

COMING TO OMAHA

President is to Visit Six Nebraska Cities Late Next Month.

STRENUOUS WESTERN TRIP IS PLANNED

Several Daily Visits Are Arranged for Nine Weeks' Tour.

WEST AND NORTHWEST TO SEE ROOSEVELT

Executive Will Be Kept Busy Traveling Over Country.

DUE TO REACH ALLIANCE ON APRIL 25

Grand Island, Hastings, Lincoln, Fremont and Gate City Are All to Receive Calls from Nation's Head.

President Roosevelt will spend the night of Monday, April 27, in Omaha, arriving at 5 o'clock in the evening of that day and departing at 5 o'clock the next morning for the south.

That is Omaha to have preparation for the disappointment of last fall, when the president was to have graced the carnival festivities with his presence the night of September 27, but was prevented from doing so by the increasing seriousness of the injury to his leg.

At that time Secretary Cortelyou, for the president, implied that the latter would yet carry out his plans and the Ak-Sar-Ben governors accordingly renewed their invitation, with the result that it has just been formally accepted by the president, for this new date.

Nebraska Cities on the Route. Practically every Nebraska point that was on the list in fall of 1902 is now and will be honored with the executive's presence for about the same length of time contemplated in the original plan.

The first important stop will be at Grand Island, where the presidential party will spend all Sunday, April 26, and on Monday morning, when it will proceed to Hastings. The mayor of Grand Island is to have charge of the arrangements there and Senator Dietrich of the arrangements at Hastings, his home town.

About 2 p. m. Monday the party is to arrive in Lincoln, where there is to be a carriage drive, arrangements for which are to be under the supervision of Congressman Burkett. From Lincoln the party, abandoning the Burlington, will go over the Elkhorn to Fremont, where it will stop and then come into Omaha over the Union Pacific, arriving here at about 5 p. m.

Provisional outlines of all local programs are to be submitted to the president's secretary, Mr. Loeb, within the next few days.

Full details of his entertainment here have not been decided upon, but they will be in charge of Senator Millard. The names of all who will be in the president's party during the trip have not yet been decided.

When the president leaves Omaha, early in the morning of Tuesday, the 28th, he will go directly to St. Louis, there to participate in the dedication of the exposition grounds.

Itinerary of Tour Ready. WASHINGTON, March 16.—Several senators and members of the house of representatives from western states today had conferences with President Roosevelt concerning his approaching tour of the west and northwest. Dates for the president's visits to cities of the several states to be included in his journey were discussed. A few changes were made, but the itinerary of the trip practically has been completed with the exception of the time of arrival and departure from a few places. The itinerary now is in the hands of the railroads for exact determination of the running time of the president's train.

The party will leave Washington on the morning of April 1 and proceed to Chicago. April 2 will be spent in Chicago. Thence the president will go to Madison, Wis., where, on the morning of the 3d, he will address the legislature in state.

Waukegan and Milwaukee will be visited next. He will be entertained at a banquet by the Merchants and Manufacturers' association of Milwaukee.

The next morning, after a two hours' stop at La Crosse, he will go to St. Paul and Minneapolis, leaving the latter city late that night and arriving in Sioux Falls, S. D., the next morning. After a brief stop there he will go to Yankton, Mitchell and Aberdeen, S. D., made by the itinerary. On the morning of April 7 he will reach Fargo, N. D., and visit Jamestown, Bismarck, Mandan and Medora, all in North Dakota. He will visit Livingston, Mont., on Wednesday, April 8, and arrive at Cincinnati, Mo., on Thursday, April 9.

Cincinnati is at the entrance to the Yellowstone park. The president's train will be sidetracked there until Friday, April 24. President Roosevelt, accompanied by Secretary Root and John Burroughs, the poet-naturalist of New York, will make an extended tour of the Yellowstone National park under the guidance of Major Pitcher, the park superintendent. On this trip the president will be escorted by a picked detail of soldiers. It is understood that Secretary Loeb and the other members of the president's party will be on the train at Cincinnati during the president's absence, but communication will be maintained with the president daily during his absence.

