SUDDEN END OF A BOARDING HOUSE ROW

Who Intervenes with a Club Becomes a Target, but Gets Off Ensily Owing to Poor Pistol.

An intricate series of leases and subletting which is still in course of unraveling in the county court, some alleged insulting remarks and a few minor and less important irritants led to a shooting yesterday evening at 1821 Douglas street, wherein W. R. Harding fired three shots at A. L. Mc-Clelland without injuring him noticeably. One bullet struck directly in the center of the shootee's back but because the weapon of offense was an antiquated buildeng without much muzzle energy, the lead only left a pink spot like a birth mark on McClelland's skin and, turning downward, found exit at the knee of that person's trousers. Another bullet grazed his left cheek and the third struck the flouse. Harding was arrested and charged with shooting with Intent to kill; McClelland with assault; G. Burchmore, A. B. Seybolt and Joseph Carroll as state witnesses.

Michael Lee was called upon to speak and said that the present republican administration was very nearly a model one in every respect. The mention of Mayor Moore's name brought out ringing cheers. A. C. Troup, who was introduced as the only lawyer in the Second ward, was the next speaker, and Frank W. Bandhauer, president of the First Ward Republican ciub, finished after, a speech had been demasded from him. He said there must be no division of republicans, but that the best timber must be chosen and sup-ported at the polls. The club adjourned to meet again March 26 and April 5.

When his friends put him to bed he left commissioner, made a forceful speech that the gas turned about two-thirds on. When the chambermaid became suspicious at the long closed room in the afternoon she spoke to the clerk about it and the latter forced the door. Stout lay unconscious in the bed and the gas, now extinguished, was flowing from the burner, which was turned as it was the night before. The man had placed the wash stand against the door and backed this up with the bed. The transom was closed and there are no windows to the room. He had only 35 cents and a watch to guard from theft by so carefully blocksding the door.

A PESTIFEROUS GERM.

Burrows Up the Scalp Into Dandrut and Saps the Hair's Vitality.

People who complain of falling hair as rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Refore long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed, hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newbro's Herpicide, which mikes hair glossy and soft as silk.

WHY THEY WERE ARRESTED.

George Krebs, living on Zouth Thirteenth street, and a friend yesterday evening hired a horse of Baumley & Johnson and began a drive. They drove so long and so hard and stopped so often at various places that by evening they had reached a condition known to the city ordinances as drunk and disorderly and Krebs was arrested. His companion escaped.

William Gifford of 1105 South Nineteenth street and Charles Adams of South Omaha worked together all day yesterday, drank together later in a saloon at Thirteenth and Jackson streets, then fought together and were arrested, driven together in the patrol wagen and locked in the same cell, both charged with disturbing the peace by fighting.

both charged with disturbing the peace by fighting.

The following persons, having traveled from afar to this city, were yesterday afternoon brought together for the first time by the common suspicion of the police department and are now engaged in cementing the friendship between various states in the city jail: John Nash of Texas, William Morse of Pacific Junction, Clarence Wilson and Joe McHale of Chicago, and C. E. Farmer of Greenville, In.

A stranger was standing on a corner on South Thirteenth street yesterday evening when Jake Chemiir, living at the intersection of that thoroughfare with William street, came along. Something about the stranger apparently irritated Jake, for he proceeded to take a fell out of him. He was arrested for disturbing the peace of fighting.

Albert Wallace, a colored man living at \$13 North Twentieth street, lies in the city dungeon, because Mrs. Wallace accuses him of slapping her on the mouth without cause and cruelly.

Kate Fox. who probably knows every officer on the police force by his first name, was locked up again yesterday evening, charged with disorderly conduct by smoking cigarettes in a public place. The fastidious public place is in the neighborhood of Eighteenth and Vinton streets.

HASTINGS. Neb., March 12—(Special Telegram.)—The first day's shoot of the two days' tournament took place here to-day and was an enthusiastic affair. There were twelve events and twenty-eight men faced the traps. The highest average was won by Martin Dufenderfer of Wood River, who broke 176 targets out of a possible 186.

The next highest averages were as follows: Herr, Concordia, Kan., 189: Holzworth, Hastings, 196; Silvers, Grand Island, 164; Watzgig, Concordia, Kan., 165; Poster, North Platte, 182; Phillips, Concordia, Kan., 161; Horney, Hampton, 158; Mayers and Mann, Hastings, 147; Maxwell, Holstein, 142.

VARSITY RULES AGREED TO

Yale and Harvard Committees Agree to Regulations Governing Athlette Contests.

NEW HAVEN Conn., March 12.—The new athletic agreement between Yale and Harvard was entered into tonight. Later the Yale subcommittee ratified the agreement so far as Yale is concerned.

