Byck of Douglas and Spurdock of Cass, who were appointed by the speaker to accompany Mr. Mercer to the speaker's stand. He spoke very briefly.

Years for Old Seat. Mr. Mercer's presence in the city and his conference with the republican members of the Douglas county delegation have led to inquiries about the future political plans of the man who was beaten for re-election in the second district last fall.

Merced has been in consultation since his arrival in Lincoln last night with republican members of the Douglas county delegation and it is understood that plans for the republican primaries and city election in Omaha were discussed.

The majority of the Douglas delegation seem to believe that Bingham will capture the nomination for mayor in Omaha. Of course it is well understood that the delegation (the republicans) are all against Mayor Frank E. Moore and are doing their utmost to defeat his nomination.
