

NO DOUBT AS TO LEGAL BODY

City Attorney Says Legality of Washington Hall Convention is Certain.

BOLTERS HAVE NO STANDING IN LAW

Only Way for Disgruntled Element to Get Any Nomination on Official Ballot Will Be by Petition.

City Attorney Connell was busy yesterday morning assuring people that the nomination of Mayor Moores and the other republican candidates at Washington hall Saturday afternoon was in every way legal.

"Both from the standpoint of a political organization and that of the perfect fairness it was legal and in strict justice," said the city attorney. "The ticket nominated is the only one that will have right to go on the official ballot under the republican caption, and the city clerk is bound to accept the certificates of nomination, which are signed by the chairman of the convention. Of course there is nothing to prevent any number of disgruntled republicans from going forth petition in hand and trying to induce fifty or more others to sign it, asking that the name of a certain candidate be placed on the ticket. But on the ballot the ticket must be plainly designated 'by petition.'

Bolters in Organization.

"The bolting republicans are as much bound by the action of the convention as if they had remained until the end. They recognized its preliminary organization and its permanent organization and participated in both the temporary and permanent organizations. Such recognition is a complete estoppel to any claim they may set up that the convention was one without authority and that any convention which they may hold is the only true republican city convention. The nomination of Mayor Moores simply cannot be questioned from a legal or any other standpoint.

"The history of the fight is a complete and satisfactory vindication for Mayor Moores. In the first place the central committee, with the exception of one man, was made up solidly from the opposition.

Fight Against Heavy Odds.

"The representation from the various wards was juggled so as to benefit the anti-Moores party as much as possible and the election boards practically were solely of anti-Moores partisans. Despite all these odds and the combination of all dissatisfied republican interests the mayor carried five wards of the nine in the city, winning a clean majority of the delegates and receiving a big majority of all the votes cast. The desire of the voters was clearly expressed and any attempt on the part of the convention to subvert or subordinate these wishes shows an extreme of factionalism and is not in consonance with the word 'republican.' "It is conceded that the primary fight was one of the fairest and cleanest ever held in the city of Omaha—that is up to the time the polls were closed—and there is not the slightest doubt but that the will of the majority of interested republicans was definitely and accurately recorded."

STREET PREACHER IN COURT

Volunteers of America Take Offense at His Style of Expression.

E. R. Stewart, an itinerant evangelist and advance courier of the Metropolitan Holiness association of Chicago, who is arranging for a series of holiness meetings to be held in this city for ten days, beginning April 17, was arraigned in police court on a charge of using insulting language toward the Volunteers of America Sunday at the corner of Fifteenth and Douglas streets. Rev. Stewart was addressing a street meeting and just as the Volunteers were passing to hold a meeting near by, it was charged, he said they would have to be cleansed if they expected to get into heaven. There were a number of witnesses present to testify both against and for the accused. Rev. Stewart indignantly denied that what he said was to be taken in the sense of any offense, as his meaning was that everybody would have to be cleansed to enter the kingdom of heaven. He was discharged.

TEN YEARS ABOVE MAXIMUM

Train Robber Sentenced to Thirty Years for Burlington Holdup.

BUTTE, Mont., April 13.—George Hoard, alias Joe Kirby, convicted of taking part in the holdup of the Burlington express near Hometown, was today sentenced to thirty years in the penitentiary.

The extreme penalty for the crime is twenty years, the ten extra being added under the prior conviction act.

KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it gathers and multiplies, causing falling hair, and, ultimately, baldness. After Prof. Unna of Hamburg, Germany, discovered the dandruff germ all efforts to find a remedy failed until the great laboratory discovery was made, which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff hair grows luxuriantly. "Destroy the cause, you remove the effect."

Sold by all druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.

To Beautify School Grounds.

Preceding the meeting of the North Omaha Improvement club last night the woman's auxiliary held a meeting at which it was decided to immediately take up the matter of beautifying the grounds of Saratoga school and cleaning the streets in that part of the city under the jurisdiction of the club. Later the matter of planting shrubs and flowers in the grounds of the private residences will be taken up. At the request of the women the club donated to the auxiliary the use of the clubroom for an entertainment to be given Saturday night for the purpose of raising funds for the improvement of the school grounds. Because of this the regular entertainment of the club was postponed two weeks from the regular time. Charles Martin, Colin Mackenzie and Ernest Sweet composed the entertainment committee for the current month. J. Y. Craig said that the park board would be unable to maintain the park except with the greatest economy. At the present time the board is repairing the Nineteenth street boulevard. The young trees in Fontaine park are being cultivated.

Doesn't Know Who Robbed Him.

The robbing of J. B. Larsen Sunday night was a dark affair. In the first place it is all as dark as night to that gentleman as to just who got the \$25, he only knows that it was a dark woman. Mr. Larsen had gone out from his room at 215 Jackson street taking his capital with him, feeling to leave it behind. Along in the Third ward as the mouth of a dark alley he met the aforementioned dark woman, who wormed her index finger into a buttonhole of his coat, and he felt a sharp tug. He was really to get away from the lady and go on, but she took his coat with him, feeling so impolite as to wrench himself away and so allowed her to talk to him for three or four minutes, at the end of which time she disappeared down the dark alley with the coat. Larsen is sorry that he did not allow himself a few luxuries during the winter when the fall with \$25 and had gotten through the cold weather with the amount taken Sunday still in his pocket.

