A \$10.00 value in most stores— Saturday at..... \$5.00

STRIKERS AGAIN ENJOINED

Judge Phillips Holds Teamsters' Dispute Branch of Commerce Law.

STOPS ALL INTERFERENCE WITH WAGONS

Admits Employers' Claim That Dissatisfied Men Hinder Interstate Trade by Blocking Carts on Kansas City Streets.

KANSAS CITY, March 13.—Eleven more transfer companies obtained injunctions against the striking teamsters today.

The petitioning companies prevailed upon Judge Phillips to act on the ground that interference with wagons on the way to the depots and shipping yards was a violation of the Interstate Commerce law. The plaintiffs argued that goods are in transit, within the meaning of the law, from the moment they are loaded into a wagon and a receipt is given by the transfer company. This contention was upheld by the court. The injunction, which is a temporary one, is made returnable on March 20.

Notices of the injunction issued yesterday upon petition of the Kansas City Transfer company were served today upon thirty-eight labor leaders and strikers, but had

little effect. Few men turned up to take the strikers' places, and those that did go to work accomplished little.

In the bottom ten strikers were arrested for stoning a driver and blockading the thoroughfare and it became necessary for the police to disperse the crowd, but no one was hurt. Later as many more men were arrested for obstructing the sidewalks and a charge of disturbing the peace was made against them.

The leaders of the strike assert they are gaining strength and that other trades will go out in their support if the transfer men do not give in soon.

WABASH TO FILE ANSWER

Legal Department of Company is Busily Engaged Preparing Counter Affidavits.

ST. LOUIS, March 13.—The legal department of the Wabash Railroad company is busily engaged in the preparation of counter affidavits, to be filed in the United States district court tomorrow morning, in support of the bill of complaint on which Judge Adams issued the injunction restraining the brotherhood leaders from declaring a strike.

"The affidavits," said Colonel Wells H. Blodgett, general solicitor of the Wabash, will cover at least twenty typewritten pages and will fully support the contentions of the bill as amended. An already mentioned exceptions to the defendant's answer has already been filed and tomorrow we will also present our motion asking the court to order them to furnish us all the letters, communications and other records mentioned in the affidavits."

C. H. Murphy, chief counsel of the Brotherhood of Locomotive Firemen, when asked about the latest motion filed by the Wabash, said:

"We shall enter no demurrer to the motion, but will, as far as possible, furnish the information desired. An already stated, some of these communications have been destroyed, because of not sufficient importance to keep. We have no informed the Wabash company."

W. N. Judson of St. Louis, associate counsel for the brotherhoods, stated that affidavits in rebuttal would probably be filed, but as to that he could not say for certain until after the contents of the counter affidavits became known. The filing of additional papers in the case, Mr. Judson said, would be promptly done, so as not to delay the hearing.

LEASE HOT SPRINGS PROPERTY

Big Hotel, Springs and Plunge Bath Involved in the Transaction.

HOT SPRINGS, S. D., March 13.—(Special.)—A deal was consummated today whereby H. D. Clark, representing a syndicate, leased the property owned here by the Iowa Land company of St. Paul, Minn., which includes the Evans hotel, plunge bath, Hot Springs hotel and Minnehaha bath house, though the latter two properties are leased to W. M. Barr for a year and Mr. Clark takes them subject to the lease. He will assume possession of the property March 15 and announces that the

hotel will probably be opened by May 1, if not sooner. It is also understood that Mr. Clark has an option on the property leased and that the syndicate he represents will likely purchase it. Mr. Clark has been connected with the Evans hotel a larger part of the time since the property was built in 1892, being manager most of that time, and is well known all over the country as a most capable hotel man. The property involved under this lease is valued at several hundred thousand dollars and during the summer season brings an immense income, the great plunge bath especially being a great money maker. A number of valuable improvements will be made to the plunge bath this spring. It is probable that the hotel will be conducted upon both the American and European plans.

THREE BILLS NOT IN FAVOR

Governor of South Dakota Makes Liberal Use of Veto Power.