Officer Takes His Own Life

Police Sergeant of St. Louis Cannot Stand Criticism of His Official Conduct.

ST. LOUIS, March 16.—Police Sergeant John Noonan of the Fourth precinct, in which vice and corruption disclosures were recently made by the grand jury, committed suicide today by cutting his throat and shooting himself in the abdomen. He had been suffering from nervous prostration.

Justice Day Still Improves

Spends a Comfortable Night and His Temperature Again Becomes Normal.

WASHINGTON, March 16.—Reports from the morning of the 25th and on that day will visit Quincy, Ill., Hannibal, Mo., Louisiana, Mo., and Clarksville, Mo. He will arrive at St. Louis late in the afternoon. That night and Thursday, April 30, will be spent in St. Louis, where Mr. Roosevelt will participate in the ceremonies incident to the dedication of the exposition grounds.

ISLANDS ARE WASHED AWAY

Full Particulars Arrive of Terrible Hurricane in South Seas.

SAN FRANCISCO, March 16.—(Special Telegram.)—Additional news of the typhoon which swept over the Hawaiian islands group and the Pacific island group.

The French government has investigated the disaster and found that between 500 and 600 islanders perished during the storm. After the wind had subsided and the waters receded bodies of drowned natives were found and taken care of.

The islands of Haou, Morakau and Hiquera are virtually washed away, as they are at present little above the sea level and are destitute of vegetation. On them man cannot subsist, as the soil has vanished and the coconut trees are dried up and dead.

After the storm passed the survivors were in a piteous plight. Food was at a discount, and from combating tons of water the sufferers were brought to the brink of death from being thirsty. Shelterless, nude, weak and discouraged, it is not to be wondered at that a few of them looted the neighbors' goods. However, on the whole, the order was commendable.

The relief from thirst came in the form of condensed water provided by Mr. Gilbert, an American, who secured the consent of Dr. Boumali to distill water. The administrator was at first skeptical, but, having refused consent, he was given a small quantity of fresh water from a miniature condenser constructed by Mr. Gilbert.

At length two tanks, some frames of an iron bed, for use as tubs, and some tubs were found. With this primitive machinery 200 gallons of fresh water were distilled daily for several days.

The last sensational hurricane in the history of the Hawaiian and Navigator islands fourteen years ago today. Six warships and ten other vessels were lost and 142 officers and men of the German and American navies lost their lives. Of all the ships in the harbor the British corvette, the only one to escape, owing to the masterly seamanship of the captain and the general rule on English vessels never to let steam go down.

FOREIGN EXHIBITS AT FAIR

France to Be Well Represented at St. Louis, but Some Doubt About Germany.

BERLIN, March 16.—The St. Louis exposition appropriation of 175,000 marks will be presented to the budget committee of the Reichstag tomorrow.

The committee, which is largely composed of party leaders, has been systematically discussing the government's requests, and may take off the appropriation for St. Louis.

Interior Secretary von Pasadowki-Werner, it is understood, canvassed the committee rather carefully and is in doubt whether it can secure a majority for levying the item as it is. The argument which the imperial government is using is that the honor of the government is fully committed to adequate representation and it will not do to affront the United States by backing out.

Paris, March 16.—Minister of Public Instruction Chaumié has issued a decree governing the exhibition of French works of art at the St. Louis exposition.

It establishes the French section of the fine arts exhibit, which is to be opened from May 1 to December 1, 1904. It will be limited to works of art produced since 1852.

The works of art are divided into six classes—first, paintings; second, in sculpture; third, in architecture; fourth, in architecture; fifth, engravings and lithographs; sixth, porcelain and mosaics and works of metal, wood, leather and silk.

Copies are excluded. Each artist is limited to six works. Their merit will be decided by a jury. It is named later. The minister of public instruction and commerce, jointly with the state, undertake the expenses of installation and exhibition.

TO BE NO WAR AT PRESENT

Trouble Between Salvador and Guatemala to Be Settled by Arbitration.

