

U. S. Has 3,533 Centenarians. Almost Every One of Them Owes His or Her Ripe Old Age to DUFFY'S PURE MALT WHISKEY, the Elixir of Life.

The census now being completed shows that in the United States, with a population of 76,000,000, there are 1,289 men and 2,247 women of one hundred years of age or more. The leading nations of Europe have but half as many, with nearly twice the population.

LENGTH OF LIFE INCREASING.

Quite a large number of these old people were recently interviewed and asked as to what they especially attributed their great age. In nearly every case the answer was hard work, freedom from worry, careful living, fresh air and Duffy's Pure Malt Whiskey taken regularly according to directions. Duffy's is an absolutely pure, health-giving, life-preserving tonic-stimulant, prescribed by all leading physicians and used in prominent hospitals everywhere.

HOW TO LIVE TO BE 100

READ THE EXPERIENCE OF THREE WHO HAVE PASSED THE CENTURY MARK.

104 YEARS OLD. Strong, Healthy and Full of Vigor, Thanks to DUFFY'S PURE MALT WHISKEY.

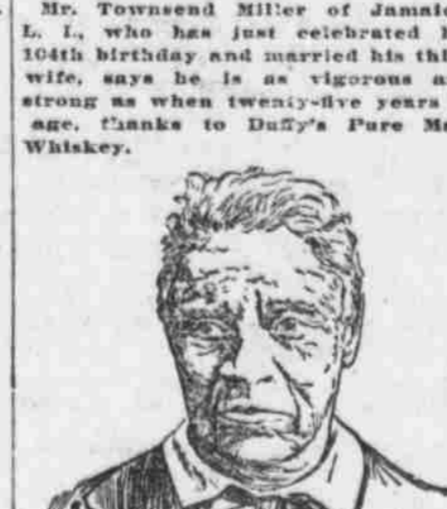

As Well as 40 Years Ago. Gentlemen: The benefit I derive from Duffy's Pure Malt Whiskey is marvelous. I owe my great age, vigorous constitution and remarkable freedom from disease to its daily use for many years. Though 104 years of age, I feel as young and hearty as forty years ago. My appetite is good and I still do all the chores. I cannot say too much in favor of Duffy's Pure Malt Whiskey. It is a blessing to the old and sick. The Lord will surely bless the discoverer of such a great medicine and prolonger of life. RALPH DULLOCK, Brooklyn, N. Y.

102 YEARS OF AGE. Mrs. Elizabeth Hunt, Hale and Hearty.

Mrs. Hunt, who lives at 407 Adelphi St., Brooklyn, says: "My youthfulness and vigor are due to the use of Duffy's Pure Malt Whiskey, my only medicine." Mrs. Hunt says: "I believe my long life and vigorous constitution are due to the use of Duffy's Pure Malt Whiskey, which I know has helped me wonderfully. If ever I take cold or contract a cough I use Duffy's Pure Malt Whiskey and my cough is quickly cured. I have a good appetite and sleep better than I have for several years. I am possessed of all my faculties and use no other medicine but Duffy's Pure Malt Whiskey. I shall continue to use it as long as I live. It is, I think, the greatest blessing in the world for the old as well as the young."

MARRIED AT 104. Mr. Townsend Miller of Jamnaton, E. I., who has just celebrated his 104th birthday and married his third wife, says he is as vigorous and strong as when twenty-five years of age. Thanks to Duffy's Pure Malt Whiskey.

On May 22, 1902, Mr. Miller wrote: "Though I am now past 104 years of age, I am today as strong and healthy as I was 30 years ago and still able to do a good day's work. I attribute my health, vigor and great age to the constant use of a little Duffy's Pure Malt Whiskey daily for many years. It has kept me free from disease and prolonged my life 25 years. Duffy's is the greatest medicine in the world, a godsend to old people, and I will never be without it. Yours truly."

