

BIG BLAZE IN SOUTH OMAHA

Omaha Coopersage Company's Plant is Burned to the Ground.

LOSS AMOUNTS TO SIXTY-FIVE THOUSAND

Manager Welch Announces that Loss is Fully Covered by Insurance and Works Will Be Re-built at Once.

Fire totally destroyed the Omaha Coopersage company's works at Thirty-fifth and I streets, South Omaha, yesterday.

The plant was erected four years ago by M. D. Welch at a cost of about \$50,000.

It was shortly after 6 o'clock when those living in the vicinity noticed that the whole center of the structure was on fire.

Chief Eiter said that he laid in 1,700 feet of hose and did his best to save at least a portion of the building.

Shortly after the arrival of the department the roof fell in and soon after this the walls commenced to come down.

By the destruction of the works 100 men are thrown out of employment for a time.

The burned building was filled with new and expensive machinery.

Distribution of the Insurance. The insurance on the coopersage works, amounting to \$67,500, was placed by H. E. Palmer, Son & Co.

Ends Headache's Torture. Lazy livers and sluggish bowels cause headaches.
