In House—Gilbert Amendment Changing Method of Assessment of Franchised Corporations Would Greatly Reduce Their Taxes. Hot Session Begun by Kennedy, Wilson and Douglas.

BARLEY INVESTIGATING COMMITTEE

Summons Issued to Witnesses in Barley Case. Former Attorney General, ex-Rep. Representative, and Ex-Senator Summoned to Testify in House Committee.

FINANCIAL STATEMENT

From a Staff Correspondent. LINCOLN, Neb., March 11.—(Special Telegram)—A vivid scene of intense excitement transpired in the house which makes this the most remarkable day thus far in the session. It was a disastrous day for the corporations. On every tested issue they were defeated. The results, while not final, serve to indicate the trend against the railroad interests as represented in the revenue bill and to indicate the attitude of the public powers were alarmed. No one could have witnessed these demonstrations without being forcibly impressed that the organization with which the allied corporations were credited in the house, has begun to disintegrate.

IN THE TRIUMPH OF THE DAY

Kennedy and Louie of Dodge, both minority members, figured most prominently. Arranged against them on the most important issue, that of taxing the gross receipts of corporations for their tangible property and gross earnings as franchise, were Sprague, Cass, Sweeney of Adams, Wilson of Pawnee. All these made strong and forcible arguments. The house voted to sustain the former side.

THE FIGHT COMES WHEN GILBERT

OFFERED AN AMENDMENT TO SUBJECT STREET RAILWAYS, WATERWORKS, GAS AND ELECTRIC COMPANIES TO THIS METHOD OF TAXATION. UNDER WHICH THE RECEIPTS OF THESE PUBLIC UTILITIES, TELEGRAPH AND EXPRESS COMPANIES, UNDER A DECISION OF THE SUPREME COURT INTERPRETING THE PRESENT LAW, THE PUBLIC SERVICE CORPORATIONS ARE TAKEN ON AN ASSESSMENT BASED ON THE SELLING VALUE OF THEIR PROPERTY, TANGIBLE AND INTANGIBLE, AS REPRESENTED BY THE MARKET PRICE OF THEIR STOCKS AND BONDS SECURED BY IT. THE GILBERT AMENDMENT PROPOSES TO CHANGE THIS BASIS BY REQUIRING THE ASSESSORS TO ASSUME THE SELLING VALUE OF THE FRANCHISE UNDER WHICH THE PROPERTY IS HELD, AS REPRESENTED BY THE MARKET PRICE OF THEIR STOCKS AND BONDS SECURED BY IT. DEBATE BECOMES PERSONAL

When Wilson of Pawnee got the floor he made the assertion that some people could not hear the word corporation without getting scared. Kennedy resumed the floor after a very long speech by Louie, and referred to Douglas of Rock as an attorney for the Elkhorn and Wilson of Pawnee, both members of the committee that framed the revenue bill, as a surgeon for the Burlington. He said that a day or two since Douglas had made a strong plea against the Gilbert proposition. He had referred to it as a device to tax corporations in their relation to taxation.
