trip and talked with Senator Millard about this matter and he was as much surprised as the governor. Senator Millard said it was too bad for us to get into this affair just after emerging from the battle.

After telling of his visit to the office of Mr. Stuefer in company with William Nesbit and John E. Piper of Burt county, when he copied the entries on page 114 of the bond book in the treasurer's office that were brought into evidence last night, and explaining that the portion of the entry reading: "except a bonus of \$50 in coupons not detached," was not on the book at that time, Mr. Sears said that Mr. Stuefer appeared "excited and angry part of the time" and was in his office.

On March 21, 1901, I again wrote to Governor Savage and suggested the wisdom of demanding Stuefer's resignation. The governor answered my letter, saying he had referred it to Attorney General Prout and would be ready for action as soon as the latter official made his answer.

Sears replied that he had been furnished with the information which he gave then and that he had a direct and unjust reflection upon the integrity and honor of a distinguished and honorable citizen.

At this juncture Attorney Van Dusen took the witness in hand and began his cross-examination. He asked Stuefer why he had stated in his letter to Governor Savage that "of the facts in the case as stated there can be no doubt." He insisted that this statement was not warranted on the basis of the information which he gave then.

County Herald of Tekamah, then testified. He said he first mentioned the Burt county bond matter to Mr. Stuefer March 29 or 31, 1901, Lincoln. He said Stuefer told him he would make a definite offer for the bonds if he would give him authority and asked Sutherland to remain in the city a day or two pending action of the board. March 22, Sutherland said, he was given the instructions and authority by the state board to say to the Burt county board that the state would take the bonds at 2 1/2, payable any time after five years, at the option of Burt county, the bonds to run twenty years.

Sutherland said the board's statement contained a provision that if acceptable to the Burt county board the latter was to manifest his desire. Sutherland said he conveyed all of this message to the Burt county board.

Moyer, who was at the meeting, says he could not recall Sutherland's saying anything except that the board would give 3 1/2 for the bonds.

Sutherland stated that the Burt county board paid little attention to his message, said he thought the board was opposed to selling the bonds to Mr. Stuefer.

Sears brought out the point, however, that the chairman of the board, Franklin Everett, wrote two letters to Mr. Stuefer asking him what rate of interest he would pay for the bonds and never received a reply to either letter. Sears submitted that this did not indicate any objections on the part of the board to sell these bonds to Stuefer, but rather that the board was indifferent on the state treasurer, who failed to reply to the letters.

Sutherland said his address to the Burt county board was on April 9, 1901, and that the rate was fixed on the bonds May 4.

The lawyers, Sears and Van Dusen, waited argument of the case. The committee's findings are to be a verdict.

Mr. Stuefer has attended each session of the board with a keen interest. At the conclusion tonight he said, "I am glad, he felt satisfied with the prospects before him."

Signs Primary Election Bill. Governor Mickey today signed H. R. 236, the Gilbert primary election bill.

Van Dusen then asked Sears if it was not a fact that he had specified the conditions in Nellie's contract was that the bonds were to be delivered to him at the First National bank in Omaha. The purpose was to counteract the implication that he had checked the bonds in the bank.

SENATE ON THE REVENUE BILL

All Proposed Amendments to the Measure Are Voted Down.

(From a Staff Correspondent.) LINCOLN, March 25.—(Special.)—When the stamp of approval is placed on this bill it will be the greatest judgment ever rendered against the state of Nebraska and probably there will not be another one like it.

That it will pass the senate as it came from the revenue committee there is little doubt. Every amendment that was offered today, however trivial, was promptly voted down and the reading continued. Later in the afternoon the reading of the bill was suspended.

Considerable discussion was indulged in over the manner in which the bill should be read. It was the intention of the friends of the bill to first adopt the committee amendments and then read the bill through. However, O'Neill, Wall, Coffey and others made such a fight on this that it was decided to read it section by section with the amendments.

