# WE ADJUST THE TERMS OF PAYMENT TO SUIT YOUR OWN CONVENIENCE

## MAY ESCAPE HAGUE COURT

Allied Powers Likely to Propose Settling with Castro Direct.  
GERMANY WAITS TWO DAYS FOR CASH  
Has No Representative in Caracas and So Gives Venezuela Till Monday to Pay with Alternative of Seizing Customs.

WASHINGTON, March 14.—By the protocols which were signed on February 18 Great Britain received a cash payment of \$27,500, Germany was promised an advance payment of \$40,000, in five monthly installments, and the allies were to be paid \$17,500 two months from that day.

What steps President Castro has taken to meet the obligations are not known here, but some concern is felt here at the silence of the allied powers regarding the draft of The Hague protocol which was mailed to them some weeks ago, though the absence of any representation on the subject may mean that a plan is under consideration for a settlement at Caracas.

Venezuela's initial payment on the \$40,000 pledged to Germany will not be paid today, as provided for in the peace protocol. The German minister, Baron Hadenhausen, will not reach Caracas until Monday and as the Berlin government at present has no accredited representative there President Castro has been allowed two additional days of grace.

In event, however, that this payment, amounting to about \$70,000, is not forthcoming as soon as Baron Hadenhausen arrives, Britain will be asked to step in and aid President Castro in the administration of his customs, as provided in the protocol.

WILLEMSTAD, Island of Curacao, March 14.—The Venezuelan revolutionists claim to have completely defeated the government forces in the battle which took place recently near Curaca, Venezuela.

CARACAS, March 14.—President Castro left here today for La Victoria, where he proposes to rest for six days and prepare his message to congress.

Celestine Peraza, a prominent political leader, who two years ago started a revolution against President Castro and has been in exile in Curacao, has obtained permission to return to Venezuela.

The report of a government victory at Guinare over revolutionists under Generals Riera and Penelazo on Monday is confirmed.

Judge John Reese of Broken Bow, recently appointed receiver of the land office there, is in the city, a guest at the Dellone. He said:

"I will take hold of the office of receiver about the first of April, succeeding Mr. Young. We have had considerable snow up about Broken Bow this winter, but no serious results have followed to cattle. All the ranches throughout the county are feeding, and there is an abundance of feed for all purposes. I came down from Lincoln this morning for a short, friendly talk with Major Wilcox on Grand Army and miscellaneous matters pertaining to our work as members of the board of visitors to the State Soldiers' home."

M. C. Steele of Newcastle, Wyo., is in the city enroute homeward from a business visit to Chicago. In reference to affairs at Newcastle, he said: "Conditions in the mining districts are in very good shape. There are no mining troubles at Newcastle or Cambria, and about the usual output of coal was made this winter. The grade of coal is increasing in excellence, and the demand for it exceeds the supply. There is some talk there of the Kilpatrick brothers depositing on their interests at Newcastle and Newcastle, but I am not in a position to state or know how far the negotiations have proceeded."

Articles of Incorporation Will Be Filed with Secretary of State Next Week.

The promoters of the Omaha Horse Show association held a meeting Friday, and adopted articles of incorporation which will be forwarded to Lincoln for filing with the secretary of state before next Tuesday, upon which date the incorporators will meet to elect a board of directors and officers.

There will be about twenty charter members of the association, including E. P. Peck, F. A. Nash, M. L. Leonard, John L. Kennedy, T. B. McPherson, Thomas Buchanan, F. S. Cowgill, Fred Metz, F. H. Davis, C. C. Byrne, E. A. Cudaby, W. J. C. Kenyon, C. T. Stewart of Council Bluffs, Arthur Brandis and Joseph Hayden. The articles provide that fifteen members or more shall constitute a board of directors, and that the object of the association shall be to operate a horse show at Omaha. The capital stock of the company is \$10,000, the fully subscribed.

Government Order on Oleomargarine.  
The government has issued orders to all manufacturers and wholesale dealers in oleomargarine instructing them to see that their products conform to the standard name shown in the government license to dealers. It is said in the circular that retail dealers have adopted a plan of buying goods in the name of persons other than the manufacturer, and that this makes it difficult for the government agents to trace the oleomargarine from the factory to the consumer as is contemplated under the act.

City Treasurer Hennings says that the clause of the charter amendment bill reducing the interest rate on tax certificates from 20 to 10 per cent will result practically in failure to sell the certificates in future. The certificates are bid in at sales of delinquent tax property, the bidders charging interest if the property is redeemed by the owner, or otherwise foreclosed and taken possession. Treasurer Hennings declares that the speculators will not find sufficient profit in the 10 per cent interest to make the deals worth while, and therefore the delinquent property will become a drag on the market.

Commissioners Anticipate the Passage of an Amendment to City Charter Authorizing Them to Name Their Clerk.

Upon request of the commissioners W. I. Kierstead at noon yesterday presented his resignation as clerk of the fire and police board. A son-in-law of former Governor Savage, who appointed the acting board, was appointed to succeed Mr. Kierstead at the same salary, \$100 a month, effective Monday, March 23. These proceedings were accomplished at a special meeting, Commissioners Bronsch, Spratlan, Thomas and Wright being present and Mayor Moore absent.

Mr. Kierstead was appointed by Mayor Moore three years ago by authority of a city ordinance. His term would expire Monday, March 16. The charter amendment include a clause putting the appointment of the clerk in the hands of the board. The commissioners are sure that it will become a law by the time that Mr. Harvey takes the position, or so soon thereafter that there will be no interference with the program.

## Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.
