SCHOOL BOARD CHANGES MIND

Rescinds Its Action on South Twenty-Fourth Street Grade.

FAVORS NEW SCHOOL ON VINTON SITE

Adopts Resolution Setting Up Its Need and Promising to Build One in Near Future.

Action taken by the Board of Education a week ago in refusing to sign the petition for a change of grade on Twenty-fourth street from Leavenworth to Mason, was rescinded last night and the matter placed in the hands of the judicial committee for a report on the legal questions involved.

Mr. Harman said that the proposed change in grade had been erroneously stated, and that it would not damage the Mason street school property at all; that the grade meant a car line to South Omaha via South Twenty-fourth street, and great convenience to thousands of persons. It finalized with the school board to help out the citizens by helping them get the grade and thereby the street railway, he asserted. Mr. McIntosh spoke in a similar strain and Mr. Bingham remarked that the street railway would be damaged not only by adjacent property owners, but by many others as well. Member Funkhouser said legal questions are concerned in the proposed signature, and that it had been stated that if the board signs the petition it will render real estate in the vicinity of Twenty-fourth and Mason streets worthless. It was filed.

New School on Vinton Site.

Member Cernak offered the following resolution, which was adopted unanimously: Whereas, The present school buildings on the Vinton street site are inadequate and the Board of Education did not contemplate erecting a new building years ago, and the Vinton street site affords eminent location for a school building, and

Resolved, That it is the sentiment of this body to erect a modern, commodious building on the Vinton street site in the near future.

In connection with the Vinton street school a petition with eighty signatures of the district was received, asking that a new building commensurate with the demands be erected on the present site next year.

Chairman Stubbendorf of the committee on buildings and property reported that Thomas R. Kimball had been employed to draw plans for the new Monmouth Park school, and recommended that should the plans be accepted Mr. Kimball be engaged to supervise the construction of the building at a remuneration of 8 per cent of its total cost, all plans and tracings to become the property of the board. The report was adopted without a dissenting voice.

Superintendent of Buildings Finlayson was instructed to move the present Monmouth park school building to the north-west corner of the grounds during vacation in order to provide temporary quarters while the new structure is going up. For the new building it was decided to use steam heat, for the purpose of securing an improvement in ventilation system, according to Member Stubbendorf.

After the regular order of business was transacted the board took another fall out of the rule revision, and succeeded in working to the seventy-seventh page of the code and making a lot of changes, most of them being unimportant. One departure, however, affects the salaries of the supervisors of music and drawing. That of the former was reduced from \$150 a month to \$130, and the latter from \$140 to \$130. This makes their wage the same as the supervisor of kindergarten, and was done upon the motion of Member Stubbendorf by a vote of 7 to 6. The other salaries remained the same as at present.

An attempt was made by Member Smith to have passed a resolution making it unnecessary for cadets to have uniforms to drill at the high school. It was knocked out without a dissenting voice by Members Christie and others. Trouble by Members Christie and others. Trouble by Members Christie and others.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

CLUB PUTS KARR ON SPIT

North Omaha Improvers Roast Their Councilman to a Turn.

TRY TO CORNER HIM ON HIS RECORD

He Feebly Dodges Each of Many Efforts to Get Him to Say How He Will Vote on the Rosewater Ordinance.

Anti-Moore men, entrenched behind the word "indorse," as occurring in the resolution which was offered one week ago by J. Y. Craig at the meeting of the North Omaha Improvement club, sought to thwart the desires of the club members in the expression of their feeling toward Mayor Moore for his veto of the "open door" electric power ordinance, at the meeting of that club again Monday evening. The resolution also requested Councilman Karr to use his vote and influence in the passage of the measure. The failure of Karr to electric power ordinance, at the meeting of that club again Monday evening. The resolution also requested Councilman Karr to use his vote and influence in the passage of the measure. The failure of Karr to electric power ordinance, at the meeting of that club again Monday evening. The resolution also requested Councilman Karr to use his vote and influence in the passage of the measure.

FIGHT COMES ON EARLY

The first order of business transacted was taking from the table the Moore-Rosewater resolution for adoption, and it remained the entire evening to dispose of the measure.

J. Y. Craig, the father of the resolution, hoping to prevent a clash of the factions, agreed to remove the first clause endorsing Mayor Moore for his action (and which was objectionable to Councilman Karr) provided the councilman would consent to endorse the Rosewater measure. His ultimatum was received with loud applause.