The agreement covers the four main sports, foot bail, base ball, rowing and track athletics, for two years, but is self-renewing for successive two-year periods unless six weeks notice is given to terminate it.

unless six weeks notice is given to terminate it.

The most interesting point is the agreement that the several captains shall in the first instance be judges of eligibility of candidates for their teams. The captain must submit the list of candidates to a committee of three graduates, who shall be elected in October of each year. In case these graduates disagree with the captain the matter may be referred to a committee, the first members of which shall be Messrs. Otto E. Barnard of New York for Yale. R. D. Wrenn of Beston for Harvard and William Meiklesham of New York, a graduate of Columbia. Each team captain is also to submit to the other a list of men he proposes to play at least three weeks before the game. Any protests must be filed at least two weeks prior to the context.

Raid a Crap Game.

"You'll have to get your money down before you throw," was the word yesterday evening in a back room of the Midway saloon when Sergeant Cook and Officers McCarthy and Jackson entered.

The officers made a partially successful raid on the crap game, which they had reason to believe was in progress there. While seven or eight men escaped through one several doors, Charles Hamilton and Harvy Dorlin of 1124 Capitol avenue, Sam Majors of 911 on the same street, W. H. Alexander of 1123 Dodge street and Daniel Bynum of 311 North Twelfth were arrested and charged with gambling. The officers captured a savings bank, which they say was being used as a kitty, and several dice. The players are said to have had a lookout at the corner of the building. Sergeant Cook had one of his officers approach the saloon from Dodge street and this policeman took up the attention of the watcher, who failed to see the others approaching along the building from the rear.

DeMotte, the scientific lecturer, will give a practical and scientific lecturer, ellustrated with stereopticon views, on "A Plea for Posterity or The Problem of Heredity." In his lecture on heredity Prof. DeMotte begins his illustrations with the Arabian horse and shows how this most perfect of animals had for 1,600 years been cherished by the Mohammedan priests. From this he goes on to illustrate the hereditary transmission of marked characteristics from generation to generation among people. He takes up the effect of alcoholism, etc. This lecture is said by many to be Prof. DeMotte's strongest and is one that will call out the thinking people of the city.

States that if Funds for New Building Cannot Be Obtained Otherwise Promoters Will Offer Shares.

The South Omaha Hospital association is to be incorporated soon. An attorney is now drawing up the articles and it is expected that before the end of the mon'h the association will be an incorporated body. One of the objects of incorporating is to secure more commodious quarters and also to be in a position to secure contributions from those disposed to give toward the support of this worthy institution. Mrs. Talbot of the hospital association said to a Bee reporter last evening that as soon as the articles of incorporation had Leen filed with the secretary of state an effort would be made to secure funds for the "In case we cannot secure funds at this time," said Mrs. Talbot, "we will endeavor to form a stock company and sell shares. building of a permanent hospital here. Yesterday Mayor Koutsky, the city engieer and the streets and alleys committee bought a bunch of dirt at Twenty-fourth and Q streets, where some grading is being done. The dirt bought will be used in filling washouts on Twenty-second street between N and Q streets and on Twentieth street north of O street. About 1,000 yards of dirt will be needed to fill the holes. The city, it is stated, secured the dirt at a very reasonable rate.

Better Car Service.

The Omaha Street Railway company continues to make improvements. Yesterday a Y was being laid on Thirty-third street south of Q street for the purpose of holding cars destined to carry employes of the packing houses. This Y will be completed. before the end of the week and then in the afternoon and evening cars will wait on this switch to accommodate the passengers coming from the packing houses. This change will not make any difference with the running of regular trains to the end of the line, as the cars to stand at Thirty-third and Q streets will be consfdered extras.

Still Making Improvements. The Thomson-Houston Electric Light

company continues to make improvementa in South Omaha. Yesterday the three big transformers, each weighing two toas, were lowered into the basement of the light company's building, 2314 M street. When placed in position the transformers will be connected with the underground cable across M street. This cable was laid under ground to do away with the large number of overhead wires in the immediate vicinity of the plant. Work on the conduits commenced last fall, but cold weather put a stop to operations. Now that the conduits have been completed the transformers have been moved. Riotous Train Mains Man.

About 10 last night a freight train jumped the track near the Swift packing plant and crashed into a switch shanty. A man named Snider, a new employe of the company, was in the shanty at the time and had both legs broken and was otherwise injured about the body. He was taken to the South Omaha hospital after his injuries had been dressed. It is not known positively at present whether his injuries are fatal or not, this depending considerably on whether he is hurt internally.

ඉගෙනනන

We have two offices that we can offer at a very low rental-considering the fact that the price of \$10 per month includes light, heat and janitor service. These offices have both been newly decorated and are attractive and comfortable both in winter and summer. There are not many offices like this in the building and they never stay vacant long -Better call at once.