PIERRE, S. D., March 13.—(Special Telegram.)—Governor Herried today vetoed senate bill 207, which sought to prevent the giving of rebates to secure life insurance business. The main reasons given are that the bill was clearly for the benefit of the insurance companies and not for the benefit of the people of the state, and further that any such agreement could only be known to the two parties at interest and the law would be a dead letter.

House bill 305, providing for keeping records of real estate transfers in the office of the county auditors, which is characterized as hasty and crude legislation and not going far enough to be of any practical benefit, was also vetoed. House bill 245, which appropriated money to pay a judgment held by Margaret W. Nollette, was also vetoed. This is a part of the old Taylor defalcation deal and the veto is on the ground that the suit is yet pending and not finally decided.

Soldiers' Home Improvements.

HOT SPRINGS, S. D., March 13.—(Special.)—The State Soldiers' Home board is advertising for bids for the construction of four new stone cottages for the use of the old veterans near the home. There is already considerable stir here in real estate, owing to the location here of the National sanitarium by the recent congress. Property has advanced in price, but in changing hands frequently. A number of people are already coming here to locate and large numbers are looked for early in the season.

Transfer Railroad Property.

PIERRE, S. D., March 13.—(Special Telegram.)—A deed of record has been filed with the secretary of state transferring for a consideration of \$1 all the lines of the Elkhorn railway to the Northwestern Railway company.

Odd Fellows Celebrate.

STURGIS, S. D., March 13.—(Special.)—On the evening of March 8, Bear Butte lodge No. 46, Independent Order of Odd Fellows of this city, will celebrate its twentieth anniversary. A big time is anticipated.

FORCES CASTRO'S HAND

Great Britain Threatens to Recognize Eche's if Blockade is Continued

VENEZUELAN SHIPS THEREUPON SAIL OFF

Southern Colonies Tell Hardly on English Colonies and Lead King Edward's Government to Take Drastic Measures.

CARACAS, March 13.—The blockade of the Orinoco and of the ports of Guanta and Carupana recently proclaimed by the Venezuelan government has been raised.

WASHINGTON, March 13.—The action taken by the Venezuelan government in raising the blockade was received here with great relief, for although there was no outward symptoms of trouble, it is now known that the enforcement of the decree would probably have resulted in serious friction, perhaps involving a renewal of hostilities. British interests next to those of American being predominant in the Orinoco section, the British ambassador here was the first to move after the announcement of the blockade decree. The United States government practically had decided to recognize the blockade if Venezuela stationed a sufficient number of ships at the mouth of the Orinoco to make it effective, but the British government was not disposed to recognize the blockade, as it would work particular hardship to the British colonies in Trinidad and Guiana, which are already in straightened financial circumstances.

Britain Forces Castro's Hand. The Venezuelan government was given to understand that if the blockade was persisted in Great Britain would recognize the belligerency of the rebels in Venezuela and, moreover, applying the laws of neutrality with strictness, would close all British ports to Venezuelan warships, allowing them only the small privilege of putting in in time of stress for a limited period. Even during the enforcement of this blockade last March the British government never went to this length and the threat dismayed President Castro. If the rebels were to be recognized as belligerents their cause would be strengthened immensely, or they might charter privateers and be put in a position to borrow money and conduct war on a larger and may be, successful scale.

Incidentally the revocation of the order has relieved the naval authorities here, who had decided if the blockade was to be re-established that it would be the duty

of the navy to watch developments at the mouth of the Orinoco.

Castro Defeats Rebels.

CORO, Venezuela, March 13.—The revolutionary forces under General Riera and General Juan Penaloza, numbering about 1,250 men, which during the course of the Anglo-German blockade, were reorganized in the neighborhood of this city, were attacked last Monday by the government troops under General Castillo at Cumarebo, 180 miles northwest of Caracas, and after a fight lasting three days, were defeated and their trenches and fortified position was captured. General Riera fled in the direction of Piritu, a port in the Bermuda province.