DUFFY'S PURE MALT WHISKEY

aids digestion, stimulates and enriches the blood, invigorates the brain, builds nerve tissue, tones up the heart, fortifies the system against all disease germs and prolongs life. Caution—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous persons, mindful of the excellence of this preparation, are seeking continually to put upon the market, for profit only, an inferior article, but to make their own and so-called malt whiskey substitutes, which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure to get it. It is the only absolutely pure malt whiskey which contains medicinal, health-giving qualities. Look for the trade mark "The Old Chemist" on the label.

The genuine is sold at all druggists and grocers, or direct, \$1.00 a bottle. A valuable medical booklet containing symptoms and treatment of each disease and many testimonials will be sent free to any reader of this paper who will write Duffy Malt Whiskey Co., Rochester, N. Y.

New York Sociologists Send Scientist to Study Europe. HELEN GOULD SUGGESTS THE MISSION

Facts and Photos Are to Be Gathered Showing Economic Successes of All Countries and Many Cities. NEW YORK, March 27.—Miss Helen Gould's plan for social study was outlined today by the American Institute of Social Service, which, at Miss Gould's request, will send Dr. W. H. Tolman abroad to study industrial and social conditions in Europe. The statement reads: "The American Institute of Social Service will spend the summer in Europe to study the great movements for social betterment. Every country, almost every city, in Europe has some special feature which the social economist of America can study with profit. Dr. Tolman will gather this material personally and a photographer working under his direction will secure pictures that will form a complete series in illustrating the most notable and typical achievements in social betterment in each city. In this way the American Institute of Social Service will be made more of a point of contact, through which systematic and accurate knowledge of present-day problems in Europe can be brought to the people in America. Take Paris, for example. In that city municipal activity, without any dispersal, has been of the speculative order. It develops itself not only in the solution of economic problems, but in the making itself the show city of the world, thereby bringing many millions into the pockets of its tradesmen. America should know how Paris has done this. Paris trains its children to make themselves the artists who bring all the women of the world to shop in Paris. Some of the best work in improved housing has been done in Paris. For instance, Jules Siegfried, former minister of commerce, is the head of a housing society for providing better homes for the people who have started fifty-two similar societies all over France. In Italy there is a movement for cooperative enterprise among the people, especially along the line of banking, which is almost revolutionary and which, by the way, has served as a working model for the system of agricultural credit introduced by Mr. Plunkett in Ireland. In Belgium there are cities where the streets are the sites of the most artistic beauty; where the lamp posts and telegraph poles are artistic in design, and a city owns its own billboards, and makes them things of beauty as well as of utility. In London there is the great system of public baths outside of London, and in Liverpool there are docks which are world famous and the most complete system of public baths outside of London. In London, too, a system of loaning window pictures of some of the most beautiful pictures of some of the most famous window gardeners will be secured. They have done some splendid work in improving housing in Liverpool. England can teach us how it manages its great technical schools, where can be traced the applications of science to plumbing or electricity. Manchester has put \$200,000 into a building alone for such a school. In Ireland the studies which are planned by Horace Plunkett, president of the department of agriculture and technical instruction, Ireland, has been an important factor in his heartiest co-operation in enabling her to meet the needs of the workingman with photographs of co-operative buying, distilling and banking introduced by Mr. Plunkett with the farmers and among other home industries.

LOCAL BREVITIES.

Rose B. von Spiegel asks divorce from James von Spiegel. They were married November 12, 1901. William Gantley of Council Bluffs was drunk and disorderly enough, according to police ideas, last night to warrant his arrest on that charge. Harry Pierce, who names the city of St. Louis as his place of residence, and Ed Capps, who selects Sioux City for the same reference, were locked up for investigation last night by Detectives Heitfeld and Donahoe. In trial of J. D. Mayhew against the Citizens' State Bank of Waterloo and its cashier, H. B. Waldron, for the alleged to be held out of a deposit quarterly. Jury in Judge Fawcett's court has found for the defendant. A. T. Klapp of the Klapp-Bartlett company and F. B. Johnson of the Omaha Printing company have filed articles of incorporation for the Nebraska Laundry, capitalization \$5,000, and business to be the cleaning of type and matter pertaining thereto. Robert Cooley of New York City and Eva E. Small of New York City were arrested last night and charged with being drunk and disturbing the peace by fighting. There was more quarreling than fighting in the affair, which came off in Stafford's saloon. Mrs. E. E. Small petitioned for divorce from Zenas to whom she was married June 19, 1901. She alleges that he has neglected her society and that in Douglas county, February 2, last, he deserted her, took their child with him and left her penniless and alone among strangers. The police made one of their periodic visits last night to Alfie Adams' traveling resort, across the street from the police station. They arrested George Stevens, a Wilson, and Mike Maloney, who were all charged with being vagrants and suspicious characters. Several complaints have been made to the police concerning a woman who is canvass-

