

SECRET POLITICAL SOCIETY
"The General Committee" is the Latest Thing in Local Politics.
IT PROCEEDS ENTIRELY IN THE DARK
Members Pledge Themselves to Be Governed "by Actions of the Committee"—Breach Boosters Behind the Scheme.

Another "keep-it-dark" political society has been launched in Omaha. It is so secret that its promoters are not known even to the members, but it doesn't require a very shrewd guesser to locate some well identified promoters and beneficiaries of former secret outboard political clubs, now defunct, with the present movement.

The new secret organization is labeled "The General Committee," and, of course, is organized to promote "good, clean city and county government," something the people can only secure through secrecy and by furthering the political aspirations of the "general committee." Nicely typed-written applications for membership have been circulated in different parts of the city and the work of hustling for members is being vigorously carried on by workers who have in times past ranged themselves for battle under the Breach banner. Here is the form of the application:

Omaha, Nebraska, 1903.
I hereby make application for membership in the "General Committee," a secret organization for the promotion of good, clean city and county government, and, whether accepted to membership or not, I hereby pledge myself to keep its identity and workings a profound secret, and will be governed by the actions of the committee.

The gist of the application for membership lies in its concluding clause, "and will be governed by the actions of said committee." That is all the "general committee" requires of its followers, quiet, implicit obedience.
The Beginning of Trouble.
A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets.

Announcements of the Theaters.
Creator, known as the "mad musician," because of his acrobatic tendencies while leading his men, and his celebrated band will give a single concert at the Boyd tonight. The band consists of sixty selected Italian musicians, many of whom have international reputations as soloists. Mme. Baril, a soprano of note, accompanies the organization. Creator was seen here two seasons ago, when he created a furore by his peculiar methods of wielding his baton. Last summer he created a decided impression at Hammerstein's theater, New York. His method awoke the blasé theater goers of that city and he was the talk during the entire season. For Omaha a selected program will be rendered. Creator's new march, never given before in the west, will be heard.

The magnetism of comedy is receiving the attention of large and appreciative audiences at the Orpheum, where there will be a matinee given this afternoon. Five of the acts offer a variety of entertainment with an intermixture of excellent acrobatics in one of them. There is also included a pleasing operatic feature, Kronan's White Techerkes trio, who have good voices well trained. The scenic environments of their act are very pretty, showing an arctic picture, with some very good light effects.

"The Milwaukee Corner"
Designates the new ticket office of the Chicago, Milwaukee & St. Paul railway. It is the northeast corner of Farnam and Sixteenth streets and is pronounced the handsomest and most elegantly equipped railroad ticket office in the west. You are cordially invited to call and inspect it.
F. A. Nash, General Western Agent.

FAT GIRL'S FATHER IN COURT
Wants Judgment Against Men Who Have Been Managing Daughter's Tour.
Joseph Rambo of Council Bluffs, as the father of "Pearl, the Fat Girl," is in district court to make trouble for Isaac Miner and William Gerke, who have had the girl down south for the inspection of leading scientists and such others as assemble at street fairs. He petitions for \$444 judgment, alleging that they lack that much of paying him what they should under their contract stipulating a rental of \$25 per week. With the petition is a copy of the contract, showing the charges agreed upon and some of the modest arrangements, such as a specific pledge that Pearl should not be shown in tights.

I could not rise to my feet without fainting.
"I had suffered for three years or more at monthly periods," writes Miss Ella Sapp, of Jamestown, Guilford Co., N. C. "It seemed as though I would die with pains in my back and stomach. I could not rise to my feet at all without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better, had better appetite and slept better. Now I have taken two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and am happy to say I am entirely cured, and all done in two months' time when all other medicines had failed to do any good at all."
Dr. Pierce's Pleasant Pellets a pleasant and effective laxative for women.

TO LOCATE THE NEW LAMPS
City Electrician Will Designate the Places for Fifty Additional Electric Lights.
Now that the council has outvoted the mayor's veto to the resolution calling for fifty more arc lamps, City Electrician Schurig will begin at once to locate the lights where they are the most needed. Owing to the lack of system as to location that has been pursued heretofore the task will be difficult. However, he states that at least four of the lamps will be placed on South Twenty-fourth street, between Leavenworth and Vinton. It is understood that the electric light company has not enough material on hand for the immediate installation of the lamps, and the city electrician estimates that it will be two months or more before all of them are put in.

DIED.
COCHRAN—Hazel E. March 11, 1903, daughter of Elbert E. and Elizabeth Schurig, at residence, 1007 South Thirty-sixth street, aged 11 years, 8 days.
Funeral 2 o'clock Friday, March 13.

Dana Plends Not Guilty.
William Dana, who was arrested at the Union station charged with the larceny of \$100 from one of the guests of the Arcade hotel, who had placed \$100 in his pocket, keeping the night before the fire, was acquitted.

Central Boulevard Damages
Only Eleven Objections Filed so Far Against Present Plan of Assessment.
Only eleven protests to the proposed plan of assessment for the Central boulevard damages have been filed with the special board of equalization now in session at the city hall. This number, considering that from 4,000 to 5,000 pieces of property are involved, is very small. Park Commissioner Cornish says that he thinks the assessment plan is an exceptionally good one, and that there will be no strong objections. He is elated over the fact that so few objections have been filed, and is giving his personal attention to showing objectors the details and aims of the plan. Unless unlooked-for obstacles appear the plan is more than likely to go through.

I firmly believe that owe my life to Cramer's Kidney Cure. For two years I suffered with kidney trouble and could find no relief anywhere. I spent hundreds of dollars on doctors and medicines. Some would give temporary relief and others none whatever. I decided to try Cramer's Kidney Cure as a last resort and wish I had followed the advice of my friends sooner. It was the only thing that helped me, and in less than four months it had made a new man out of me. I am entirely well and I give all the praise to Cramer's Kidney Cure.
