NO HOPE FOR NIEGENFIND

Governor Mickey Announces He Will Not Commute Sentence.

BELIEVES HE DESERVES THE PENALTY

Little Child Near Havelock Fatally Burned by Overturning a Lamp—Dawson County Pays Its Bonds.

(From a Staff Correspondent.) LINCOLN, March 10.—(Special.)—Friends of Gottlieb Niengenfind, the murderer of his wife, father-in-law and assassin of his sister-in-law, who is condemned to be hanged at the state penitentiary Friday, have invoked the aid of the legislature to secure the governor's approval of a stay of execution until after the legislature has adjourned. Promoters of the Wall bill to abolish capital punishment are co-operating in the movement. A petition has been drawn up and circulated among the members of house and senate. It was signed by twenty or twenty-five today. The obvious purpose of this movement is to have Niengenfind's execution deferred until the end of the legislature, in the hope that the Wall bill will have passed, removing the death penalty from the statute books of Nebraska, in which event Governor Mickey would, it is assumed, commute the sentence to life imprisonment. The chances for passing the Wall bill are at all promising and even if they were such as to insure the bill's passage subsequent to the time set for the hanging of Niengenfind, the success of the petition circulated is by no means guaranteed. When informed this afternoon of this latest movement in behalf of Niengenfind, Governor Mickey said: "Yes, I rather expected that. You will always find a great many sympathetic people willing to sign a petition of that character. But they have no responsibility in the matter. I have given this case the most thoughtful and prayerful consideration; honestly and conscientiously I have considered and reconsidered it from every standpoint and I am satisfied that the state ought to hang. By the law of the state and the sentence of the court, he is deserving of a death penalty. My duty is plain. I am sworn to enforce the laws of Nebraska and I am going to do it. I can't afford to be influenced by every sentiment and emotion exercised in this man's behalf. My task is not to give him one but duty imposes it on me and I must and will perform it."

Child Burned to Death. The infant son of John H. Langdon, living near Havelock, was burned to death late yesterday afternoon by the explosion of a lamp. The child was in the house alone with a 10-year-old sister, Mrs. Langdon having gone out in the yard, when the explosion occurred. The little one crawled into the kitchen, where an incubator was in operation, and turned over one of the lamps used in heating the apparatus. An explosion immediately followed and burning oil was thrown over the face and clothing of the baby. The explosion attracted the attention of the sister. The latter was so excited that instead of putting out the flames she rushed out after the mother. Mrs. Langdon threw a bucket of water on the flames, extinguishing the fire, but not in time to save the life of the child. The baby lingered in great agony for nearly five hours before it died.

Youth on Trial for Robbery. Thomas Carr, son of ex-Alderman Thomas Carr, is having a trial in district court on the charge of having held up and robbed young Harry Simmons, a university student, on the night of October 31 last. Simmons lives at 839 North Twenty-third street, and on the night named was on his way home about midnight from escorting a young lady to her residence. At Fifteenth and S streets he met two young men, one of whom is alleged to be Carr, and they held him up at a revolver's point. Simmons was plucky, however, and refused to come down. He fought back and got a blow on the head, which cut him badly. The highwayman got but \$1 from him. Young Carr was arrested in Omaha and bound over to the district court on a charge of robbing the Dunning hardware store some months ago. He was released without trial after promising to be good, because he was the son of a prominent man, and it was believed was led astray by bad company.

Dawson County Pays Bonds. The county board of Dawson county demonstrated that the county which it represents is prosperous by taking up \$50,000 county funding bonds belonging to the school fund. The bonds are not due for several months, so the county paid the interest in advance.

Young Man Insane. FAIRBURY, Neb., March 10.—(Special.)—John Humburger, a young man living

MURDER TRIAL ON AT BUTTE

Dog Fight Starts the Trouble Which Ends in Killing of Man by Neighbor.

BUTTE, Neb., March 10.—(Special Telegram.)—The spring term of the Boyd county court winds up with the murder trial of William Gray for killing Herman Sandman near Lynch on May 15, 1902. Gray and Sandman were neighbors and had blood was said to exist between them. On that date their dogs had engaged in a fight on the boundary line between their farms near where Sandman was working. Gray and a hired man went to separate the dogs and Gray picked up a heavy club as he went to stop the fight. The state claimed he took the club to use on Sandman. When he got there Sandman advanced with a pitchfork in his hand and the defense say he tried to stick Gray with it. In the mix-up Gray struck Sandman a heavy blow on the top of the head, crushing his skull, resulting in death two hours later. Sandman never spoke after he was struck. The case was tried at the last term of court, resulting in a disagreement of the jury, the majority being for acquittal. They were out four days. It took all day today to get a jury, the state using all its peremptories, the defense all but one.

STRIKE IN STARCH FACTORY

Trouble in Plant at Nebraska City May Cause It to Be Closed Permanently.