At 4:30 o'clock, after eighty sections of the bill had been read, the committee arose and reported progress.

Senate Routine. When the report of standing committees was reached this morning Chairman Brown of the revenue committee reported the revenue bill back to the senate, with the recommendation that it be placed on general file.

Harrison moved that the rules be suspended and the bill be made a special order for 2 o'clock this afternoon. Howell of Douglas stated he would like to have the bill go over one day. Harrison's motion was adopted by the following vote:

Yeas, Alden, Anderson, Beightol, Brown, Cox, Day, Fries, Giffin, Hall of Burt, Harrison, Hastings, Hodge, Jennings, Norris, O'Neill, Pemberton, Reynolds, Saunders, Sheldon, Sloan, Umstead, Wall, Warner, Young.

Nays, Brady, Coffey, Hall of Douglas, Howell, Meredith. The senate amendments reduce the state tax levy from 7 to 5 mills; places flour cars in the same classification as Pullman cars; strikes out the house amendments to the insurance clause, which provides that 2 per cent of the gross receipts on premiums shall be in lieu of all other taxes on premiums; reduces the rate of interest to be paid in redeeming land sold for taxes from 15 to 12 per cent. The other amendments were merely clerical.

Immediately after the senate convened this afternoon, on motion of Harrison it went into committee of the whole to discuss H. R. 344, the revenue bill. Anderson of Saline occupied the chair.

Fries moved a substitute to Warner's motion that the bill be read section by section; carried.

The committee amendment was adopted changing dates when taxes upon personal property shall be a lien to November instead of October.

An amendment was carried increasing the salary of assessors in counties having 50,000 to 100,000 to \$1,800 from \$1,600. Sheldon moved to strike out word "credit" in list of personal property taxable; motion lost.

Howell moved to amend section 59 by getting accident insurance under same classification with fire insurance companies organized in other states; motion lost.

Howell then moved to lower the per cent on gross amount of premiums for taxation to 1 per cent from 2 per cent.

Howell's motion was then voted on and lost.

Howell moved that committee arise and ask leave to sit again; motion lost.

Sheldon moved to strike out section 95. This provides that every person, company or corporation engaged in the business of buying and selling grain for profit shall be held to be a grain broker. The bill requires that by this act, determine under oath the average amount of capital invested in such business, exclusive of real estate or other tangible property, assessed separately for the preceding year, and taxes shall be charged upon such average capital the same as on other property. For the purpose of determining the average capital of such grain broker the county assessor and deputy assessor shall have the right to inspect all books of account and the check books of such grain broker and shall determine and fix the amount of such capital by such inspection. The motion was lost.

After eight sections had been read Harrison moved that a recess be taken until 7:45 o'clock. Howell moved as a substitute that an adjournment be taken until 9 o'clock tomorrow. The substitute motion was lost.

The following bills were passed: S. F. 180, providing that a police magistrate be elected at the next general election in November, 1903.

S. F. 74, providing for signing of bonds by officials by surety companies.

S. F. 169, providing for the formation of new school districts.

H. R. 371, providing that the South Omaha school board shall consist of five members and providing for the salary of the members.

S. F. 275, increasing the oil tax to 112 degrees.

S. F. 196, providing for the filing of semi-annual statements by fire insurance companies.

S. F. 172, providing for the formation of cemetery associations.

S. F. 214, providing for order of attachment.

S. F. 247, for the distribution of bodies of unidentified dead to medical colleges.

The senate went into committee of the whole, with Brown of Keya Paha in the chair, and made the following report: S. F. 80, providing for the election of a prosecuting attorney for each judicial district; indefinitely postponed.

S. F. 230, for strengthening bridges and to regulate the crossing of them by steam engines; ordered engrossed.

Night Session Is Lively. The senate resumed the discussion of the revenue bill tonight and adjourned at 10 o'clock, after having read 100 sections. Many amendments were offered, but none were adopted, save those offered by the senate revenue committee.

