MAY CALL EXTRA SESSION President is Determined to Have the Outer STOP COUGH Treaty Effective. IRRIGATION WORKS ARE ORDERED Secretary Hitchcock Gives Authority to Buy Rights to Carry Water to 700,000 Arid Western Acres of Land, WASHINGTON, March 13 -- It can be

stated by authority that President Roosewelt is considering the advisability of calling an extra session of the Fifty-eighth CODgress.

When he was informed that it was the ntention of the senate to so amend the Cuban reciprocity treaty as to render a decision upon it by the house of representatives necessary to make it effective, he informed some members of the senate that he would hold himself free to call an extraordinary session of congress in order to secure action upon it. No definite time was mentioned by the president for the meeting of the extraordinary session.

It is added, however, that Mr. Roosevelt does not think it at all likely that the senate will continue its present attitude. The belief of the presidept and of his advisers is that the senate will take definite action upon both the Panama canal and Cuban reciprocity treaties at the present extraordinary session. Assurances to that effect have been received from the leaders of the senate. The president believes, it also can be said, that this work of the senate will have

> find turned away and, going back to Pierce, bought a revolver. About dusk he returned to the farm. Outside he met Breyer. They had an altercation and he shot the old man. Mrs. Breyer, his mother-in-law, witnessed the shooting and ran out crying to Niegenfind not to shoot her husband. He took several shots at the old woman, but she ran away and escaped fatal injury, although two bullets struck her. Three times he shot at the prostrate old man, reloading while standing over him. His wife heard the shooting and ran out, but, fearing Niegenfind would kill her, started around the other side of the barn. Her ex-husband intercepted her as she turned the corner and killed her. Niegenfind started to run down the road and met a younger sister of his former wife. It was charged at first that he attempted to criminally assault her, but it developed later that he simply tore her clothes off in his mad rage. He did not shoot her, and she gave the alarm.

#### Flight and Capture.

For almost a week Niegenfind was a fugitive from justice. The Lincoln bloodhounds chased him unavailingly. He seemed to have disappeared from sight. As a matter of fact, however, the man had walked three miles away from the Brever farm and slept peacefully all night at a former acquaintance's house, where news of the tragedy had not been circulated. He rode with this friend to within two miles of Winside, in Wayne county, the next morning. A little distance down the road he was overtaken by County Commissioner Cullen, who gave him a lift for four miles in the country. Niegenfind finally stopped at the home of Gustave Rehmus, where he obtained employment. The hue and cry went on, but only Cullen recognized his erstwhile companion by the description He did not know where Niegenfind had gone. Dave Leary, a liveryman of W.aside, secured a few clues and started ou: to the Rehmus place. Four miles southeas: Winaide he overtook Rehmus and Neigenfind, driving cattle in the road.