LOSES ARM UNDER WHEELS

Man at Lead Attempts to Board Moving Train with the Usual Result.

TILFORD, S. D., March 13.—(Special Telegram.)—Michael Haddy, a resident of Lead, who had been working in a stone quarry near this place, this morning attempted to board the Northwestern passenger train while in motion. He caught on the hand rail of the smoking car, but lost his hold and was thrown under the wheels.

His left arm was so badly mangled that it had to be taken off close to the shoulder. He is in a dangerous condition and may not recover from the injury.

HYMENEAL.

Nelson-Anderson. OAKLAND, Neb., March 13.—(Special.)—At the residence of Peter N. Nelson, three miles east of Oakland, Rev. E. O. Anderson married Mr. Charles Nelson to Miss Emily Anderson of Oakland, the latter a daughter of Mrs. C. Anderson and a former teacher of the Oakland high school and one of Oakland's most popular young women. The groom is a son of Peter N. Nelson, a well-to-do farmer and stock raiser. One hundred and twenty guests sat down to an elaborate supper.

Removers-Lots.

HUMBOLDT, Neb., March 13.—(Special.)—Charles Remmers, a young man who has farmed in this section for several years, and who recently located at Filley, dropped into town yesterday and claimed the hand of Miss Mary Lutz in marriage. They went to Falls City and the ceremony was performed by the county judge. They will go at once to Filley, where the groom will farm the coming season. The bride is a daughter of John Lutz, one of the well known farmers of this section.

Burger-Winkle.

BEATRICE, Neb., March 13.—(Special.)—Mr. Francis Burger and Miss Anna Winkle, both residents of this county, were married Wednesday morning at the Methodist Episcopal parsonage, Rev. D. L. Thomas officiating. The young couple will make their home on a farm near this city.

BANDITS KILL PASSENGERS

Attack Stage Coach in Sonora and Murder the Occupants.

NO ONE LEFT TO TELL THE STORY

Dead Bodies and the Stage, Filled with Bullet Holes, Mute Witnesses of the Bloody Affair.

TUCSON, Ariz., March 13.—Mexican bandits held up the stage between Potom and Torin, on the Yaqui river, in Sonora, on last Tuesday night, killing all of the six passengers.

Among them was Filiberto Alvarado, a wealthy Mexican who owns a number of ranches along the Yaqui river. The authorities at Guaymas were at once notified. Alvarado and his wife had taken the stage from Potom to Torin and the bandits no doubt thought that he carried a large sum of money with him. The stage carries very little mail and rarely any money of value, so that Alvarado must have been the mark for the bandits. The holdup took place about half way between the two towns, but just how the stage was attacked will never be known, as all of the passengers and driver were killed. They were picked up the same afternoon of the tragedy and the circumstances give evidence that they put up a fight, else they would not all have been killed. Their bodies were riddled with everything of value on them. The traces had been cut and the horses had been allowed to run wild. The cover of the stage and the body were both shot full of holes. It is thought by the Guaymas authorities

that the perpetrators of the deed were some of the bandits who have taken refuge in the mountains back of the Yaqui river and were laying for Alvarado.

Friends of the murdered ranch owner say that he had little money with him at the time. Alvarado had been married only two months. With him were Senorita Julia Berdo and Senorita C. H. Gonzalez, both of prominent families in that country, and both of whom were murdered.

VACCINATION AND DANDRUFF.

There is no Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or, at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and hair falling for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials.

Suspends Two Entire Classes.

HUMBOLDT, Neb., March 13.—(Special.)—Almost all the members of the Junior and senior classes of the city schools "played hooky" yesterday afternoon, and arranged an impromptu picnic in the woods near the city limits, not showing up for any of the afternoon recitations. Superintendent Hoff does not look at the prank in the light of a joke and when the class appeared this morning he refused them admittance and fixed the punishment at expulsion for two weeks. Some of the parents are greatly incensed, holding that the action of the superintendent is too severe, while others hold that it is justifiable.