The greatest discussion was on Howell's amendment to section 59, providing that the right-of-way of railroads should be

100 feet wide. In the course of his remarks in favor of the amendment, Howell said he understood that the bill was to be "railroaded" through the senate without amendment, but he desired personalities. This called for a charge of wrong dealing, who said that he was tired of such talk of railroad bills through, and he added: "The first bill that I know of having been railroaded through was S. F. 1, by the gentleman from Douglas."

O'Neill deplored the fact that senators should show any feeling, and while he was against the Howell amendment, he urged the right of any senator to offer amendments and have them considered.

Acting Secretary of the Navy Darling has decided not to approve the death sentence passed on Juan de la Cruz Perez, a native of Guam, who was convicted of murdering a fellow native many months ago. The sentence was passed by a native court under the old Spanish jurisdiction, but with the advent of the Americans appeals to a higher court in the Philippines, and finally to the court of cassation at Madrid, were cut off under the circumstances.

Washington, March 25.—(Special Telegram.)—Secretary Hitchcock today appointed Thomas H. Howd of Sheridan, Wyo., to be an estimator of timber in ceded lands of the Chippewa Indians in Minnesota. This position pays \$3 a day and there is said to be work enough ahead to keep the estimating corps busy all the summer.

Senator Warner called at the Treasury department today to urge the acting assistant secretary to designate several national banks in his state as depositories of government funds. He was informed that it will be the policy of the Treasury department not to recognize any additional banks to hold government funds till after payments are made growing out of the purchase of the Panama Canal company rights as provided by treaty and the payment of \$100,000 to the Colombian government for right-of-way. It is provided in the treaty that \$40,000,000 shall be paid to the Panama Canal company and \$100,000,000 to the Colombian government. In view of these heavy payments the government does not at this time deem it advisable to sanction additional banks unless circumstances warrant their recognition.

These rural letter carriers were appointed today: Nebraska, Irvington, Harry O. Knight, regular; Fred A. Knight, substitute; Superior, Lorenzo R. King, regular; H. H. King, substitute. Iowa, Carrollville, Nellie F. Bailey, regular; George A. Bailey, Jr., substitute. Promise City, Charles W. Heckthorn, regular; George Heckthorn, substitute. Tabor, Albert H. Timson, regular; Jay C. Timson, substitute. Shenandoah, Samuel F. Hall, regular; Mrs. Catherine Hall, substitute. Wapello, Dwight T. Jones, regular; Frank J. Jones, substitute. South Dakota, Elkton, John A. Lynch, Amos J. Fritts, regular; Peter J. Lynch, Edith L. Fritts, substitute.

William A. Archer has been appointed postmaster at Glen, Jewell county, S. D., vice H. A. Brich, resigned.

The First National bank of Colman, S. D., has been authorized to begin business, with a capital of \$25,000.

Station No. 9 of Dubuque (Ia.) postoffice will be established July 1 next, at Thirtieth and Main streets.

Weed Out Postal Servants. It was learned at the Postoffice department today that while the resignation of George W. Beavers as chief of the salary and allowance division was voluntary, it is the forerunner of a number of other resignations. A condition of affairs is said to have grown up which has become intolerable and that there is to be a general weeding out of chiefs of divisions and their clerks. The postmaster general and his first assistant are said to be in entire accord on the matter, but that the opportunity will be given the parties concerned to submit their resignations.

Must Set Forth Carriage Contracts. The Interstate Commerce commission today entered an order requiring common carriers to publish in their rate sheets what, if any, cartage or other kind of terminal service they provide. The order says rebates from tariff rates, or advantages in shipment, or rebates of the kind which change the aggregate charges are plainly affected by free cartage, not included in the ordinary service unless such allowance is specified in the published schedules.

Army Officers to Inspect Militia. Secretary Root has decided to detail regular army officers to inspect the militia, as a preliminary step to the issue of Kragsberg rifles in exchange for the Springfield rifles, with which they are now armed. He has telegraphed the adjutants of all the states and territories asking them to name dates for inspection.

