

NEWS OF INTEREST FROM IOWA. COUNCIL BLUFFS.

MINOR MENTION. Davis sells drugs. Stockert sells carpets. Expert watch repairing. Leffert, 409 B.Y. Celebrated Metz beer on tap, Neumayer. FOR rent—Modern house, 719 Sixth ave. Cabinet photos, 25c per dozen, 303 B.W. Clothespins, 1 cent a dozen at A. B. Howe's, 310 Broadway. Picture framing, E. Alexander & Co., 223 Broadway, tel. 396. The city council will not in adjourned regular session this evening. Real estate in all parts of the city for sale. Thomas E. Cassidy, 235 Pearl street. E. A. Wickham left last evening on a business trip to St. Paul and Minneapolis. Wanted, a single man to work about house and barn. Apply at office of Leonard Everett. Before papering your rooms we want to show you our elegant 1903 designs. C. B. Flint, Oil and Glass company. A case of chickenpox in the family of W. S. Stillman, 222 South Sixth street, has been reported to the board of health. Congressman Walter L. Smith will deliver an address at the commencement exercises of the University of Iowa, May 29. The assessors for Hardin and Keokuk townships have turned in their books to the county auditor. The remains of Mabel Horn, aged 22, who died Saturday at the Woman's Christian Association hospital, were taken yesterday to Janata, Neb. Mrs. Jacob Sims, president of the Associated Charities, requested a full attendance of the members and friends of the organization at the monthly meeting this afternoon, as an action relative to the purchase of the Hanthorn property will be taken. Funeral services over Mrs. Hannah M. Smith were held yesterday afternoon at the residence of her son, E. K. Smith, conducted by Rev. J. W. Abel of the Fifth Avenue Methodist church. The remains will be taken today to Clearfield, Ia., for interment. The funeral of William Lathrop will be held this afternoon at 2 o'clock from the residence of his son, G. C. Lathrop, 212 and a half North Main street, in Walnut Hill cemetery. The announcement that the funeral would have been held Sunday afternoon was erroneous. Ted Lincham reported to the police last night that he had seen a man in a dark suit in the alley between Fourth and Main streets, near Ninth avenue, and robbed of \$2 and a watch and chain. Lincham, who lives at Ninth avenue and Main street, could not furnish any accurate description of the man. At the meeting of the board of trustees of the free public library this afternoon Secretary Stewart, in expending to submit the deed from E. L. Shugart for the property at the corner of Sixth street and the Carnegie library building. The board is also expected to take some action relative to securing plans, as the trustees are anxious to get the building under way as soon as possible. Dr. N. J. Rice will attend a meeting of the state secretaries of the Young Men's Christian association, which is being held tomorrow for the purpose of endeavoring to secure the organization of an association in the Council Bluffs. It is hoped that the Young Men's Christian association in this city was dissolved about six years ago for want of funds. Emil Stortz, aged 48 years, died yesterday morning at his home, 381 Lincoln avenue, from heart trouble and asthma. His wife and two daughters survive him. The funeral will be held Tuesday afternoon at 3 o'clock from the family residence and services will be held at 2:30 o'clock in the German Lutheran church. Interment will be in Fairview cemetery. Mr. Stortz was born in Germany in 1854 and had been employed for the last twenty years by the Council Bluffs Gas company. Besides one brother and two sisters in Germany, he has two brothers, William and John Stortz of this city. Plumbing and heating. Bibby & Son. Suggests Boulevard to Manawa. Colonel W. F. Baker of the Board of County Supervisors, who has declined to acknowledge the authority of the city council to designate on what streets or in what manner the portion of the county road fund levied within the city shall be expended, has suggested that the money be used for constructing a boulevard between the city and Lake Manawa. His plan is to construct a well graded highway between Sixteenth avenue and the lake. At present the two thoroughfares most generally used between the city and the lake are low and in rainy season are almost impassable. The old county road east of the motor track is formed chiefly of bumps and in wet weather becomes almost unuseable for travelers. Colonel Baker's plan, it is said, is to secure gravel from the pits at Loveland and use it on this road to Manawa. This, in his opinion, will make it a first-class driveway and one that can be kept in repair at little cost annually. As yet Colonel Baker has made no such proposition to the city council and it is not known whether the aldermen will agree to this manner of expending the city's share of the county road fund. The streets and alleys committee is anxious to have the money expended chiefly on the streets within the city or at least a substantial portion of it. This question, it is expected, will come before the city council at its meeting tonight. N. Y. Plumbing Co., Tel. 250. Night, F867. Refuses to Go to Pest House. A case of smallpox in a double house at the corner of Sixth street and Ninth avenue was reported to the health authorities yesterday and City Physician Houghton ordered the man taken to the pest house at Myzster Springs. J. A. Usher, who is in charge of the city to act as nurse at the pest house, when notified by the police, declined to go there. The authorities then secured another nurse, but when the conveyance called at the patient's house he refused to be removed. An effort was then made to get him to go to the new isolation hospital in the east part of the city, but he again refused and the officers were finally compelled to quarantine him at his home. The board of health will in a few days annul the contract with Usher and appoint another nurse to-night. National Roofing Co., 126 Main Street. Feathers Renovated. We are prepared to do this work to perfection, in connection with our dyeing business. Lace Curtains Cleaned and Portiers Cleaned and Dyed. Our method is to give complete satisfaction. TELEPHONE COMPANY BUILDS Deal Closed for Lot on Scott Street on Which to Erect Exchange.