William I. Kierstead objected to the elimination of the endorsement, claiming that it was essentially the portion which the club sought to retain as an expression of its thanks to the mayor for his veto. "If Karr will stand by the ordinance I will offer a resolution of the same nature in his behalf," he said, amid cheers and appreciative applause.

Mr. Craig defended his action by stating that he had not offered the resolution for the purpose of persecuting Karr, but simply that the people might have his endorsement and that they might express themselves at the polls.

Karr Defends Himself. Councilman Karr arose to defend himself. He said that he did not intend to stand in the resolution because it was simply disagreeable to him, but "because it looked to him like a political proposition on the part of members of the club." Continuing, he dodged the inquiries shot at him by stating that he "would be fair in bringing this up in the council. I have said so once and I say so again before Mr. Rosewater, who is here," he said. Seeking to quiet the overwhelming opposition, he said he would "withdraw his opposition and vote for the resolution."

With ten members standing upon the floor seeking recognition from President Ellis, E. F. Moriarty was favored and arrested that he would vote for it and work for its support. Much applause followed the remarks of Mr. Rosewater.

What Karr Wants. Mr. Karr jumped to his feet and addressing himself to Mr. Rosewater, said: "I will say to you that I do not see the proposition come up in the council will I vote for it. I don't see why you should come here and 'turn' me; you have nothing to gain by so doing. Why don't you wait until you see how I vote."

Cries of "That's too late," "Tell us now," compelled the councilman to discontinue speaking and sit down.

"I don't think there is a man in the room," said Mr. Rosewater, "who knows how this man (Karr) will vote. I don't think he himself knows. Men are now judged in public affairs by their continuous actions, and not by their spontaneous acts."

The remark again caused the crowd to vigorously display its support for the Rosewater measure in cheering and applause, which continued for nearly five minutes.

"I say that you owe the people a duty in giving your vote for this ordinance," continued Mr. Rosewater, "and you should show your support to your constituents by your affirmative vote."

When the cheering subsided Karr sought to defend his position by asking Mr. Rosewater: "Would you accept an amendment to your ordinance now?"

"It's too late, and you know it," was the reply.

The crowd present yelled itself nearly hoarse as the councilman, humiliated, sat down.

WINCH HEIRS WANT ACTION

They Institute Contempt of Court Proceedings Against Mrs. Miranda J. Steen.

E. E. Thomas, an attorney for Alvin M. Aldrich and other descendants of Seth Winch, in their suit to recover from his widow, Mrs. Miranda J. Steen, properties he deeded her, has filed an affidavit in district court, which has had the effect of a decree, ordering her to sign certain deeds in favor of the plaintiffs.

The suit against Mrs. Steen was successful, and on January 15 Judge Dickinson signed a decree, ordering her to sign certain deeds in favor of the plaintiffs. In his affidavit Attorney Thomas alleged that she has failed to do this, though two months have elapsed, and that for a while she and her present husband absconded with the money to escape the order of the court. He further alleged that he believed her to be in the city at present, and by such allegation he secured the capias with which to force a summary action before she could again leave Omaha.

The capias was given Deputy Sheriff Sherry to serve yesterday afternoon, but when the sheriff's office closed at 6 o'clock he had not reported the woman found.

Will Do All This for You. Dr. King's New Life Pills put vim, vigor and new life into every nerve, muscle and organ of the body. Try them. 25c. For sale by Kuhn & Co.

Frank Was Robbed. Steve Falcon, who has been rooming in the rear of 18 North Ninth street, was robbed yesterday afternoon on suspicion of being the person who broke open a trunk belonging to Frank Bel, who roomed in the same house, while the latter was away at work, and took the trunk from him.

DIED. STRIETZ, Fredrika, March 15, aged 75 years. Funeral Wednesday, March 16, from residence, 1430 E. 17th, at 2 p. m. Interment Prospect Hill cemetery. Friends invited.

Fire-Fighter's Story

How the Strongest Man in the Philadelphia Fire Department—Once the Weakest—Gained His Strength and Health, by Using Swamp-Root, the Great Kidney and Bladder Remedy.

HERE'S the story of a man who was near death's door and was saved by using Swamp-Root.

If he came to you and said: "My friend, do you suffer with kidney trouble? Does your back ache? Do you feel bad all over and can't tell exactly what's the matter? Have you tried medicines or doctors without benefit? Are you about discouraged? Then do as I did, and get well—Use Dr. Kilmer's Swamp-Root! I know it will cure you."

