SELEE TALKS OF OLD DAYS

Recalls the Time When He Managed Pennant Winners in Omaha.

SAYS GAME IS MORE EXPENSIVE NOW

Pays Omaha the Compliment of Being Good Ball Town at All Times and Worthy of Best of Players.

Manager Frank Selee and his club of ball players, representing Chicago in the National League, are at the Millard during the three days they will play in Omaha. Mr. Selee is an old Omahan, in that he managed the famous teams of '88 and '89, winning the pennant the latter year. In speaking of old times, he remarked yesterday morning that they were great days and that "the team that Omaha had then was a daisy."

"Of course," continued Mr. Selee, "it cost money to keep up such a team as that was, but Omaha was a good base ball town, even in those days, and from all accounts has improved wonderfully since then. What Omaha needs to keep up its enthusiasm is a good, clean playing team and I am sure it will never lack patronage. In '88 my team cost me more than \$20,000, and the following year, when I retrenched and had the best team of the two years, it only cost me \$12,000. That was the year that I disposed of a host of good men to the major leagues."

"Those headed large sums of money to spend on a team in the old days, but do not compare with what it costs to run a

club now. The team that Omaha has today costs twice as much to run as my team did those two years. The salaries that players are receiving are large and eat up a goodly sum at the start and then there are expenses right along. With a good ball town to work in, though, a man should be able to come out above board at the end of the season.

Talks of His Own Men.

"My team? Pretty good? Well, I think so. Since we left Chicago on March 7 we have been playing nearly all of the time and we have only lost three games, and these were not hard to us. The team has its weak spots, but every day it is improving. The boys are not hitting their best as yet and the weeding out process is probably not quite complete. There is one thing I have, though. That is a staff of pitchers. There are seven of them and they are good ones."

"Omaha looks just the same to me as it did twelve years ago, only larger and better. It seems good to be here and to have an interest in Omaha's base ball team, even if it is a negative interest."

COMMERCIAL CLUB AFFAIRS

Executive Committee Takes Notice of Obnoxious Odors from South Omaha.

The aroma of the South Omaha packing houses received serious consideration at the meeting of the executive committee of the Commercial club yesterday. A committee reported that there are but one or two offenders at the Magic City whose capacity to produce byproducts is in excess of the capacity to properly care for the same, but that additional tanks are to be constructed as soon as material arrives and then the trouble will be over.

The committee turned down two representatives of the Commercial Travelers' Bureau who came to the city for the purpose of collecting funds for use in securing a uniform interchangeable mileage book and a lower fare for commercial travelers west of the Missouri river. Officers of the Travelers' Protective association present denounced the scheme and said that the association is doing all that can be done toward securing interchangeable mileage books.

Poster, Avery & Co. of Portland, Me., writes the club to ask for a building in which a retail clothing store can be conducted in Omaha. In regard to the proposed Ashland-Bloux City line of the Burlington, officials informed the club that nothing had been decided upon, the surveys now being made are preliminary and that when the time came for locating the road the claims of Omaha would be considered.

New members elected were: A. G. Charlton, C. F. Harrison, E. J. Sullivan and Rev. A. S. Clark, pastor of the Second Presbyterian church, who was made an honorary member.

HOWELL'S ANTI-GRIP CAPSULES

CURES GRIP IN ONE DAY. Stops that Ache in the Bones, Back and Head. Makes you feel better after the first dose.

Relieves Headache and That Depressed Feeling.

Dose: Take one every two or three hours till three are taken, then wait till next day and repeat as before. If not entirely well, THEY ARE HARMLESS, a good thing to keep handy, and when you feel an attack coming on, take one and it will ward off a severe attack. The directions to take but three a day does not mean that there would be danger in taking more. They could be taken all day and night, but we find from experience that three a day is all that is necessary.

With few exceptions, it is not necessary to take them a second day. Taking medicine after a cure has been produced is like pouring water on a fire after the fire has been extinguished only when you feel the need of them. If capsules cannot be swallowed, empty contents and take as a powder.

PREPARED ONLY BY S. E. HOWELL,
