When asked this afternoon if he would interfere, Lieutenant Governor McGillon said: "I will not. But I will not take advantage of the governor's absence to do that which he would not sanction."

WRONG MAN GETS A BEATING

Possibility He May Die of Injuries and Assault in Now in Jail.

YORK, Neb., March 12.—(Special.)—"Pat Crow" has been staying at York for the past year and claims to be a detective. He has not been in trouble before during his residence here. Clarence Fiedick and Pat Crow at about 9 o'clock last evening walked to South York and Crow called on George F. Hallock. Shortly Fiedick walked to the Elkhorn track, and about the time he arrived at the track Hallock came running out of the house in pursuit of Crow, and not being able to catch him, he caught young Fiedick and at once commenced to pound him. After giving him a severe pounding he called the police, and they came to arrest Fiedick. Fiedick's condition was such that he was at once taken to his home in North York, where at the present time he is requiring medical attention, and it may result fatally. Hallock is in jail and will be held there until it is learned if Fiedick gets well. Hallock claims that they came to his house and annoyed him and that at various times since his marriage on March 2 last parties had come there, annoying them. Thinking the best way to put a stop to the annoyance he resolved to catch the next ones, who happened to be Crow and Fiedick.

AGREE ON CANAL TREATY

On motion of Mr. Cullom at 12:05 p. m. the senate went into executive session, when details of the agreement to vote upon the Panama canal treaty were discussed. After the agreement was reached Senator Morgan did not manifest any disposition to proceed with the discussion of that treaty. Senator Cullom thereupon asked the senate to take up the Cuban treaty, but Senator Foster of Louisiana objected, saying that his colleague, Senator McHenry, who desired to speak, was absent. This objection prevented formal consideration of the treaty as such, but there was more or less discussion of the effect of amendment to require the approval of the treaty by the house. The general opinion was that the treaty could not be passed until after legislation by bill or joint resolution, in which both houses of congress should concur.