NEBRASKA CITY, March 10.—(Special Telegram.)—The employees at the Arco starch factory went on a strike this morning and have practically tied up the factory. Several days ago the Federation of Labor made a demand on the management of the plant for an increase of 2 1/2 cents per hour in the wage scale, and the strike this morning is the result of the company's non-compliance with the demand. The strike is considered extremely unfortunate now, as the starch company had contemplated extensive additions to the factory here in a short time. The possibility is now that the improvements will not be made, and if the labor trouble cannot be settled satisfactorily the factory at this point may be abandoned entirely.

Beatrice Republican Nominates.

BEATRICE, Neb., March 10.—(Special Telegram.)—The republicans held their primaries here today and a light vote was polled. In the choice for city treasurer one of the three candidates, C. J. Woolridge, J. E. Jones and H. J. Randall, received a majority of the votes cast. This will necessitate the holding of another primary. The same condition prevails in the Third ward, where two candidates were to have been nominated. There were three candidates in the field and Harry Ford was the only man nominated. Following is the ticket selected: For mayor, M. E. Shultz; city clerk, T. H. Burke; assessor, O. K. Reedy; police judge, J. E. Callison; councilmen, First ward, L. A. Scroggs, John Jackson; Second ward, E. W. Clancy, H. L. Harper; Third ward, Harry Ford; Fourth ward, F. D. Kees, J. F. Macy. Another primary has been called for one week from today to settle the question of the nomination of a candidate for city treasurer and councilman. For the first time in the history of Beatrice the Crawford primary system was used and proved very satisfactory.

Released by Paying Fine.

HUMBOLDT, Neb., March 10.—(Special.)—Fred Kentner, the farmer who caused the excitement on Saturday by intimidating Dr. Candy and forcing him to sign a check for \$100, and who was locked up on a charge of drunkenness as a result of his escapade, has been released after paying a fine of \$5 and costs for drunkenness. The local firm of attorneys, Tucker and Hawxby, have been in communication with the county attorney at Falls City with a view to bringing a more serious charge against the farmer, but so far their efforts have proven fruitless. That official seems to think the chance of securing a conviction is remote for the reason that there are no witnesses, the accused and accuser being alone in the office of the latter when the alleged assault is said to have taken place. The present indications are, therefore, that the matter will be dropped.

P. E. O. Elects Officers.

BEATRICE, Neb., March 10.—(Special.)—The P. E. O. society met and elected officers for the ensuing year as follows: Mrs. Wemple, president; Miss Minnie Davis, vice president; Mrs. J. R. Queen, recording secretary; Mrs. J. T. Harden, corresponding secretary; Mrs. L. S. Sage, treasurer; Miss Martha Cox, chaplain; Miss Anna Day, journalist; Miss Anna Kyd, guard.

FOR THIRTY YEARS.

Congressman Meekison Suffered With Catarrh—Read His Endorsement of Pe-ru-na.

CONGRESSMAN MEEKISON OF OHIO.

Hon. David Meekison is well known, not only in his own state, but throughout America. He began his political career by serving four consecutive terms as mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison bank of Napoleon, Ohio. He was elected to the Fifty-fifth congress by a very large majority, and is the acknowledged leader of his party in his section of the state.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp was his only unconquerable foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, ex-Member of Congress.

The season of catching cold is upon us. The cough and the sneeze and nasal twang are to be heard on every hand. The origin of chronic catarrh, the most common and dreadful of diseases, is a cold, which incline one to catch cold very easily. At last the person has a cold all the while seemingly, more or less discharge from the nose, hawking, spitting, frequent clearing of the throat, nostrils stopped up, full feeling in the head, and sore, inflamed throat.

The best time to treat catarrh is at the very beginning. A bottle of Peruna properly used never fails to cure a common cold, thus preventing chronic catarrh. While many people have been cured of chronic catarrh by a single bottle of Peruna, yet, as a rule, when the catarrh becomes thoroughly fixed more than one bottle is necessary to complete a cure. Peruna has cured cases of innumerable of catarrh of twenty years' standing. It is the best if not the only internal remedy for chronic catarrh in existence.

But prevention is far better than cure. Every person subject to catching cold should take Peruna at once at the slightest symptom of cold or sore throat at this season of the year and thus prevent what is almost certain to end in chronic catarrh.

"I saw that your catarrh remedy, Peruna, was doing others so much good that I thought I would try it and see what it would do for me. My case is an old one, and I have none of the acute symptoms now, because I have had the disease so long that I had none of the aches and pains, but a general run-down condition of the whole body—sore nose and throat and stomach. I had a good appetite, but my food did not nourish my system. I had come down from 140 to about 75 pounds in weight. I now feel that I am well of all my troubles."—Mrs. A. Snedeker.

Send for free book on catarrh, entitled "Winter Catarrh," by Dr. Hartman. "Health and Beauty" sent free to women only. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, president of The Hartman Sanitarium, Columbus, O.

SENTRIES ARE FIRED UPON

Clash Between Strikers and the Troops at Colorado Springs.

