## acceptance of the franchise must be filed with ninety days. Desires Bluffs Connection.

H. W. Cutshell of the Shelby Telephone company addressed the council on the importance of Council Bluffs securing connection with the independent telephone companies. He called attention to the fact that in the east end of Pottawattamic county there were about 1,000 independent phones, in Harrison county 900 and in Shelby county 600. In answer to a question of one of the aldermen. Mr. Cutshell said his company had no choice between the two companies before the council asking franchises. This necessitated the completion of the deal here, and today representatives of the asphalt companies met the brickmakers and concluded arrangements for the purchase of the Cap-Ital City plant for \$90,000. This will en-

able the asphalt people to compete with the brickmakers in the use of brick for paving in Iowa, and it is regarded as certain to end in cutting prices on all kinds of paving in this state. It has been shown in the past that the Des Moines brickmakers were selling brick in cities of the state

far below Des Moines prices and the belief has been general that the companies were in a close combine.
