ROME OCCUPIED BY TROOPS

Strike Situation in Ancient City Assumes a Serious Aspect.
 FOREIGNERS ARE LEAVING AND THE HOTELS AND BOARDING HOUSES KEPTERS WILL SUFFER GREAT LOSS IN CONSEQUENCE.
 ROME, April 8.—The aspect of Rome was completely changed early today. The gay crowded city of yesterday seemed dead. No cars passed through the streets, and even the street cars, which ran at long intervals were escorted by police and were almost empty as the people feared to ride in them on account of threats of the strikers.
 The shops were open but the shutters were up as the proprietors intended to be ready for any eventuality. There were apprehensive of rioting and feared, as on other occasions that their windows would be smashed.
 The whole city was occupied by troops. Detachments of cavalry were posted on the squares and special details of soldiers and police were stationed around the various points to prevent any attempt against the papal palace.
 Foreigners continue to leave Rome but many of them cannot get away as they are far from the railroad station, and no cars being obtainable, the hotel omnibuses can carry only a limited number of passengers.
 Foreigners May Leave.
 If the strike continues and all the foreigners leave the city it is said the boarding house keepers alone will lose on an average \$15,000 daily.
 Unimportant encounters between the strikers and troops took place during the morning, the former wishing to hold meetings, which were forbidden, or reach the center of the city. In some instances cavalry charged the crowd, but no one was injured.
 During the morning an attempt was made by strikers to overthrow a street car, but it failed.
 Five hundred French pilgrims arrived here today and had some startling experiences. They got off at a station on the outskirts of Rome so as to avoid going through the city, but there were no cars and all kinds of wagons and carts were hired to take the pilgrims baggage.
 The men and women of the party arrived at the Garibaldi bridge just as a detachment of cavalry charged a mob and a scene of indescribable confusion ensued. With screams and shouts the pilgrims in their efforts to escape were scattered in all directions.
 About the middle of the day the strikers succeeded in gathering in threatening numbers on the Corso Vittorio Emanuele, in the center of the city, and detachments of troops charged. About three volleys and dispersed them. A dozen men were reported to have been wounded.
 The officials reported that order had been completely re-established since noon, but Rome was still occupied by the military forces and the general strike continued. Many strikers were arrested during the day.
 The government has determined to have a sufficient force of troops on hand to maintain order under any circumstances and has issued instructions to send ten more battalions to Rome.
 The pope was much interested in the particulars of the strike. He said: "It is a sword with two edges."
 He also expressed sorrow at the damage done to the interests of the city and also because the strike interfered with the religious ceremonies of Easter.
 Instructions were issued to close the churches wherever disturbances occurred and the prelates of St. Peter's met during the day to decide whether or not to suspend the Easter services, fearing that the strikers may enter St. Peter's and provoke disorder.
 The leader of the socialists has decided to propose that the differences between the typesetters and their employers should be settled by arbitration. This proposition is likely to be accepted, in which case the general strike will be over.
 THE HAGUE, April 8.—The proposed bakers' strike in sympathy with the general water and land transportation strike, has thus far proved a failure. The bakers are continuing work under military protection. The railroad service is gradually resuming its normal condition.
 The workmen's defense committee has

offered to call off the strike if the proposed "tyrannical" anti-strike laws are abandoned.
 ROTTERDAM, April 8.—Ninety per cent of the employees of the Netherlands railroad have resumed work. Only shunters and pointmen are now needed to re-establish the complete service.
 AMSTERDAM, April 8.—The workmen's defense committee has decided to proclaim a general strike of all the trades throughout the country.
 The municipal employes have also decided to go out on strike tomorrow morning. This action will affect the gas, telephone, sanitary and water services, but it is believed that only a third of the men will respond to the strike call, and that the military will be employed to maintain the public services.
 In authoritative quarters it is believed the strike as an organized movement is doomed to failure and that the government's anti-strike bill will be speedily passed.
 BERLIN, April 8.—A dispatch to the Lokal Anzeiger from St. Petersburg, dated yesterday, says thirty persons have been killed and 100 were injured during labor disturbances near Nishna Novgorod.
 The disturbances occurred yesterday at a large factory near Nishna Novgorod. The local civil authorities were unable to restore order. Troops were called out and fired point blank into the midst of the rioters, killing thirty men and wounding a hundred.
 LONDON, April 8.—A special from Amsterdam says: The government has ordered the mobilization of all the marines within twenty-four hours, and that three war ships have been ordered to be in readiness for immediate service. About 10,000 men are idle in Amsterdam, alone. No flour is being delivered and bread and other food wares are escorted by troops.
 Weavers Are Still Idle.
 FITCHBURG, Mass., April 8.—The power was not started at the Parkhill cotton mills here today on account of the strike of the weavers and loom fixers in mill C.
 The weavers in mills A and B have been out since the middle of last month. In all 1,200 employees are now idle. The weavers of mill C objected to doing work left unfinished in the other mills by the original strikers.
 There was no trace of last night's disturbance today when the Lawrence hoistery mill opened as usual. The ring spinners went to their work with the other operatives, numbering about 3,000 in all. Some Greeks had gathered near the mill gate, but the police were on hand to prevent any trouble. But there was no demonstration.
 The board of arbitration will meet tomorrow to investigate the strike and the dispute leading to it.
 Work in New York Stopped.
 NEW YORK, April 8.—Work on many buildings in course of construction was tied up today on account of the differences between the United Brotherhood of Carpenters and Joiners and the Amalgamated Society of Carpenters.
 The brotherhood men have gone on strike on every building on which amalgamated men are employed. As there are about 5,000 brotherhood men employed on Manhattan island, the strike is a serious matter for the contractors. Not a single member of the United Brotherhood was at work today.
 Will Extend Cotton Strike.
 BOSTON, April 8.—Not only was the position of the Lowell cotton mill operatives and the strikers at Woonsocket and Manville, R. I., endorsed by the National Mill Spinners' association today, but preparatory steps were taken towards ordering strikes of spinners at other New England points.
 The executive council was instructed in case efforts to induce mill owners to ad-