NO ONE IS HIT BY THE BULLETS

Influences Are Said to Be at Work Which May Soon Bring Peaceful End to the Trouble.

COLORADO SPRINGS, Colo., March 10.—Sentries stationed around the three mills affected by the smeltermen's strike were fired upon at midnight. There were several encounters between workmen going to and coming from the mills, and employees were guarded from their homes to the mills by details of infantry.

Deputy sheriffs were held up at the point of guns, and two narrow escapes from bullets, fired at close range, were reported, one a deputy sheriff, the other a deputy sheriff, on guard at the Telluride mine. From reports made by the sentries and the flashes from the guns, the men doing the shooting were located on the hills surrounding the plants. No one was injured. The cavalry, under Colonel James H. Brown, Captain Smith and General Bell, patrolled the country in the vicinity of the three mills, but because of the darkness and the rugged character of the country did not succeed in locating the men

who did the shooting. One of the strikers' pickets managed to penetrate the lines at the Standard plant while a companion and the sentry were exchanging shots.

He has not yet been located, although a rigid search was instituted at once. Sentries were strengthened after the first shots and precautions taken to protect the mills, especially the Portland, from any rush or attack to gain possession.

Soldiers Are Withdrawn. By orders of Colonel James H. Brown, the cordon of soldiers surrounding the strikers' headquarters in Colorado City was withdrawn early this morning and everything is quiet throughout the city and at the three mills. The military continues in force, however, over the hills and at the several plants.

The first reports of a clash between the soldiers and the strikers which occurred at 2 o'clock this morning appear to have been overdrawn. At the Standard mill a sentry challenged a striker who attempted to pass through the lines and when the warning was unheeded, fired a shot, the striker disappearing over the hill.

At the Telluride mill one window light was broken out by a shot fired from a cluster of bushes twenty yards distant, which was replied to by four shots from the sentry on duty. Five empty cartridge shells were found this morning, four lying outside the Telluride mill and one in the bushes.

a greater proportion, as everything in the nature of a food value is retained in its preparation. However, the true lover of salmon would not hesitate to choose between the two, and as there is generally no lack of a supply of the fresh fish, except in small country towns remote from large cities, he is free to indulge himself in this which he chooses. For those who find it difficult to secure the fresh fish we will give a few recipes for the canned.

Creamed Salmon—Remove the fish from one can of salmon, remove all the bones, drain free from oil and shred with a fork into small pieces. Make a cream sauce of one tablespoonful of butter melted with one tablespoonful of flour and one cup of milk. Stir over the fire until it thickens, then stir in gently the fish, season with salt, pepper and a little chopped parsley, and serve on a hot dish, garnished with parsley and slices of lemon.

HYMENEAL.

Nocton-Williams.

BEATRICE, Neb., March 10.—(Special.)—The marriage of Miss Edith Williams of Emporia, Kan., to Mr. Scott Norton of Wyoming, this county, occurred yesterday afternoon at 3 o'clock, County Judge Bourne officiating. The ceremony was performed in the company of a few friends. The newly married couple departed last evening for Wyoming, where they will make their future home.

MARKET.

INSTRUMENTS filed with the register of deeds March 10:

Table listing various instruments, mortgages, and deeds with their respective values and dates.

ITCHING HUMOURS

Complete treatment, consisting of CUTICURA SOAP, to cleanse the skin of crusts and scales, and soften the thickened cuticle. CUTICURA OINTMENT, to instantly allay itching, irritation, and inflammation, and soothe and heal, and CUTICURA RESOLVENT PILLS, to cool and cleanse the blood. A Single Set is often sufficient to cure the most torturing, disfiguring skin, scalp and blood humours, eczemas, rashes, itchings, and irritations, with loss of hair, from infancy to age, when all else fails.

NOTICE: Beware of Unscrupulous Druggists who endeavor to palm off an inferior and often harmful substitute on the unsuspecting public. Always ask for HUNYADI JANOS—not simply Hunyadi—when you want the best natural laxative waterknown to the world.

HEALTH STRENGTH WHOLE WHEAT BISCUIT WHOLLY NOURISHES WHOLE BODY. Includes an illustration of a person and a box of biscuits.

Piles.

Pyramid Pile Cure, the Only Known Certain Remedy for Piles and Hemorrhoids.

Trial Package Mailed Absolutely Free to Any Sufferer Sending Name and Address.

They are made in the form of suppositories and contain nothing which can possibly harm the most delicate; are antiseptic, antispasmodic and healing, and are applied by yourself in the privacy of your own home, without an embarrassing, inadequate and expensive examination by your physician and without the torture of a surgical operation, which at best gives only temporary relief.

LOW RATES WEST. Until April 30 very low Colonist rates will be in effect to the west. \$25 to Seattle, Tacoma, Portland, San Francisco and Los Angeles. \$22.50 to Spokane. \$20 to Butte, Helena and Salt Lake. Correspondingly low rates to hundreds of other points.