LOCAL BREVITIES.

G. W. Noble and wife leave for Chicago tonight to attend grand opera. Franklin Perry, when arraigned Monday on a charge of assaulting Jessie Kleenahan on March 23, pleaded not guilty. George Solomon, rooming in the Douglas street flats, was arrested yesterday afternoon on a warrant sworn to by H. E. Jackson, charging him with assault. On motion of county attorney, the state's case against David LeVeem, George Nelson, Fred Messmer and Elmer Norden, charged with the larceny of rails from the barn of C. R. Lee on February 1, has been dismissed. Harry Spaulding of 2510 Cass street is held at the police station as an insane person, having been arrested last night. He became violent during the evening and broke some windows in his house, cutting his arm and hand so badly that Dr. Garriss was called to dress the wounds. Judge Dickinson has signed an order restraining Wesley M. Craig from molesting his wife, Mary, or their three minor children, pending the hearing in her divorce suit against him. She charges that he attempted to strangle her and alleges he struck her. They were married July 5, 1891, in Omaha.

MILES WILL CASE HEARING

Arguments for a New Trial Will Be Made Next Monday.

MOTION IS BASED ON NEW TESTIMONY

St. Louis Will Be Offered in Evidence and Other Matters Submitted in Hopes of Reversing Results of Trial.

John L. Webster goes to Grand Island next Monday to argue the Miles will case, which is to come up at that time before Judge John R. Thompson on a bill in equity which prays for a new trial of the celebrated Falls City case, the first trial of which was finally decided in the supreme court last week.

The opinion in the case lately handed down by the supreme court was a decision on the appeal which had been sued out from the original hearing had at Falls City in 1900. That trial was had in the spring of the year 1900 and was decided by Judge Thompson in the month of June, 1900. In 1901 a bill in equity for a new trial was filed on the ground of newly discovered evidence. In January, 1902, a large amount of additional testimony was taken on this bill in equity for a new trial, which included the testimony of Paul T. Gadsden, who testified that he wrote the St. Louis will; and Mrs. Wilson, who testified that she made a copy of this will on a typewriter at the time it was written; and also the testimony of Judge Wind of St. Louis, who testified that he was consulted at the time about the form of the revised clause to be inserted in the St. Louis will; and also the testimony of Hon. John G. Capers, United States attorney, and Mr. Moulton, the United States marshal of Charleston, S. C. In addition to the above the testimony of Thomas L. Cannon of St. Louis, who testified that he had been advised of the writing of the St. Louis will at the time it was written, and the testimony of Judge Galt of St. Louis, detailing the circumstances under which the writer of the St. Louis will was found. The testimony of the foregoing witnesses has been supplemented by other pertinent matter bearing upon and tending to support the St. Louis will.

Has Waited on Supreme Court.

The hearing on the bill in equity has been delayed from time to time awaiting the handing down of the opinion of the supreme court in the original appeal, so that Judge Thompson might have the benefit of the opinion of the supreme court on the law of the case in so far as it relates to questions that may arise upon the coming hearing. The opinion of the supreme court lately handed down is considered by the attorneys for the plaintiff as favorable to the heirs claiming under the will in that it rules that the declarations and statements of the testator are admissible in evidence, and that the testimony of the heirs who contested the will is also admissible in evidence, and that if there be proof that the St. Louis will was inconsistent with the probated will, or if the St. Louis will contained a revoking clause that it would destroy the probated will, the probated will is all covered and made by the testimony taken in the suit for a new trial.

Americans Use English Coal.

The demand for English coal is again much in evidence, and as a result many large vessels are being loaded there for American ports. There is also an increased demand for Hostetter's Stomach Bitters, especially these spring months, because it is generally acknowledged to be the best spring tonic in existence. It will tone up the system, relieve that tired feeling, purify the blood and cure indigestion, dyspepsia, constipation, biliousness and malaria. Be sure to try it.

REDDEN AND THE STRONG ARM

Story of Bold Robbery is Related in Police Court by Complainant.

The hearing of Mattie Jones and Mamie Perry, colored, charged with robbing S. A. Redden of \$450 at noon on Saturday, April 4, was called before Judge Berka yesterday morning. The evidence brought out was to the effect that Redden had that morning withdrawn \$1,020 from the First National bank, and had the money in his pocket as he passed the Jones house on Tenth street. He was accosted by the Perry woman with the request to come in and address a letter for her. He did so, thoughtlessly and the moment he entered the house he discovered its nature and the Perry woman began to go through his pockets by throwing her arms around him. He struggled with both women for a moment and discovering that his purse was gone, he turned to the Perry woman, who was the Perry woman, but not until she had abstracted some of the contents. Judge Berka held the two women to district court in the aggregate sum of \$1,600.

Announcements of the Theaters.

Kocian, the noted Bohemian violinist who created such a furor in local musical and theatrical circles a short time ago, will return to Omaha Saturday night for a single concert in conjunction with Bogos Oumiroff, the famous Bohemian baritone. Mr. Oumiroff is as celebrated almost in Europe as a singer as Kocian is a violinist. He has sung before the crowned heads of all countries and bears many decorations conferred upon him by royalty. He came to America eight months ago for concert work and in that time has sung for President Roosevelt and the best people of Washington, Chicago, Boston, Baltimore, Philadelphia and other large cities. The concert by two such people will be a decided musical treat. The local Bohemian societies will entertain their two noted countrymen during their visit.