STALEY DEFENDS HIMSELF

Tells President His Version of Kitzdgo Political Charge.

MYTHICAL CORN-WHEAT IS EXPLAINED

Department of Agriculture Says No New Grains Discovered, but Polish Wheat Unduly Hoarded Among Farmers.

(From a Staff Correspondent.) WASHINGTON, D. C., (Special Telegram.)—James Staley, superintendent of the Indian school at Yankton, S. D., was this morning introduced to the president by Secretary Hitchcock. It will be recalled that Senator Kitzdgo accuses Mr. Staley of being perniciously active in politics and demands his removal from the service. In view of the charges made Mr. Staley had a warm heart to heart talk with the president in regard to the entire affair. Superintendent Staley will leave Washington for the west probably tomorrow.

Routine of Departments.

These rural letter carriers were appointed today: Nebraska, Holdrege, Hiram C. Bartlett, regular; Robert Adams, substitute; Laura James E. Jordan, regular; Joseph A. Jordan, substitute; Norfolk, Henry P. Haase, regular; Mrs. Helen Haase, substitute; Pawnee City, John V. Stevens, regular; Lewis D. Coleman, substitute; Iowa, Coon, Emma W. Anderson, regular; Oscar B. Morton, substitute; Farmington, William L. Berry, regular; George N. Green, substitute; Fort Dodge, Jesse J. Brown, Patrick J. Tallman, regular; William Flint, Michael Tallman, substitutes; Kamrar, Frank W. Seaman, regular; J. T. Seaman, substitute; St. Charles, Homer C. Pitt, regular; George A. Neat, substitute; Trebo, H. K. Kibben, regular; Frank Hoepfer, substitute. The proposition of the Masonic Temple association to furnish quarters for the postoffice at Harlem, Ia., has been accepted by the Postoffice department. WASHINGTON, D. C., (Special Telegram.)—The National Academy of Sciences, National Academy of Arts and Letters, National Bank of North America, Chicago, for the Redfield National of Redfield, S. D. A rural free delivery route will be established May 1 at Uteville, Appanoose county, Iowa, to include, twenty square miles, population, 450. Postmasters appointed: Nebraska, James Watson, Box Butte, Box Butte county, vice J. A. Wilson, resigned; Charles L. Olcott, Rochon, Polk county, vice B. C. Smith, resigned; Iowa, J. E. Kirk, Fertile, Worth county; Miss Betsey Paterson, Kendallville, Winnebago county; Solomon S. Shaffstall, Hopeville, Clark county.

Corn-Wheat Pure Invention.

The Department of Agriculture is receiving a number of letters from farmers asking information concerning a so-called new grain called "corn-wheat." The department has to reply that there is no such thing, and will try to sell you cheap imitations and wheat could ever be produced. The grain which caused the story to circulate is known correctly as Polish wheat, though the grain is not a native of Poland, but comes from the Mediterranean region, and the heads and grains of the wheat are larger than the grain in many cases actually twice as large as those of ordinary wheat. The statement that it yields sixty to 100 bushels is, however, probably considerably exaggerated. The experiments made by the Agricultural department and by experiment stations in a few places show the yield is rather disappointing. From experiments so far made the inference would be that the grain would be good hog food. Polish wheat is much restricted in its adaptation and could not be successfully grown east of the Mississippi river, though the yield is high in Washington, Idaho and Montana and other parts of the mountain and Pacific states, it might prosper. It has great resistance to drought.

President Approves Court-Martial.

