., has been appointed a guard at the penitentiary at Fort Leavenworth, Kan.

Very Low Rates. To points in Montana, Idaho, Washington, Oregon, British Columbia, Utah and Colorado, in effect daily from February 15 to April 30, via Chicago Great Western railway. Write to J. P. Elmer, G. P. A., Chicago, for full particulars.

Decides on Judicial Appointment. PIERRE, S. D., March 9.—(Special Telegram.)—Governor Hendrick has decided to appoint C. S. Whiting of DeSmet as judge of the new Ninth district. The appointment will not be made until Wednesday, to allow the presiding judge of the old Fifth circuit to adjourn the term of court at Huron tomorrow.

Lawrence University Withdraws. LAWRENCE, Kan., March 9.—(Special Telegram.)—The Oratorical association of the University of Kansas today voted to withdraw from the State Oratorical association as a result of the barring of Malcolm Garrard, the university's representative, from the intercollegiate contest at Atchison last Friday. The association felt that the university was not given a fair deal.
