market opened strong at a rise of 10625 points and soon showed a rise of 10625 points as compared with the closing yes-terday. The sensational rise thus indicated was due to a great surprise furnished by today's ambles which, instead of showing a decline of 166 points, which would have matched the New York closing of yester-day, resched an advance of 265 points. According to private cables, the English rise was the result of the renewed and energetic buying orders from Alexandris, the Egyptian speculators having gone over to the buil side of the anount, while jobbers were said to be shorts to Laver-pool. The New York contingent was en-tirely taken by surprise. The shorts made a struggle to cover, but seliers were scarce and not until May cotton had sold up to 8.55r was the upward movement arrested. From this point there was a decline to 8.74c, but the market remained very active and showed sudence of penewed interest on the part of the buil pool. The trading was centered largely in May contants, how-ever, also were heavy the July and August During the early excitement the new group conditions. were could be present to the the state a very considerable short interest had been trusted. Whisky Market.

 close of last week, however, there is not
 much change in prices. Medium and handy
 weight cattle have been selling to the best
 advantage, and the decline yesterday was
 mosily on the good heavy cattle. The bulk
 of the fair to good cattle is now selling
 from \$4.00 to \$4.50, good to choice \$4.50\$
 and strictly prime from \$4.55 to \$5.25.
 The cow market has also fluctuated back
 and forth to some extent, but still the
 chinges from day to day have not been
 quite as great as was the case with steers,
 Trading was fairly active on most days and
 the prices paid yesterday were very much
 inst week. Campers are selling largely
 from \$2.00 to \$2.76, fair to good core from \$2.50
 b. Bulls have sold to better sdvantage this
 week than last, and prices are if anything,
 a little higher. As high as \$4.00 has been
 paid for good fat bulks. Veal calves are
 gaid for good fat bulks. Veal calves are
 fast week, while \$4.50 is the beat price this
 day:
 Cattle.

 day:: The demand for stockers and feeders has been brisk all the week and in excess of the supply. As a result trading was active every day and the tendency of prices up-ward. The better grades are fully 100750 higher than a week ago, and in extreme cases the advance looks even greater than that. Choice feeders may be quoted from 54.5 to 54.6; fair to good from \$2.00 to \$2.7; Bepresentative sales: BEEF STEERS. BEEF STEERS.