MUCH MONEY SPENT IN IMPROVEMENTS in Addition to Exchange Building Wires in Business District Are to Be Placed in Underground Conduits. The Nebraska Telephone company is said to have purchased the Evans property on Scott street for the site for its new exchange. While the transfer has not yet been recorded, it is said that the negotiations which have been pending for some time for this piece of property have been completed. The price paid by the company has not been made public. The property was owned by John Evans, now a resident of California. The site is admirably situated for the purpose for which the Nebraska Telephone company has purchased it. It has a frontage on the west side of Scott street of 100 feet and is situated directly north of the Omaha Brewing company's building at the corner of Broadway and Scott street, which now occupies the property formerly owned by the Nonpareil company. The location is as central as could be desired, and yet off the main thoroughfare. The ground is now occupied by an old frame building used as a livery barn, and it is said that the work of tearing this down and the erection of the exchange will be commenced at once. With the erection of its new exchange building the telephone company intends to begin the work of placing its wires in underground conduits in the district prescribed by the recently enacted ordinance. The building of the exchange and the other improvements which the company intends to carry out in Council Bluffs will result in an expenditure of close upon \$100,000.

THREATENS TO SHOOT HIS WIFE William Spends Seventy-Five Cents for Revolver for That Purpose.

William Chisem was arrested last evening, charged with threatening to shoot his wife and carrying concealed weapons. The "concealed weapon" was a revolver for which Chisem had paid 75 cents. Chisem had trouble with his wife, who is working for a family named Gillinski on Broadway, and he claims that Roy McKinney, who followed them here from Shenandoah, has been paying her attentions which aroused his jealousy. Chisem went to the Gillinski home last evening and asked to see his wife. He was told she had gone to Omaha. Entering the house, he saw her hiding behind a door. He invited her out into the yard and she declined the invitation. The police were notified, and when Chisem saw Officer Callaghan he took to his heels and ran. The officer fired one shot after him and this made Chisem run all the faster. He ran down the alley back of Pearl street and hid in an arway of the Grand hotel, where he was found by Officer Kirk. Chisem claimed he carried the revolver as he had heard that McKinney, who arrived from Shenandoah three days ago, was out looking for him with a gun. Chisem formerly lived in Red Oak, but some months ago went to Shenandoah, and from there came to Council Bluffs. His wife placed their children in the care of the Associated Charities in order that she might go out to work.

SOME FIGURES ON RAILROADS Over Thirty Thousand Cars of Freight in and Out of the Bluffs Last Year.

