

CURRENT EVENTS OF IOWA. COUNCIL BLUFFS.

DOCTORS ARE TO TALK SHOP

Medical Society of Missouri to Meet This Week in Council Bluffs.

LARGE ATTENDANCE IS ANTICIPATED

Many Members of the Profession Down on the Program for Papers of Interest to the Medical World.

The fifteenth semi-annual meeting of the Medical Society of the Missouri Valley will be held in this city Thursday and Friday of this week.

On the opening day, Thursday, there will be three sessions—in the morning, beginning at 10; in the afternoon, beginning at 2; and in the evening, at 7:30.

One of the features of the morning session on Thursday will be a paper by Dr. Charles H. Mayo of Rochester, Minn., on "Principles of Drainage."

The officers of the association are: President, J. M. Barstow, Council Bluffs; first vice president, Mary Strong, Omaha;

Telephone Talk About Due Two Propositions Expected to Be Submitted to the City Council.

Developments in the establishment of an independent telephone exchange in Council Bluffs are looked for at the meeting of the city council tonight and it is said the representatives of two local companies will ask the aldermen for franchises, if not at the meeting tonight, in the near future.

Dr. Don Macrae, Jr., and Thomas D. Metcalf stated yesterday that if certain preliminaries could be arranged in time, they and their associates would be before the council tonight with a proposition for a franchise for an independent telephone system to connect with the independent companies now operating in this section of the state.

The local independent company organized a year ago by H. M. Van Brunt, Attorney Stanley and other business men of the city is also expected to appear before the city council with a proposition.

Another matter to come before the council tonight is that of replacing the brick sidewalks on Broadway with permanent walks of either concrete or granite.

Plumbing and heating, Fitzby & Son.

N. Y. Plumbing Co., Tel. 250, Night, 1967.

DISCUSS SITES FOR LIBRARY

Trustees Said to Have Narrowed Choice Down to Three Locations.

"If the selection of a site was left to the people of Council Bluffs the new Carnegie library building would be erected at the southwest corner of Pearl street and Willow avenue," was the remark of a leading banker yesterday.

Trustees of the public library, with whom rests the selection, are not doing any talking for publication and decline to discuss the question. It is understood, however, that their choice of a site has narrowed down to between three of the properties offered. The trustees will, it is expected, decide on a site at their adjourned meeting on the 25th.

A tabulation of the sites offered shows that for the largest facing building the W. H. M. Pusey property is the lowest.

NOTHING BUT WATER TO DRINK

Saloon Men Obey the Mandate of County Attorney and Remain Closed.

Following the mandate of the county attorney, the saloon men of Council Bluffs kept their places closed yesterday and the city experienced a dry Sunday.

County Attorney Kilpatrick declined, when asked Saturday, to state what means he would take to discover if any of the saloon men violated his order, but it is believed that he had persons engaged to make the necessary investigation.

Let's the Robber Stop. Since the recent robbery at his home, Richard Gunnoode of Eighth avenue has placed a number of burglar alarms about his premises.

School Board Meeting. The board of education will hold its meeting tonight instead of Tuesday night. The board requires that the regular annual meeting of the board be held on Monday night.

turned, and that this attempt upon his life was because of this is clearly shown by the following letter taken from his pocket by the sheriff after the shooting:

Huddle, you will be sorry some day for the way you have treated me. I want you and all my friends to attend my funeral in case I die. WILLIAM W. RUSSELL. The young man is resting easy today, but his physicians say there is but little chance for his recovery.

CHANGES IN THE GAME LAWS

South Dakota Legislators Make More Stringent Regulations for Sportsmen.

PIERRE, S. D., March 15.—(Special.)—The last session of the legislature took up the matter of protection of game and fish and passed house bill 127, for the protection of game, except between the 15th of November and 15th of December of each year, amending the old law, which allowed hunting of such game any time in the months of November and December of each year.

Senate bill 206 amends section 3,664 of the revised code to limit the number of game birds which may be shot by one hunter in one day to fifteen—old law twenty-five—and adds a penalty of imprisonment in the county jail of not less than five days nor more than thirty days for violation of the laws, with both fine and imprisonment, at the discretion of the court.