Trade with China Grows. There was a gain of \$1,572,995 in Chinese exports to the United States last year, according to a special report to the State department from the United States consul general at Shanghai. The total trade was \$27,189,283 gold.

Many Diplomats Honor Fair. The attendance of diplomats at the dedicatory ceremonies of the World's fair will be larger than upon any similar occasion. Out of thirty-six embassies and legations at Washington, twenty-five have signified to the State department that they will be represented. So far only three declinations have been received, while eight have not yet responded.

Tells Salvador to Settle Bill. The State department has taken measures to collect the award assessed against Salvador in the case of "El Triunfo," an American corporation, amounting to about \$100,000.

The Whole Family Benefits by Pure Food. It has happened in a great many cases that one member of a family has begun the use of the scientific food Grape-Nuts, and some of the other members have taken up the habit and enjoyed the benefits. But I persisted, and one morning I served Grape-Nuts and cream to him. When he tasted it he was most agreeably surprised. For the first time in months his stomach had been agreed with each other, and since that time he has improved, until he is a staunch advocate of this delicious food.

"From our family the use of Grape-Nuts spread to our friends, and one in particular was very delicate and always sick. One day our physician, Dr. Hall, said to her, 'Go home and make it your business to eat Grape-Nuts. Eat it morning, noon and night.' She followed the doctor's order literally and frequently made Grape-Nuts into puddings and other dishes. The results have been a surprising gain in flesh and she is now entirely free of all illness, nervousness and is rapidly getting strong again." Name furnished by Postum Co., Battle Creek, Mich.

There are scientific reasons why this food is so valuable to one member of the family as to another. It is perfect food, yet at the same time it is predigested and so stomach is so weak it will not relish the food.

Bridge Workers Make No Trouble. PITTSBURGH, Pa., March 25.—All is quiet today at South Thirty-fourth street, where many cars of structural iron for the rebuilding of the bridge have been piled up days past. No strikers are visible, save their "admiral," one of the "old" chivalry, who is now on guard two hours and out of four hours. It was reported that an effort will be made to return the cars today and that nonunion men were to be on the scene, but they did not reach there this morning.

Will Entertain Admiral Schley. SAN FRANCISCO, March 25.—Admiral Schley has finally consented to accept several informal dinners and luncheons in this city. Vallejo and Mars Island will be visited by the admiral and party, and on Saturday night they will dine at the Hotel de Ville, Bay View, Seattle and Salt Lake.

SPRING TIREDNESS

Is Caused by Unhealthy Action of the Liver and Kidneys, Assisted by Starved Blood and a Poor Circulation.

Paine's Celery Compound

Nourishes the Life Stream and Strengthens Every Organ of the Body.

The great virtues of Paine's Celery Compound are abundantly manifested in the spring. It is a medicine compounded specially to brace the nerves, to sustain heart action, to cleanse the blood and keep the stomach, liver and kidneys in vigorous health.

In the springtime the effects of the winter's work, the worries of business, household cares and the severe changes of temperature all conduce to weakened and inflamed nerves, insomnia, poverty of the blood, deranged digestion, liver and kidneys in bad condition; in thousands of cases rheumatism and neuralgia commence their horrible tortures. Paine's Celery Compound, used three or four times a day for the next four weeks, will furnish the proper and needed elements of life for the growth and repair of the whole body. It will quickly make new nerve fiber, nerve force, pure, rich blood, will bestow sound health and long years of life.

Mr. Elijah Bowman of Calcedonia, Mich., says: "When I think of the misery and agony I endured formerly, and being entirely cured by Paine's Celery Compound, I feel indeed thankful for the discovery of this wonderful medicine. I take a little of the medicine every spring. It brightens a person up and drives all the laziness out of the system, and makes one feel cheerful and bright."
