

TEN DOLLARS COST OF LIFE

Quarrel Over Disputed Account Results in Tragedy at Holbrook.

D. M. LOGAN KILLS CHARLES CHRISTINSON

Murderer Attempts to End His Own Life by Swallowing Morphine, but Doctors Promptly Fracture His Design.

ARAPAHOE, Neb., April 2.—(Special Telegram.)—The sum of \$10 is responsible for the death of one man and for the fact that his murderer is now locked up in the county jail.

A dispute at Holbrook yesterday over the services of a horse owned by Daniel M. Logan resulted in his shooting Charles Christinson.

Coroner Hopping, at an inquest held last evening, developed facts as follows, proven by several eye witnesses: That Christinson denied the owing of \$10 to Logan and started to leave in order to avoid any further dispute, when Logan, who was under the influence of liquor, applied a base name to him, causing him to turn back. Logan then drew a revolver and shot at him three times, the first shot passing through his stomach and the other two near his heart, either of which would have proved fatal. Christinson lived but a few minutes.

Before being placed under arrest Logan made an attempt at suicide by taking a large quantity of morphine, but by prompt medical action it was overcome and his life spared by the penalty for the crime he committed in a legal manner.

Christinson was regarded as a worthy citizen, inoffensive, honorable and upright, and it looks like a case of unprovoked murder on the part of Logan, and was so decided by the coroner's jury. The dead man leaves a wife and seven children with but little property.

Logan is an old soldier and draws a wagon, working at his trade of wagon-maker at Holbrook, and was generally respected, although a drinking man and addicted to the use of morphine.

OFFERS TO SETTLE SHORTAGE

Former Treasurer of Cedar County Makes a Proposition to the Commissioners.

HARTINGTON, Neb., April 2.—(Special.)—Yesterday the ultimatum issued to Cedar County ex-treasurer T. F. Ziegler expired. By the terms of the ultimatum Mr. Ziegler must make good his shortage of nearly

\$24,000 or suffer prosecution by the county. Mr. Ziegler is based from his present home at La Harpe, Kas., and is offering a compromise that will be discussed and passed upon by the county commissioners now in session. He proposes to confess judgment for the entire amount returned by the expert accountant last summer, provided the board will give him the chance to settle as follows: On April 1, \$2,000; on June 1, \$2,000; on August 1, \$2,000; on September 1, \$7,400, and January 1, 1934, the balance of \$10,000. Should this plan be acceded to the matter will not be aired in the courts and the bond company held for the shortage.

The ultimatum is not a bluff and something must be done, for the taxpayers are clamoring for a settlement. The payment of this shortage will put Cedar county on a cash basis.

CHALLENGER VICTOR AGAIN

Third Day's Trials Prove Shamrock III Speedy in Windward Work.

OUTSAILS ITS OPPONENT ON ALL POINTS

New Boat's Spinnaker is Largest Ever Made, Measuring One Hundred and Forty by Seventy-Eight Feet.

GOULBOCK, April 2.—The third series of trials for Shamrock III was held today under conditions similar to those yesterday. The wind had rather less strength but it was fresh and squally at times. This was welcomed, as yesterday's display of the challenger for the America's cup left a suspicion among some yachtsmen that there might be conditions under which Shamrock I could almost, if not quite, hold the new boat. The latter's gear, which was stretched under yesterday's strain, was set up afresh yesterday evening.

The boats started on the first trial today from off Toward point. The sails were trimmed and they remained in close company until abeam of Skelmerholme, where they luffed to windward to Rothway, three miles. In cross tacking the challenger showed the greatest ability on that important point of sailing and went further ahead and further to windward on every tack, and in a half hour's sailing beat Shamrock I by four minutes.

The next trial was a spinnaker run down the wind. The breeze was steady and of a moderate strength. Shamrock I was given a lead of exactly one minute, but in a twenty-minute run the challenger closed the gap, overhauled and ten minutes later had drawn clear ahead, the distance covered being between four and five miles.

Although the challenger proved faster in this race the wind it hadly demonstrated the superiority expected. After starting on another turn to windward from Largs to Rothway, about six miles, Shamrock III again outfooted its opponent on every tack. The wind freshened, but the fresher it became the better it suited the challenger, which established this beat to windward half a mile ahead.

On turning the yacht set their spinnakers for another trial down the wind. Shamrock III was about three minutes ahead at the start, but with a better wind from the bay it shortened the gap until it was barely two minutes behind.

These positions were maintained to the end of the run. Starting on another beat across the bay the trials on the Clyde. They will be resumed off Weymouth early next week, with set races over measured courses. Shamrock I leaves here tonight in tow for Weymouth.

The challenger and Shamrock I will leave Gourock on Saturday and it is expected that the two yachts will race on Tuesday.
