AFFAIRS AT SOUTH OMAHA

Casey May Decide to Make the Race for the Tax Commissionership.

LITTLE INTEREST IN CITY ELECTION

Neither City Council nor Board of Education is Able to Collect a Quorum for Their Meetings.

An effort is being made by republicans to induce F. S. Casey to remain the candidate for tax commissioner.

Very little interest seems to be taken in the coming election and consequently candidates are not making any effort just now to secure votes.

Republicans say that if Casey will accept the nomination he can win hands down, as he is considered a popular man.

MUMAUGH AND HIS CITY JOB

Not Forced Out by Mayor's Order, but Resigned for Better Place.

The statement in the World-Herald Saturday afternoon that R. Mumaugh, who committed suicide at the Thurston hotel, had been compelled to give up a job in the city engineer's office because Mayor Moore had so ordered has caused a good deal of indignation around the city hall.

It is further stated that Mumaugh was supposed to have ended his life because he could not obtain employment. An officer of the public works department said yesterday:

"The facts concerning Mumaugh are these. He was employed as sewer inspector, and when that class of work ceased he resigned, showing letters that promised him a good job in California. The place was with an engineering party surveying for a railroad and was to pay \$100 a month. Mumaugh was given a first-class letter by City Engineer Rosewater. He was not forced out of his place in any way, but resigned of his own accord. Later when the California job fell through Mayor Moore took it upon himself to give Mumaugh a letter to give Mumaugh a job as guard at the penitentiary. Instead of trying to cut him off without work the mayor was trying to help him. The brother of the dead man who knows the circumstances, stands ready, if he is asked, to sign any statement of a letter exonerating the city officers from the mayor down from the charges made in the World-Herald. These statements were for political capital—nothing more or less."

Another Grading Petition. A petition has been presented to the city engineer asking for the grading of Nineteenth street from O to P streets. Should this work be done it will necessitate the removal of about 7,000 yards of dirt at a cost of not more than \$50 to the property owners who have petitioned.

Pike Wants Data. J. M. Pike of Phoenix, Ariz., is looking for information about the municipal ownership of water works. He writes City Clerk Shrigley asking for information on the subject.

Only Three Present. Only three members of the Board of Education showed up last night and consequently no business was transacted, as no quorum was present.

An Innovation at Yards. Yesterday, shortly after the noon hour, Rev. James Wise, rector of St. Martin's Episcopal church, twenty-fourth and J streets, held services in the lobby of the new exchange building at the stock yards.

Old People Have Their Troubles. Mr. Francis Little of Benton Harbor, Mich., is an old soldier and is now over 80 years of age.

THE CHILDREN ENJOY. Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality.