Charles K. Taylor, secretary of the committee on advertising of the Commercial club, has compiled from the local railroad records some interesting statistics relative to Council Bluffs and its railroad connections. These statistics show that eight great railway systems center in Council Bluffs, with a total mileage of 48,922 miles. These same railroads reach 9,474 towns, being nearly one-third of the entire number of towns in the United States which have railroad connections. During 1902 these eight railroads received for Council Bluffs 1,855,620,145 pounds of freight and during the same time carried out of Council Bluffs 2,222,234,325 pounds of freight. These figures mean that the railroads handled about 30,385 loads of freight for Council Bluffs in 1902. The railroads entering Council Bluffs have forty-five passenger trains in and forty-three passenger trains out of the city daily, making a total of eighty-eight passenger trains in and out of the city daily. The same railroads operate forty-one regular freight trains into the city and twenty-four freight trains out of the city daily, making a total of sixty-five freight trains in and out of the city daily.

FORECAST OF THE WEATHER Fair Today and Tomorrow in Nebraska and Warmer in Iowa Tomorrow.

WASHINGTON, April 12.—Forecast: For Nebraska and Kansas—Fair Monday and Tuesday; warmer Monday in west portion; warmer Tuesday. For Iowa—Fair Monday and Tuesday; warmer Tuesday. TEACHERS ASK MORE WAGES How to Secure Increase Principal Topic of State Convention.

CLOSING UP THE STATE CONTRACTS Council Bluffs Firm Gets the One for Putting a New Copper Roof on the State Capitol Building. (From a Staff Correspondent.) DES MOINES, April 12.—(Special.)—The question of compensation for the teachers in the schools of Iowa and the betterment of their social and financial condition was the topic uppermost at the next meeting of the Iowa State Teachers' association, scheduled for Des Moines December 28 next. This topic was decided upon at the last state convention, when the topic was given the State Education convention as a special one to be reported on in one year. But aside from this it was decided at the meeting held here the past week by the members of the executive committee of the association that on the program there should be topics like manual training in the rural and town schools of Iowa, the effect of the new compulsory education law, the better utilization of school property and the lengthening of the school terms. Already, as the result of the agitation commenced by the state superintendent and prominent educators last winter, there has been material improvement in the wage question as it relates to the teachers of the state and reports indicate that next year better prices will be paid in this state than for many years. The manual training subject has been put before the people fairly and the new compulsory education law is working well. As a part of the question of increasing the annual compensation to teachers the lengthening of terms is being urged. Des Moines will next year have ten months of school instead of nine and this is the tendency in the state. This matter will be given a place on the program next winter. The members of the program committee will be given some time to plan for the work and then a meeting will be held to consider the question. No teacher has yet been selected to deliver a lecture before the association. It has been customary to secure someone from outside the state who is not engaged directly in educational work.

FLAMES SWEEP IOWA TOWN Blase All Day Without Check, Destroying Three Stores and Postoffice.

MARSHALLTOWN, Ia., April 12.—Fire is raging in the business part of Dyart, Tama county. The fire started this morning with an explosion in a store owned by J. A. Dayton. The Dayton store, Mayer & Lundstedt's drug store, Weir & Schroder's market and the postoffice have been burned and the flames have not been checked.

Body Found in River. CEDAR FALLS, Ia., April 12.—(Special Telegram.)—The remains of Frank Boehm, the second victim of the drowning of Monday, were found in the river today. Roger Clay was buried today.

HAIR NATURALLY ABUNDANT. When It is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do so earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always tingles instantly, makes hair glossy and soft as silk. "Destroy the cause, you remove the effect"—dandruff. Sold by all druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.

Boy Fatally Shot. PLATTSMOUTH, Neb., April 12.—(Special.)—James Kennedy, a 14-year-old boy who resides with his parents about four miles south of Plattsmouth, was playing with a .22-caliber revolver when in some manner it was accidentally discharged, the bullet entering his abdomen. Dr. J. H. Hall of this city was called to care for the patient, but was unable to locate the bullet, and it is doubtful if the boy will recover.

Arrange for Salem Chautauque. HUMBOLDT, Neb., April 12.—(Special.)—The directors of the Interstate Chautauque held a meeting this week and decided to hold a Chautauque at the fair grounds in Salem on August 1 to 8. The board appointed W. F. Shindler, secretary, and is already at work preparing the program.