If he did this, would you believe him? Wouldn't you, if you were a sufferer, follow his advice, knowing that he bore living, sentient, vital testimony to the wonderful virtues of this great natural remedy?

WELL, that is just what Hugo Hutt, strongest man in the Philadelphia Fire Department, hero of a hundred battles with the flames, is doing now through the medium of this newspaper.

Hugo Hutt has been connected with the Philadelphia Fire Department for the past four years. He is stationed at the engine house at Nineteenth and Callowhill Streets. Mr. Hutt is known as the strongest man in the Fire Department and has taken many prizes at athletic tournaments for his prowess in the field of sports.

He is also an ex-sergeant of the United States Infantry, having for several years been stationed at Fort Niobrara, Neb. Mr. Hutt also served with the Sixth Pennsylvania Regiment during the Spanish-American war.

HERE is the story as he gave it to a special representative of Philadelphia's Great Newspaper, "The North American."

"You will hardly believe it when I tell you there was a time when my body was in such a diseased condition that my relatives and friends would have, at no time, been surprised to learn of my death. It was all due to kidney trouble, for which I could secure no relief. I was under the care of my family physician for a number of years, but he was unable to do me any good. I also consulted two noted specialists on kidney diseases, but they were unable to give me more than temporary relief. I had already made application to join the army, but was turned down on account of my bad physical condition. "I was advised to try that greatest of all remedies—SWAMP-ROOT. "I wrote to Dr. Kilmer & Co., at Binghamton, N. Y., for a sample bottle, and I went immediately and bought a supply from my druggist, with the result that in a comparatively short time I had entirely recovered and became the man you see me now. "I served a number of years in the army and for the past four years I have been connected with the Philadelphia Fire Department. My work, both in the army and fighting fires in Philadelphia, has been the most arduous, and work that I could not do, did I not have a strong physique. "I do not know what the words 'Kidney Trouble' mean now, and do not expect to. I cannot speak too highly of Swamp-Root. A few bottles of this great remedy did more for me than a dozen physicians could." (Signed) HUGO HUTT, 565 Stillman St., Philadelphia, Pa.

HUGO HUTT, PHILADELPHIA FIREMAN.

AND this is only one man's story—if the average reader of a newspaper could be persuaded to read the thousands of such testimonials which come to Dr. Kilmer's Swamp-Root, the kidney troubles which now afflict humanity would be cut down fifty per cent.

For these testimonials all prove beyond a doubt that the greatest cure for kidney, liver and bladder troubles is

Dr. Kilmer's Swamp-Root, NATURE'S GREATEST AID TO THE SUFFERING.

EDITORIAL NOTICE—Swamp-Root is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it, may have a sample bottle sent absolutely free by mail, also a book that tells all about it and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. In writing be sure to mention that you read this generous offer in The Omaha Daily Bee. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TO OPEN SEVERAL STREETS

Council Takes Preliminary Action Sitting as Committee of the Whole.

FROM FLORENCE TO SOUTH OMAHA CLEAR

Two Openings of Thirtieth Street Will Give Continuous Thoroughfare from North to South Line of City.

Sitting as a general committee yesterday afternoon, Councilmen Karr, Hascall, Hoye, Whitehorn, Zimmas, Lobock and Trostler decided to buy a strip of ground forty feet wide and 700 feet long, owned by the assignees of the Harris & Fisher Packing company, in order to open Hancock street from Twenty-ninth to a subway that is to be constructed under the Union Pacific tracks. The consideration is to be the cancellation of the city and county delinquent taxes against the whole property—about forty acres. The city taxes amount to more than \$7,000 and the county taxes to about \$2,000. The exchange is to be made only if the county commissioners agree to cancel the county's portion of the taxes.

W. A. DeBord, representing W. K. Potter and other property owners, protested against a proposed change in grade in the alley between Cass and California streets from Thirtieth street to Twenty-eighth avenue. He stated that the residents on the California street side of the alley would have their barns perched high in the air, while the Cass street citizens would have their stables at grade. Further, that the majority of the abutting property owners now do not want the change, several having signed the petition under misapprehension. The committee voted to ask the mayor to veto the grade ordinance. It is understood that the opposition also is active and has urged the mayor to sign the ordinance, which is before him.