House bill 127 follows with provisions to prevent the shipment of game birds, to back up the provisions of senate bill 206. The house bill prohibits shipment of more than fifteen game birds by any person, firm or corporation, and increases the fine for having such birds in possession to not less than \$10 nor more than \$100. This action also makes it unlawful for any railroad, express company or common carrier to ship or carry more than fifteen of the game birds mentioned, with a like penalty for shipping.

The fish laws were changed by prohibiting fishing in September, which added to the old provision of the law, and the length of fish which may be lawfully caught has been increased from six inches to eight inches, by house bill 104; while senate bill 225 amends section 2,108 of political code, to apply the penalties of unlawful taking or transportation of fish to companies or corporations, their agents, as well as to individuals.

GOING TO ALASKAN FIELDS

Black Hills Mining Men Preparing to Prospect in New Territory.

DEADWOOD, S. D., March 15.—(Special.)—John Manning, who was the first general elected in Lawrence county, is preparing to start for Valdez, Alaska, in a few weeks, intending to prospect in the territory island from that point. A railroad is projected from Valdez to Eagle on the Yukon river, and Mr. Manning says it will pass through 500 miles of country rich in gold, copper and other metals.

A number of other well known Black Hills men are intending to return to various parts of Alaska, where they have summered for several years. Among them is James Gustafson of Lead, state mine inspector, who is also going to Valdez. For the two seasons past he has superintended the operations of the Cape Nome Hydraulic Mining company at Nome, Alaska.

Charles E. Metcalf of Deadwood, who is interested in several claims near Nome, has received word from his partners that the claims are proving rich and asking him to come out this spring and help work them. He is accordingly planning to leave as soon as the transportation opens.

Money in Raising Pigeons. SIOUX FALLS, S. D., March 15.—(Special.)—A comparatively new South Dakota industry which has as yet attracted little attention is pigeon raising, which is carried on extensively by the Menomonic colonies in Hutchinson county.

Omega Oil FOR Weak Backs

There is no way to get at a weak, tired, aching back except from the outside. You may swallow medicines till doomsday, but those medicines will never get around to your back.

Last October I had severe pains in my back. As an experiment I tried Omega Oil. It acted like magic. In my home now we have a bottle of Omega Oil and we use it for everything. It is the best thing of its kind on the market. I recommend it to all my friends.

G. RAYMOND HALL, 1124 Bedford Ave., Brooklyn, N. Y.

Omega Oil is good for everything a liniment ought to be good for.

GOVERNOR SETTLES STRIKE

Colorado City Men Make Peace with Two Employing Firms.

STANDARD EMPLOYEES STILL STAY OUT

Conference Lasts Twenty-Four Hours and Leads to Compromise by Which Troops Will Be Withdrawn and Strike Quashed.

DENVER, March 15.—A partial settlement has been effected in the millmen's strike at Colorado City, which has lasted for nearly a month, and on Tuesday, which has been affected have accepted the settlement, namely, the Portland and Telluride mills.

The employees of the Standard mill refused to make any concessions whatever, and the strike will be continued there.

The managers of the Telluride and the Portland mills agree that eight hours shall constitute a day's work, except in the sampling works, where the men are to work ten hours.

The employees of the Telluride mill are to return to work in twenty days, and those of the Portland in thirty days, or as soon as repairs now under way are completed.

The question of wages is to be taken up by representatives of the mill owners and the union within thirty days.

The conference was attended by Governor James Peabody and representatives of the Western Federation of Miners, and the mill owners, and was held in the governor's room at the state capitol. It began at 2 yesterday afternoon, and continued without intermission until 3 this afternoon.

Or painfully hurt, burned, bruised or wounded gets quick comfort from Bucklen's Arnica Salve. It conquers pain. 25c. For sale by Kuhn & Co.

UNION MAYOR SHUTS OFF GAS

Labor Organization Boycotts Company and Orders Civic Head to Burn Oil.

EVANSVILLE, Ind., March 15.—Mayor Charles G. Cover and a number of the members of his cabinet felt themselves compelled to discontinue the use of gas in their homes. This comes as a result of their being members of labor unions.

Last night at midnight the mayor and other city officers had the gas turned off in their homes and will use only kerosene for lighting or fuel purposes.

All were notified by the Central Labor union, which has placed a boycott on the Evansville Gas and Electric Light company either to discontinue the use of gas or be suspended by the unions.