PANAMA, March 16.—Cable dispatches received here from Salvador say the efforts made by Consul General Chocano have made possible a peaceful arrangement of the differences between Salvador and Guatemala, which, it is added, will be submitted to the arbitration of a Spanish-American president.

Senor Chocano at first proposed that President Diaz of Mexico be appointed as permanent arbitrator.

The Guatemalan army will be disbanded shortly.

OFFENDERS TAKEN TO JAIL

Defending Officers Are Placed Behind Prison Walls at Manila.

MANILA, March 16.—William Wilson, former disbursing officer of the bureau of coast guard and transportation here, who was arrested at Montreal, on the charge of embezzling \$5,000, arrived here from Montreal today in custody.

James Beahan, disbursing officer of the Philippine board of health, who was recently convicted of altering the accounts of the board, arrived here today from Shanghai, from which city he was extradited.

The two prisoners were taken to jail.

LINDSAY SEES PRESIDENT

Accompanied by Senator Dietrich He Presents Papers for Attorneyship.

HULL TALKS ON POLITICS IN IOWA

Expresses Confidence in His Ability to Win Out in Contest for Renomination in 1904 Campaigns.

(From a Staff Correspondent.) WASHINGTON, March 16.—(Special Telegram.)—Senator Dietrich, with Chairman Lindsay of the republican state committee, called on the president today for the purpose of personally presenting Mr. Lindsay as the candidate for the United States attorneyship.

The fight over the district attorney has drawn its weary length along since December. Senator Dietrich has grown weary of inaction and he now proposes to actively push the candidacy of Lindsay for the place and insists the rank and file of the republican party of the state asks his appointment at the hands of the president. Mr. Lindsay's incensements were presented to the president.

Commissioner Richards III. W. A. Richards, commissioner of the general land office, is confined to his home with an attack of grip. Mr. Richards has been working very hard since he became the head of the land office and is considerably run down in consequence.

Hull Not Alarmed. The so-called "Iowa idea" as to tariff reduction will be tried out in the coming campaign in Polk county and will be along the lines as enunciated by Governor Cummins in his recent speech in Des Moines. The contest will be fought with interest both because of its tariff features and also because it will determine whether the veteran representative, J. A. T. Hull, is to receive another nomination. Recent dispatches from Des Moines in the eastern press have been proclaiming the defeat of Captain Hull and the triumph of the "Iowa idea," or, in other words, Governor Cummins' idea of a material reduction of certain of the tariff schedules.

Captain Hull, who has been rallying in Washington since the adjournment of congress to settle up odds and ends of interest to his constituency which he had not the time to attend to before, has about cleaned up his slate and will leave for Iowa Wednesday or Thursday of this week. Mr. Hull will plunge at once into the local political fight and does not by any means feel alarmed because his opponents a few days ago accused the candidacy of a majority of the county committee.

"I don't care whether the other fellows have the county committee or not," said Mr. Hull. "All that committee has to do is to call the primaries for the nomination of a republican candidate for congress. For several years the committee has been with me, and I have been accused of doing all sorts of things. Now I am perfectly willing to let the other side have the committee, Cummins and I live in the same precinct, and I can beat him there in the last fight. He and his friends say they can defeat me at the primaries for nomination next year. I am not entirely convinced that they can. As to the 'Iowa idea' we hear so much about just now, I am free to confess, I don't know exactly just what it means. I don't know, however, that the president and leading republicans in general propose to do nothing to cause a slackening of the present prosperous condition of the country, and do not intend to pass any legislation which would send us into the next national campaign with panic-stricken commercial feelings instead of the backing which will surely come with a continuation of prosperity. So far as a revision of the tariff is concerned, the republicans, if a republican congress should be elected, will serve prosperity instead of doing anything to cause a slackening of the present prosperous condition of the country, and do not intend to pass any legislation which would send us into the next national campaign with panic-stricken commercial feelings instead of the backing which will surely come with a continuation of prosperity.
