SPEEDY EXILE FOR MONKS

French Ministers Lose No Time in Expelling Congregations.

SOME TEACHING ORDERS GET GRACE

Where Government Has No Schools Privately Educators May Stay Till July, Though Others Must Go in Month.

PARIS, March 27.—The council of ministers today considered the steps necessary to carry out the chamber decision refusing the religious orders permission to remain in France. Premier Combes will send an official notification to each of the congresses and at the same time the minister of justice will apply to the courts to prosecute those who refused to disband. The courts also will be called upon to appoint liquidators to take charge of the property of the dissolved orders.

Each case will be examined separately, so that any special circumstances may be considered. The teaching orders will be allowed to delay their departure until the end of the school year, in July, if no government schools are available. When such schools are available the orders must wind up their affairs within one month.

The premier today sent a circular to the prefects of the departments throughout France saying the government had been informed that lay teachers would be made the object of vexatious treatment and that manifestations were being organized against them. The minister enjoined the prefects to put a stop to such violent manifestations and to carry out the law.

ARREST AN ELOPING COUPLE

Plead Guilty and Go to Jail to Await Their Trial in District Court.

FREMONT, Neb., March 27.—(Special.)—Al Wilson of Omaha, who eloped with Isabella L. Baum, the wife of his neighbor, was arrested here last night, together with Mrs. Baum, on a charge of adultery. The pair pleaded guilty in police court this morning and, as neither could raise any money for a bail bond, were committed to the county jail to await the district court. Baum told his marital troubles this morning. They began in Omaha at their residence in a Cuming street flat the first week in March when he found out that Isabella cared much more for Wilson than she did for him. He sailed into his wife and Wilson both and as a consequence drew a jail sentence from Judge Berka in the Omaha police court. When he was released a week later he

DIETRICH ON PHILIPPINES

Regrets that Tariff to Encourage Development Was Not Enacted.

MORE DISTRESS THERE THAN IN CUBA

Thinks Legislature Should Approve Private Money for an Agricultural Experiment Station in Western Nebraska.

HASTING, Neb., March 27.—(Special.)—Senator Dietrich arrived in this city from Washington Thursday night and took up his quarters at the Bostwick hotel. His business interests demand that he remain here for some time. Speaking of the Philippine islands and the conditions existing there regarding the Philippine situation does not vary from those delivered in the senate on February 13. I advocate now, as I did then, that there should be inaugurated a system of protection which will further the growth and development of the interests of the islands. This has particular application to such industries as do not and cannot compete with similar industries in the United States. As to the Philippine tariff bill, I will say that I am sorry it did not pass, though the reason for its failure is easy to understand. Had there been an investment of American capital made in these islands as is now in Cuba, there is no question, in my mind, that more strenuous efforts would have been put forth and that the passing of the bill would have resulted. To me this is unquestionable proof that the interest manifested in behalf of Cuba was purely mercenary, fostered by those who have much capital invested in that island. Talk about sympathy with distress and moral obligation! Nonsense! Why, there never was a time since the American occupation of Cuba that there has existed there one-tenth the poverty and distress which at the present exists in portions of the Philippine islands, yet neither press nor people are heard to cry out because of these undesirable conditions.

Mr. Dietrich said that he had not considered the Nebraska revenue bill with sufficient minuteness to express an opinion, but in regard to Nebraska affairs he expressed his regret that a generous appropriation had not been made for the establishing of an experimental farm in the western portion of the state. Conditions there have independent characteristics which demand particular attention for their proper development. There is nothing in the power of the legislature which can add more to the material welfare of the state than the establishment of such a farm.

As to the government building to be erected in this city, it is his belief that the work of erection will be begun this summer and that it will be pushed as rapidly as possible.

BIG INDUSTRY FOR SUPERIOR

Cement Works to Employ Four Hundred Men Are Now Assured.

SUPERIOR, Neb., March 27.—(Special Telegram.)—A dispatch received here today from New York stated that the Superior Portland Cement company had incorporated under the laws of New Jersey with an authorized capital of \$600,000. The company consists of Robert Yates and F. A. Von Moschizker of New York and C. E. Adams, Alexander Hunter, Jr., Alexander Hunter, Jr., A. C. Fell, George L. Day and David Guthrie of Superior. Mr. Adams is president of the company, Mr. Yates vice president, Mr. Hunter, Jr., secretary and Mr. Fell treasurer.

