CARTER TO FINISH MARKET

Unless Contractor Partridge Resumes Work Within Three Days.

HOD CARRIERS' STRIKE IS IN THE WAY

Building Inspector Orders Contractor to Proceed, However, or the City Will Finish the Work at His Cost.

Building Inspector Carter yesterday issued an ultimatum to Contractor C. W. Partridge that construction of the Capitol avenue market house be resumed in three days or he will proceed with the work himself, deducting the cost from the contract price. For two weeks construction has been suspended on account of the hod carriers' strike. According to the inspector there is only about two more days' work for the hod carriers on the building, and then there will be no further necessity for their services. They are striking for 30 cents an hour, an increase of 2 1/2 cents, and the entire amount involved in the market house strike is less than \$5. Neither the carpenters nor the bricklayers will work until the building contractors settle with the hod carriers.

Inspector Carter, who says that immediate completion of the market house is important to the public, called a meeting yesterday of Contractor Partridge, Business Agent Stevenson of the Building Trades Council and three representatives of the hod carriers. He put the matter before them and the contractor said he was willing to accept the rate, providing that the single firm holding out against it, Rochester & Gould, gives in, but not before. The hod carriers said this meant no work and the building inspector therefore issued his ultimatum.

The inspector said: "If it had not been for the strike the house would be finished now. As it is, the market gardeners are opening in and demanding stalls and none are ready for them. The city will spend about \$15,000 on the building and a competing mart is being started. It is no more than right toward the people that the Capitol avenue house be finished as soon as possible. I understand that Contractor Partridge is still trying to patch up some truce with the men."

Announcements of the Theaters.
 At the Boyd Friday and Saturday nights the great musical success which ran to crowded houses during seventeen weeks at the Knickerbocker theater, New York, "The Toreador," in which Messrs. Nixon & Zimmerman will present Francis Wilson and his splendid company. This piece has undoubtedly been one of the greatest successes in the musical comedy line that we have had in a number of seasons; it tells a highly interesting and amusing story and its many complications create no end of laughter. Its music is tuneful, and the many songs delightful. The costuming and stage pictures are picture-perfect to a degree. Mr. Wilson is given the best opportunity he has had since "Ermine," and each member of the company has scored individual hits, among them being Joseph Coyne, Melville Ellis, Elsie Ryan, Carolyn Gordon, William Frederick, Clara Belle Gordon, William Blaisdell, Miriam Lawrence, Robert Evans and Nora Cecil.

Lecture on Christian Science.
 "Teaching of Christian Science" will be the subject of a lecture at Boyd's theater Thursday evening, April 2. The lecture is given by Carol Norton, C. S. D., of New York, under the auspices of the local Christian Science church. Mr. Norton is said to be a man of exceptional literary and oratorical attainments.
