

SHE MADE A CHANGE.

A Charleston Mother Did So with Advantage to Herself and Children. A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough remedies, croup mixtures and throat medicines for my children, for somehow or other they never seem to be free from colds, coughs or sore throat. This fall I made a change in the usual program I had myself been cured of an obstinate catarrh from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take, I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be used for catarrh, coughs and colds. So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did. Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but they have saved me many an anxious night with my little ones. The children like the taste of them and it is really wonderful how quickly they will break up a croupy cold or an obstinate, deep-seated cough." People who have used sprays, inhalers, salves or washes for catarrh and have found how useless they are will be agreeably surprised at the results following the use of a pleasant, convenient internal remedy in tablet form. Druggists everywhere admit that Stuart's Catarrh Tablets, which sell for 50 cents for full sized tins, are, in the safest, most effective and popular of catarrh remedies.

FREIGHT CARS IN DEMAND

Fifth Shipper Asks Court to Compel Railroad to Keep Him Supplied.

RAILROAD MAN MANGLED BY AN ENGINE

National Reform Association Attracts Many to State Capital—Factions Hold Their Parties.

(From a Staff Correspondent.) LINCOLN, March 11.—(Special.)—W. J. Crandall, owner of an elevator and mill at Fifth, this county, has begun an action in the district court to compel the railroads to furnish him cars in which to ship out his stored-up grain.

Mr. Crandall asks, in this petition, that the company be compelled, by a writ of mandamus issued by the court, to furnish with grain supply to him all cars for the transportation of his grain and mill products that may be tendered the Burlington for shipment and that he be granted equal grain facilities as his competitor at that point and that no discrimination be permitted.

The petition, which is quite lengthy, recites that the relator is the owner of a large elevator at Fifth and yearly transacts a big business; that it is now and for some time has been loaded to its full capacity. He says that it is necessary for the transaction of his business that he have proper facilities and cars. He also operates a mill, which grinds many hundreds of bushels of grain yearly. He is a long-time competitor, the Farmers' Grain and Lumber company, and he insists that as a matter of law and of right he is entitled to the same facilities as this competitor; but that the company has notified its agent at Fifth to give preferential treatment to this other grain company and to count against him in the distribution of cars as grain cars all that he uses, both for the shipment of grain and mill products. This is a rank discrimination, he insists, and he wants it rectified. From January 1 until February 13 he shipped thirty cars of grain and forty-one cars of mill stuff, but could have shipped thirty more if the cars had been available. He insists that the company gives him for both his business the same number of cars per month as furnished his competitor for its single business of shipping grain, notwithstanding he does much the greater volume of business, the result of which will be to transfer a part of his grain business to his competitor. That this is wrong he submits, is shown by the fact that there is a separate classification for grain and mill products.

Killed by Switch Engine.

John Jones, employed in unloading coal for the supply department of the Burlington, was run over and killed by a switch engine early this morning. The body and face of the man were badly mutilated and both legs were cut off below the knees. The accident occurred near Havelock. The switch engine was backing on the storehouse track Jones was standing on the rear front and fell in front of the engine. The dead man was 48 years of age and leaves a widow and five children.

National Reform Association.

The state convention of the National Reform association began its session at the St. Paul church last night and will continue until Thursday evening. Many prominent citizens from out in the state and elsewhere are present. Last night Rev. Mr. McAllister and Mrs. H. H. George of Pittsburg, Pa., and Rev. B. M. Long delivered addresses. At this morning's session Rev. H. O. Rowlands delivered an address on the relation of the Bible Sustaining to the Public School System. This was followed by a talk by Rev. Luther P. Ludden on "The Results That Must Follow the Expulsion of the Bible From the Schools."

Passion Caucuses.

The democrats and populists held caucuses last night and selected candidates for membership in the city council and delegates to the city convention to be held Thursday evening. The seventh ward democrats endorsed George Hiber, a silver republican, for the majority candidate and it is generally believed that he will land the nomination in the convention.

Husband and Wife Insane.

Mrs. Francis W. Brooks of Weeping Water was brought to the Lincoln asylum for the insane this morning. In May, 1901, her husband, J. W. Brooks, was admitted to the asylum and constant worry over her husband's condition has wrecked her own mental powers. Mrs. Brooks was formerly in the grade of the first normal school and worry over business matters debilitated her reason. Every few weeks since his incarceration Mrs. Brooks has been a visitor at the asylum to see her husband. The constant worry over his condition finally drove her insane.

Strick Situation Improves.

NEBRASKA CITY, March 11.—(Special Telegram.)—The strike situation at the Argo starch works is considerably improved at present. The Federation of Labor disclaims the responsibility for the strike, claiming that the men merely went out as individuals. The management of the company has given the employees notice that all men returning tomorrow will be put to work.

WOMAN DEFIES RIOTERS

Whips Urraly Strike Crowd and Drives Wagon Through It.

KANSAS CITY TEAMSTERS QUIT WORK

Attack Nonunion Men, Cut Harness, Throw Stones and Bring Police Revolvers Leaping Forth in Effort to Keep Order.