The court-martial sentence of dismission in the cases of First Lieutenant George A. Denmore, Tenth infantry, tried at San Francisco, and Second Lieutenant Betah Smith, Seventeenth infantry, tried at Boise, Idaho, and Captain Gibson T. Barry, Jr., were today approved by the president. The sentence of dismission in the case of Cadet Lee Kloeber was disapproved.

Women Inspectors Continued.

By direction of the president the women immigrant inspectors employed in connection with the immigration service in New York will be continued until his return from his western trip.

Taft Has Dysentery.

In reply to an inquiry from the secretary of war, Governor Taft says that he has had dysentery and treatment for a few weeks, recovering from an attack of dysentery. Examination last Saturday indicated that the treatment had been successful. Later examination indicated that he needed rest and by the advice of his physician he will be confined to bed for a couple of weeks to secure it. His strength and appetite are reported good.

Propose to Change Red Cross Rules.

General George B. Davis, judge advocate general of the army, will represent the army at a conference to meet in Geneva, Switzerland, on September 14, to consider important changes in the Red Cross convention of 1864, relating to the treatment of sick and wounded and non-combatants during times of war. The United States navy and the Red Cross society also have been asked to send delegates.

Cheap Mails to Cuba.

The permanent postal treaty between the United States and Cuba is now in course of negotiation and probably will be in operation within a few weeks. The treaty is substantially the same as the one now in force between this country and Canada. It asks response to funding offer.

Judge to Have a Hearing.

The first response to the offer of the secretary of the treasury to refund the 2 and 4 per cent bonds into 3 per cent consols was received today. The national banks at Richmond, Va., announced their readiness to exchange \$400,000 under the secretary's offer.

PERSONAL PARAGRAPHS.

Ernest Phillips, the attorney, has been called to San Francisco on an important business and will return about April 17. Ralph Sunderland has returned from a trip to the fields of Wyoming. He says much interest exists in the developments and that plans are now made to sink fifty additional wells as soon as spring opens. James L. Blair, general counsel for the Louisiana Purchase Exposition company of St. Louis, is in Omaha, a guest of Mr. and Mrs. Edward A. Cudahy. Mr. Blair is a son of the late General Frank P. Blair of St. Louis. He will remain here over Sunday.

Cholera in Damascus.

JERUSALEM, March 27.—Cholera has reappeared at Damascus. The German crown prince, Frederick William, and his brother, Prince Ethel, have abandoned their proposed visit to the holy land. Business Gifts Penal Offense. LONDON, March 27.—The House of Lords today passed the prevention of corruption bill, which makes it a penal offense to offer or accept gifts or bribes with the view of influencing business.

High grade clothing for the little fellows—these suits are well worth \$7.50—beautiful patterns, at..... \$3.98.

SCOPE OF IRISH LAND BILL

Full Text of the Wyndham Measure is Made Public. COMMISSION IS GIVEN GREAT POWER. Killarney is Exempt Under the Clause Which Precludes the Purchase of Land Not Agricultural or Pastoral.

LONDON, March 27.—The text of the Irish land purchase bill which was introduced in the House of Commons by the Irish secretary, Mr. Wyndham, on Wednesday last, was given out today. It occupies thirty-nine pages of parliamentary paper and bristles with technicalities. The full wording reveals many important features which were not mentioned in Mr. Wyndham's speech when the bill was introduced. All arrears of rent due at the time of purchase of land are recoverable by the land commission and not the arrears to a year only, as previously cabled. The land commissioners, however, are given power in special cases to remit part or all of the arrears. The commissioners are also empowered to determine boundary and other disputes between the proprietors of holdings under the bill. The commission has the first claim to purchase bankrupt estates and can sell them to the tenants or use portions of them for repatriation of evicted tenants. The latter point is regarded as being one of the most vital features of the bill.

PENSIONS FOR WESTERNERS

Survivors of the Wars Generously Remembered by the General Government. WASHINGTON, March 27.—(Special.)—The following pensions have been granted: Issue of March 22: Nebraska: Increase—Frank Sucha, Lehigh, Neb.; William McCullitt, Darron, Neb.; Rider, Fremont, Neb.; Edward O.