Closing Up State Contracts. The state capital commission has just closed the contract for the new roof to be placed on the capitol building. It will be of copper and the contract goes to the Grab-Peterson company of Council Bluffs for \$19,178. The work will be commenced at once. The state capitol now has a slate roof, but it is badly in need of repairs.

Refund on Account of Indians. The state of Iowa will soon receive a draft for \$7,000 from Washington, which will balance the account of an outbreak of smallpox among the Indians on the Indian lands in Tama county. This outbreak occurred while the legislature of Iowa was in session, and immediately there was a demand that the state authorize the expenditure of money to clean up the Indian camp and put a stop to the smallpox epidemic. The legislature appropriated \$7,000 and this was placed in the hands of the president of the State Board of Health, A. M. Linn of this city, and he proceeded to enforce quarantine and have the Indians cared for. Most of their movable property was burned and new stuff furnished them. In a short time the smallpox was completely eradicated. The Iowa members of congress got through a bill to reimburse the state for the money expended. The account has just been audited.

Shortage of Union Treasurers. When J. B. Herron, treasurer of the Iowa branch of United Mine Workers at Cincinnati, returned to his home after being in Des Moines to attend the mine convention he was confronted by his associates with an accusation that he was short over \$400 in his accounts with the national office. He was not an applicant for reappointment. The force as it now stands is as follows: C. N. Anderson, superintendent

FATHER THREATENS DAUGHTER Domestic Difficulty Lands a Richardson County Man in Jail.

HUMBOLDT, Neb., April 12.—(Special.)—Amos Waters, for many years a barber at this place, has recently become involved in serious trouble at Sabetha, Kan., and will be compelled to answer in court for threatening a daughter with a revolver. The Waters family has been living the last year in the south part of this county, and later sent word to the daughter to come to him at the hotel. She did so, not suspecting anything wrong, but when she arrived the father demanded that she reveal the hiding place of Mrs. Waters. At the same time drawing a revolver and threatening both her life and his if she refused. She still protested that she did not know and what the outcome might have been is a matter of doubt, had not the landlady heard the disturbance and appeared on the scene with help. The daughter later swore to a complaint against her father and the sheriff located him at Bern, taking him to Sabetha to answer to the charge. Waters has been a hard drinker for years and some of the relatives fear that his mind has become affected. His family claims that they have lived in fear of him for a number of years.

County Held for Damages. TECUMSEH, Neb., April 12.—(Special.)—In the Pawnee county district court, this county of M. H. Carman, administrator of the estate of J. B. Gooch, against the County of Johnson, went for the plaintiff. The full amount of \$5,000 was found for the heirs of J. B. Gooch. The history of the case is as follows: July 25, 1901, J. B. Gooch, in company with some of his neighboring farmers, were moving a threshing outfit. Mr. Gooch was engineer of the traction machine and in crossing a bridge on Spring creek the bridge gave way and Mr. Gooch, with his engine, went through, falling into the creek several feet below the bridge. The man was caught under the wreck and sustained injuries from which he died that day. Through the administrator, the heirs, who are Mrs. Gooch and a 14-year-old son, brought suit for damages against the county in the sum of \$5,000.

Line Fence Causes Trouble. WEST POINT, Neb., April 12.—(Special.)—D. Klattendorf was arraigned before County Judge Krake on Thursday on a charge of attempting to kill T. D. Rich, a neighbor. The parties are farmers living near Wisner and got into difficulties over the location of a line fence between their respective farms. Considerable bad blood was shown at the examination, which resulted in the defendant being bound over to the district court for trial.

Killed by the Cars. BEATRICE, Neb., April 12.—(Special Telegram.)—Thomas Johnson of Des Moines was killed here today by a Rock Island freight train. The accident happened in front of the Rock Island depot.

Uncle Reuben's Opinion. "They may say what they please, but listen—hear me! I've taken all kinds of laxatives, purgatives and cathartics, but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets and you may have all the laxative drugs, dyspepsia medicines and pills, little or big, there are in this country. Them Tablets surely do make one feel joyful!"

Laundry Lesson Number Three, Whose worth bespeaks its purity. Swift's Pride Soap is made right of pure materials. Its laundry utility commends its use to those who have a care for their clothes. Swift & Company, Chicago.