The bonds of the company to the amount of \$400,000 will be issued before May 1. Complete arrangements have been made for their ready disposal. This means the realization of Superior's hopes for the past seven years. It has been that long since the materials for making Portland cement were found in a strip of pure state south of this city. Options on the lands having been obtained and have been renewed year after year, Superior's citizens paying for them by popular subscription.

The factory will be put up just west of the city, where all the roads coming into Superior center. The buildings will cost in the neighborhood of \$175,000 and the machinery as much more. The plant will cover about ten acres. The capacity of the plant to start on will be about 500 barrels a day and employment will be given to nearly 400 men. Experimental batches of the cement have been made in the past. It has the color and strength of the imported cement, a combination that is not found in any other American cement.

THIEVES MAKE A BOLD RAID

Rob a Plattsmouth Woman of Her Purse and Escape Without Being Recognized.

PLATTSMOUTH, Neb., March 27.—(Special.)—A daring and bold robbery was committed at the home of Mrs. Greeson in this city, in which the robbers succeeded in getting \$75. It seems that Mrs. Samuel Chambers, whose husband is in Oklahoma, was stopping with Mrs. Greeson, and the money had been received from him to pay her expenses to that place. One of the robbers entered through a window and opened the door for the other. Chambers was lying on one bed in the room with her dress on, in the bosom of which was secreted her purse containing the money, while Mrs. Greeson was lying on a bed in another corner of the room. One approached Mrs. Greeson, while the other went to Mrs. Chambers and grabbed her wrists with one hand and secured the purse with the other, while the other one kept Mrs. Greeson quiet. The room was dark and the robbers got away without being identified. Suspicion rests upon certain parties and the officers will spare no efforts to bring the guilty parties to justice.

Two Tickets at Albion.

ALBION, Neb., March 27.—(Special.)—Two municipal tickets have been nominated by petition, to be voted upon at the coming election. It is understood that one is a license and the other an anti-license ticket. The first ticket has nominated G. B. McGill for mayor; Mr. Mulen, councilman from the first ward; J. E. Vasey, Second ward; James McAleer and Charles Klever for the Third ward. The other ticket nominated Isaac Letson for mayor; D. V. Blatter, First ward; J. E. Green, Second ward; E. E. Browder and H. J. Loran, Third ward. Both tickets endorse W. S. Price for treasurer and E. H. Mullenwey for clerk.

Drug Store Is Robbed.

FAIRBURY, Neb., March 27.—(Special.)—G. P. Weesels' drug store was broken into last night and about \$12 worth of cocaine and morphine stolen. The thief also secured an overcoat, suit of clothes and silk umbrella belonging to Mr. Weesels' clerk. The value of property missing is about \$50. The thief is supposed to be a man recently discharged from jail, where he was held for petty larceny, as he is known to be a morphine fiend.

Sees for Defamation of Character.

NEBRASKA CITY, Neb., March 27.—(Special Telegram.)—Mrs. Phoebe Bell began suit

THE ILLUSTRATED BEE

POPULAR ARTICLES MAKE up the magazine section of The Bee each week. These articles are prepared by special writers, and treat always of topics of general interest in a most entertaining way. When added to their value as the real feature of The Illustrated Bee, the excellence of the illustrations. Pictures are made direct from photographs, taken purposely to illuminate the text, and therefore of unquestioned value. In this respect, The Illustrated Bee stands alone among its competitors. Its pictures are all made to represent something more than a mere passing fancy or whim. And the popularity of the paper attests the wisdom of this course. In the forthcoming number some very interesting features will be found.

SIGNS OF SPRINGTIME is a group of pictures that will be recognized by any dweller where boys abound. The artist has caught the spirit of bounding boyhood and shows in the keenly alive faces of his youngsters the spirit of the season. It is a pretty front page.

MRS. RONALD'S UNIQUE SOCIAL POSITION tells of the advance of an American woman of tact at the present court of England. She is untitled and not wealthy, but is the favorite friend of both king and queen and a leader in the most exclusive set of the kingdom. A fine portrait of the lady accompanies the article.

