CHINA IS NO LONGER SAFE

Missionaries Now Flooding Into Larger Cities of the Empire.

BOXERS COMMIT MORE ATROCITIES

Movement Against the Dynasty and Against All Foreigners is Becoming Stronger Throughout the Entire Country.

SAN FRANCISCO, March 17.—W. B. Bentley, a missionary who has been a number of years in Shanghai, has just arrived here. Speaking of the situation in China, he said:

The latest atrocity committed by the Boxers was the murder of three missionaries in the province of Chi Li. All the missionaries are flocking into the cities as the country is no longer safe for foreigners.

The Boxer movement in China has two different phases. In Southern China the movement is against the dynasty, while in the north the cry is "Down with the foreigners. The entire movement is not by the Boxers, but a class known as the 'reform' party.

The Cantonese in Southern China have always been hostile to the present dynasty. This is because the Cantonese go abroad in large numbers and their movement is anti-dynastic. In the northern provinces there is an anti-foreign feeling, mingled with the hatred of the dynasty.

Throughout China there is a lack of cooperation among the reformers and probably for some time to come the outbreaks will be of small proportions.

PEKIN, March 17.—A diplomatic meeting was held today to consider the Chinese refusal to issue the indemnity bonds until the foreign ministers submitted to their governments the question of payment on a gold basis.

A majority of the ministers favored maintaining the demands for the bonds before discussing questions arising from the protocol.

The French minister said he had been instructed to grant the request for the payment of duties in silver and the Russian minister supported his French colleague.

CALLS PENNELL MURDERER

Burdick's Partner Names Dead Lawyer as Deceased's Assassin.

BELIEVES DIVORCE CASE BRED CRIME

Co-accused Threatens Suicide if Proceedings are Not Stopped and Shortly After Plaintiff is Found Dead.

BUFFALO, March 17.—The name of Arthur R. Pennell constantly came up at the Burdick inquest today. Charles S. Parke, Burdick's former business partner and close friend, gave it as his opinion, based on information and supposition, that Pennell, or a hired assassin, killed Burdick.

Many Divorces Discussed. Mrs. Gertrude Paine, an intimate friend of both the Burdicks and the Pennells, was closely questioned regarding her relations with the murdered man. It seems that while he had not discussed his own matrimonial troubles at all freely, he had referred frequently to divorce proceedings instituted by Mrs. Warren.

Saved from a Life of Suffering from Catarrh of the Bronchial Tubes.

Exposure and Dampness Set Up Catarrhal Disturbances, Pe-ru-na Cured Him.

Sylvester E. Smith. While Still in the Bronchial Tubes Pe-ru-na Never Fails to Cure Catarrh.

Exposure and dampness ruined my health. This is a statement that occurs over and over again, in the immense correspondence which Dr. Hartman conducts with his patients, East and West, North and South.

People catch a cold. They neglect to take Peruna, possibly thinking they will get over it. The cold settles on their chest. They find themselves with a cough or chronic catarrh. They call the doctor, perhaps.

He expresses the fear that they are going into consumption. He is right, too. They are actually on the road towards consumption. Consumption is simply catarrh of the lungs.

Catarrh is creeping slowly but surely towards the lungs. When it reaches the lungs it will be called consumption. While still in the bronchial tubes, Peruna never fails to cure these cases.

Instead of sending for a doctor they should have bought a bottle of Peruna. This would have settled the whole matter.

A Prominent Gentleman Testifies. Col. J. Madison Catts, a native of Virginia, and lineal descendant of Ex-President James Madison, and brother-in-law of the late U. S. Senator Stephen A. Douglas, in a recent letter, says:

"As many of my friends have used your Peruna as a cure for catarrh with beneficial results I have no hesitation in recommending it to all persons suffering with that complaint."—Col. J. Madison Catts.

Mr. George A. Douglas, Inspector of Bridges, Albany Ave., Green Island, N. Y., writes the following:

"As my work compels me to spend a large part of my time out of doors, I have often been drenched by sudden rains, chilled by extreme cold, and I soon found that I had a bad case of catarrh of the bronchial tubes. I tried plasters and medicine, but nothing I did seemed to help me until I took Peruna.

"This splendid medicine took right hold of me, drove every bit of disease out of me, built me up until I felt stronger than I had for years, and whenever I have been exposed now a couple of doses of Peruna always restores me. Peruna is an ideal protector in all sorts of weather."—George A. Douglas.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

How to Ward Off an Attack of Rheumatism. "For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald of Man, Logan Co., West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first day the worst pains had left me."

Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment.