DEMANDS TO BE GRANTED

SAN FRANCISCO, April 8.—A telegram received from Lewis Nixon, president of the United States Ship Building company, received by W. G. Dodd, president of the Union Iron Works, indicates that the men will be granted the nine-hour day on May 1 with a 10 per cent increase of pay.
 GOEBEL MURDER TRIAL BEGINS
 So Many Jurors are Objected to That New Panel Has to Be Called.
 FRANKFORT, Ky., April 8.—The trial of James Howard, charged with killing Governor Goebel, was begun today. When the case was called the defense filed an affidavit asking for a continuance, pleading the absence of witnesses. The affidavit was admitted subject to exceptions for competency and relevancy.
 Examination of jurors was then begun, but the panel was soon exhausted and a special venire of 150 citizens of Woodford, an adjoining county, were ordered to be present in court tomorrow afternoon.

TILLMAN GETS MORE TIME

Trial is Postponed Until June at Request of Defense.
 ABSENT WITNESSES REASON ASSIGNED
 Prisoner Hopes to Show Later That Gonzales Threatened Him and so Brought on the Shooting.
 COLUMBIA, S. C., April 8.—Mr. Colonel James H. Tillman was arraigned today for the murder of Editor Gonzales. He asked that the case be put back till June. This request was granted on the ground that the defense would otherwise be prejudiced by the absence of two material witnesses. It is stated that one of the witnesses, Captain W. J. White, is expected to testify that Mr. Gonzales went to the statehouse before the tragedy and inquired for Tillman, saying he had once made Tillman "show the white feather, and could do so again."
 The defense also affirms that a Miss Roper, a trained nurse, who claims that she had heard Gonzales bitterly denounce Tillman, could not be present today. Affidavits were presented to the effect that Captain White was ill and that Miss Roper was in New York City.
 The prosecution, through Solicitor Thurmond and Colonel Andrew Crawford, argued that the defense had not complied with the ruling of the court and that there was not a sufficient showing on which to ask for a continuance and that the case should go to trial.
 After a dull discussion Judge Klugh rendered his decision, continuing the case until next June.
 Senator R. B. Tillman, the prisoner's uncle, sat at his side during the hearing.

DRY VOTERS FLOCK TO POLLS

Kansas Elections Doom Liquor Men's Hopes to an Early Death.
 TOPEKA, Kas., April 8.—Returns from all towns in Kansas which held elections yesterday show an overwhelming vote in favor of enforcing the prohibition law.
 A special effort was made by the opponents of prohibition to make a good showing and thus pave the way for a re-submission campaign two years hence. Only six towns of any importance voted in favor of a liberal policy toward saloons.

STEALS SICK PEOPLE'S CASH

Hospital Treasurer Sentenced to Eight Years for Embezzlement.
 PHILADELPHIA, April 8.—J. Howard Climmenson, former treasurer of the Pennsylvania Epileptic hospital and Colony farm at Oakbourne, Chester county, today pleaded guilty to three indictments, charging him with embezzlement and conspiracy. He was sentenced to eight years' imprisonment. Climmenson embezzled about \$9,000 of the hospital funds.
 Condole with General Porter.
 PARIS, April 8.—The American Chamber of Commerce, at a special meeting today, adopted a resolution of condolence with the United States ambassador on the death of Mrs. Porter. In the course of Consul General Gowdy's remarks on the occasion, he said General Porter had fought with Grant, Sherman and Sheridan on a hundred battlefields, but this was the saddest greatest battle of his life.
 Monks Move to Canada.
 DIJON, France, April 8.—A large establishment of the Dominicans here has been closed and the members left for Canada. A sympathetic crowd saw the party off today.

TAYLOR REFUSES TO TALK

Will Neither Affirm Nor Deny Reports Concerning Southern Pacific Pool.
 NEW YORK, April 8.—Talbot J. Taylor declined to confirm or deny the report that the Southern Pacific pool stock would be distributed among members of the pool on Friday, when the extension period expires. Mr. Taylor was equally noncommittal concerning the report that no stock would be voted at the annual meeting today.

 INDIANAPOLIS, April 8.—Miss Frida Pink, an 18-year-old senior at an Indianapolis high school and the star of the basket ball team, is at the point of death as a result of injuries received while playing at Crawfordsville.
 Miss Pink went down in a scrimmage and was kicked in the side.
 Londonderry Denies Home Rule Tales.
 LONDON, April 8.—Lord Londonderry, president of the Board of Education, has written a letter in which he repudiates any knowledge of an intention on the part of the government to introduce a measure of self government for Ireland.
 Prelate Foretells Rebellion.
 ST. PETERSBURG, April 8.—The French bishop of Saechuan, the middle province on the western frontier of China, predicts a general "Boxer" uprising throughout the province.