LENT, THE FISHERMAN'S HARVEST TIME, gives some account of the efforts necessary to supply the city markets with fish during the penitential season, and some account of the lives of the men who go out to sea to secure the substitute for fish on the tables of those who fast. Pictures are from splendid photographs taken at Gloucester and elsewhere.

HARNESSING THE GLACIERS deals with the great enterprise in Washington whereby the ice rivers of Mount Ranier are made to drive trolley cars and otherwise serve the useful purpose of mankind. Some splendid pictures showing scenes around Mount Ranier accompany the article.

AMONG BERKIN'S GREAT WORKSHOPS Mr. Frank G. Carpenter finds material for an unusually interesting addition to his very entertaining series of letters from Europe. He tells of the life of the factory employes, their hours, pay, surroundings, and gives many little details of the conditions of their employment. Illustrations are from photographs made in the factories.

HOW TO LIVE ON NOTHING A YEAR has been a standing topic with many people who prefer almost anything to work. A special article is devoted to the exposition of one New York man's methods. Many other features will be found in the number, including some personal pictures of interest. All the regular departments have been given the customary care and nothing will be found lacking. If you are not now a subscriber you should send your order with your newdealer, today.

THE ILLUSTRATED BEE

today in the district court for \$8,000 against George Conklin for defamation of character. Mr. Bell and Conklin live in adjoining yards, and it is alleged at various times the defendant has defamed the plaintiff's character. George Conklin is a wealthy retired farmer, one of the first settlers in this county and is considered very eccentric by his neighbors.

SAY OREGON LINES UNITE

Railroad Men Claim Harriman Will Consolidate Western Roads.

HEADQUARTERS TO GO TO PORTLAND

Move Said to Be Result of Deal with Senator Clark, Who Gets Present Office with Purchased Tracks.

OGDEN, Utah, March 27.—The Oregon Short Line and the Oregon Railway & Navigation company are to be consolidated, with Manager Bancroft of the Short Line as president and E. E. Calvin vice president and general manager.

It is stated that the headquarters of the combined roads will be removed to Portland and the present headquarters of the Short Line at Salt Lake will be turned over to the Clark road, which company has purchased the line south of Salt Lake.

SALT LAKE, Utah, March 27.—E. E. Calvin denies any knowledge of the proposed consolidation of the Oregon Short Line and Oregon Railway & Navigation company, but the opinion seems to be general among railroad men that there is some foundation for the report.

The consolidation, if effected, it is said, would undoubtedly be followed by the active construction of the Clark road across lower Nevada to connect with that portion of the road already completed in southern California and thus with either the Gould lines or the Moffat road from Denver form another transcontinental line.

RAILWAYS FIGHT TAX LEVY

Claim Made that Michigan Discriminates Between Transportation Companies.

GRAND RAPIDS, Mich., March 27.—The twenty-four Michigan railroads filed individual bills of complaint in the United States circuit court today in their suits against Auditor General Perry F. Powers to restrain him from collecting the ad valorem tax levied by the state. All the lines have paid their specific tax under the old law. The bills assert that the so-called ad valorem amendment to the state constitution is repugnant to the fourteenth amendment of the United States constitution and discriminates between various kinds of transportation lines. The companies asked for a temporary restraining order, which was granted by Judge Wainy.

Girl Willing to Return.

FREMONT, Neb., March 27.—(Special.)—Peter Wirtz, marshal of the city of Plymouth, Wis., was in this city today after Teresa Douglas, the 15-year-old girl who, it was alleged, had eloped from her home in Waldo and came to Fremont. Miss Douglas did not appear to be very anxious to return, though she said she was willing to go back to live with her aunt. It is certain that she did not leave with Ed Eddy, as he was in this city two days before she came here. The girl simply got tired of living with her aunt and, in company with Carrie Eck, who is older and appears to be inclined to go with her aunt, Miss Douglas paying the bills with money which she had obtained from her aunt.

Twenty-Barrel Oil Well.

ZANESVILLE, O., March 27.—A twenty-barrel oil producer was struck today in entirely new territory at Roseville. The well is also throwing out great quantities of gas.