KANSAS CITY, March 11.—Violence accompanied a strike today of 211 drivers employed by the fourteen transfer companies of the city, who went out this morning for an increase in wages and recognition of their union. Perhaps half a hundred men were employed during the day to take the places of the strikers, though but little work was accomplished by them. During the afternoon strikers and their sympathizers gathered in large numbers at several points in the west bottom and held up wagons driven by nonunion men. At the Burlington freight depot the police were forced to draw their revolvers to disperse a crowd that had cut the traces of teams hitched to two loaded wagons. At another point George E. Evans, an employee of the American Express company, in attempting to disperse a crowd that was throwing stones at a driver, fired a shot into the ground. N. N. Latin, a striker, interfered and made a move as though to draw a knife. Both men were arrested. Later Mrs. Evans wife of the man arrested, interfered with the course of a wagon on which she was riding. Later she took charge of a wagon belonging to the Ewford Dry Goods company and, unaided, drove it through the crowd.

Episcopalian are Pleased.

SIoux FALLS, S. D., March 11.—(Special.)—The Episcopalian of Sioux Falls in particular, and the citizens in general, are greatly pleased at the announcement that Rev. Dr. George H. Cornell, late of Sioux City, to whom a call was issued recently by the vestry of St. Augusta cathedral of this city, had notified Bishop Hare that he would accept the call and will begin work in Sioux Falls soon after Easter.

TO LIMIT SENATE DEBATE

Senator Allison Introduces Resolution Designed to Change Rules of That Body.

WASHINGTON, March 11.—At the opening of the senate today Mr. Fry, the president pro tem, called the attention of senators to the fact that under a strict interpretation of the rules only such business as properly belongs to the matters under consideration in executive session should be presented at this extra session of the senate.

He said it only confuses the record to have other business transacted now, as it would all have to be reintroduced at the regular session in December. Mr. Allison (Ia.) offered a resolution, which he said he thought was proper at this time, authorizing the committee on rules to re-examine the rules of the senate, with the view to ascertaining what changes, if any, are necessary, and especially to make inquiry whether it is expedient in any way limit debate in the senate, and if so, to what extent.

The resolution further provides that the committee is authorized to sit during the recess of the senate and they are directed to submit a report to the senate of their conclusions as soon as practicable after the beginning of the session next December. The resolution was referred to the committee to audit and control the contingent expenses of the senate. Mr. Hear (Mass.) explained the need of a manual of parliamentary law and said he would at a later date introduce a resolution directing the committee on rules also to consider this question.

The manuscript copy of the Cuban constitutional convention and the orders and several departments of Cuba, etc., were ordered returned to the War department.

SENATE TODAY.

The senate today, on motion of Mr. Culom, at 12:10 p. m., went into executive session. Senator Morgan today continued his argument in opposition to the Panama canal treaty in the executive session. The democratic senators are making an effort under the leadership of Senator Gorman to reach an agreement upon amendments to the treaty to be passed by them, and each one has been asked to give his views upon this point.

So far substantial unanimity has been expressed in favor of a modification of article 20 so as to place the control of the canal in American hands.

There is general complaint among the democrats that the provisions of that article precludes the possibility of protecting the canal by American arms in case the treaty is to be supported by them. It is said, however, that no amendments will be offered by the democrats as a party unless the support of all the democratic senators can be assured in advance.

Names Caroline M'Dougall.

President Sends Her Name to the Senate for Postmaster at Friend.

WASHINGTON, March 11.—The president today sent to the senate the following nominations: Postmasters—Nebraska: Caroline A. McDougall, Friend; Missouri: Edwin Long, Rolla.

Also a number of army promotions.

During the day the senate confirmed the appointment of Clarence L. Stone to be postmaster at Superior, Neb.

STOCK YARDS MAY BE MOVED

Kansas Law Limiting Charges Likely to Drive Cattlemen Into Missouri.

TOPEKA, Kas., March 11.—Governor Bailey today signed the stock yards bill which will go into effect at once. It was reported today that officials of the Kansas City Stock Yards company were considering moving the yards into Missouri on account of the law.

Croup.

The peculiar cough which indicates croup usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. It has been in constant use for almost thirty years and has never been known to fail. It is, we believe, the only remedy that can always be depended upon. It is the sole reliance in thousands of homes and never disappoints those who put their trust in it. It is pleasant to take, too; children like it, which is of great importance when the medicine must be given without delay to small children.

BLADDER TROUBLE AND WEAK KIDNEYS

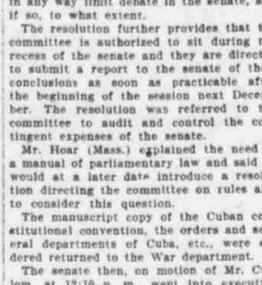

Had to Pass Water Very Often Day and Night

Cured by the Great Kidney and Bladder Remedy Swamp-Root.

DR. KILMER & CO., Binghamton, N. Y.

About two years ago I had a very severe case of kidney and bladder trouble. The pain in the small of my back was so severe that I could not stand to stay in one position more than a moment or two, and was obliged to pass water very often day and night. I tried medicines and doctors without getting relief. Noticing an article in the Topeka State Journal, so highly recommending Dr. Kilmer's Swamp-Root, I determined to give it a trial and bought a bottle. By the time I had finished the first bottle the pain had entirely disappeared from my back. The pain and frequent desire to pass water ceased. However, I continued to take the medicine, using about six bottles in all. That was over a year ago and I have had no return of the trouble since.

(A. H. Nooney.) Chief Engineer, State Capitol Building, Topeka, Kan. Jan. 2nd, 1903.
