TALK OF PROFESSIONAL BALL Buck Keith Makes a Proposition to the Commercial Club Which Looks Good.

"Buck" Keith, the base ball impressario of Omaha, was in Council Bluffs yesterday conferring with the members of the executive committee of the Commercial club relative to placing a professional team in this city this season. At a recent meeting in Sloux City it was proposed to reorganize the Iowa-South Dakota league with Council Bluffs, Sloux City, Sloux Falls and Lemars,

the only towns in it. H. W. Binder, the base ball enthusiast of the executive committee, was detailed by pers to take the matter up with the motor company with a view to ascertaining if the ball park at Lake Manawa could be secured. Mr. Binder learned, however, that the Manawa ball park has been leased for this season by the Eagles, the team organized and managed by Harry K. Smith, and that it was very unlikely that any arrangements could be made for pro-

fessional base ball at the lake this summer It has been suggested that grounds could be secured in the western part of the city near the street car line, but to place them in proper condition would involve an expense from \$1,000 to \$1,500, and it is not certain that this money would be subscribed by the business men of the city. A professional ball team, it is conceded, would do much toward advertising Council Bluffs, and Mr. Binder stated last evening that something might be done toward accepting Keith's proposition if the committee found that the proper financial support would be forthcoming.

Keith stated to the committee that if his proposition is accepted he would move to Council Blufis and make his home here and would follow up the base ball season with an endeavor to schedule some big foot ball games here for the fall.

Temperature Above Normal, but Wet Ground Delays Work Somewhat

IOWA AND MISSOURI GOVERNORS MEET Candidates Are Urging Chairman

Spence to Call Republican State Convention for Early Date, Probably in July.

(From a Staff Correspondent.) DES MOINES, April 14 .- (Special.) -The first of the weekly crop bulletins to be issued during the summer by Director Sage of the Iowa weather and crop service, was issued from that office today. The bulletin is preliminary to the work of the season and is only general as to the present condition of farming operations in the state.

The bulletin says:

In respect to temperature and growth of vegetation the spring is earlier than usual. At the central station there has been an average daily excess of 6 degrees in the temperature since March 1, and conditions have been about the same throughout the state. The rainfall has been generally below normal; but the great excess of moisture in the soil prevented field work in March and a considerable area of low and undrained land is still too wet for plowing or seeding. On rolling and well drained land seeding operations were begun about the list of April, and the work is now well advanced. The reports indicate a decreased acreage of spring wheat and a larger area of oats and barley than last year. Plowing for corn is in progress and if conditions of oats and barrey than last year. Flowing for corn is in progress and if conditions are favorable the acreage of that crop will be large. Grass has made an anusually early start and stock will soon be on pasture. Fruit buds appear to be in fair condition. Stock wintered well and the spring pie crop is promising. pig crop is promising.

Conference of School Officers.

The third of the series of conferences be ween county superintendents and the state superintendent is being held here in the office of the superintendent of public in-The conference is for the discussion of various phases of the educational questions coming before the county superintendents. Two other conferences have been held, in Waterloo and Burlington, and another is to be held in Sloux City, which will complete the list. Among the count; superintendents present today were Misses today and anyone found violating the game | Hostetler of Marshall county, Goodale of Messrs. Dudley of Jackson, Gray of Grundy Hanson of Story, Bennett of Ringgold Thornburg of Polk, Williams of Greene, Lucas of Marion and Boggs of Guthrie.

Governors Will Have Meeting. Governor Dockery of Missouri will meet Governor Cummins of Iowa in Keokuk at the time President Roosevelt and party are received. The Keokuk people have already arranged for a meeting for the two governors at the time the president reaches their city. The governors will go direct to St. Louis from Keckuk, while the presiden-

Early State Convention. The leading candidates for nomination before the republican state convention are urging that the republican convention for Iowa be called for an early date, and it has been suggested to members of the state ommittee by some of them that July 1 or the week following would be an acceptable time for the convention. The democrata have pre-empted the last week in June for their state convention. Chairman Spence of the state committee is now in correspondence with the members of the committee for the purpose of choosing a time and place for the committee to meet and fix on details for the state convention. It is probable the committee will meet next week. The prospect is that there will be

no contests for places on the ticket.

Itinerant Doctors Suc. Dr. Stockdale of Council Bluffs comsenced suit here today in the district court against the state treasurer for the recovery of \$200 alleged to have been taken from him illegally as a fee for an itinerant's license. The state exacts a fee of \$250 a year from doctors who travel about from place to place or who solicit business at various places in the state. Dr. Stockdale has sued to recover because of the alleged unconstitutionality of the law. In that it is not of uniform operation and a discrimination against certain classes of doctors and in favor of others. The suit will be a test of the law and is brought in this manner as the most convenient possible

Mrs. Gallaugher's Appeal.

The transcript of the records in the case of the state against Mrs. Mary Ellen Gallaugher, from Johnson county, was filed with the clerk of the supreme court today. The case is one in which she was convicted of perjury and given a twenty-year sentence because of her testimony in defending herself from the charge of complicity in the murder of her husband. Charles Holada was afterwards convicted of the murder and this implied the guilt of Mrs. Gallaugher. She has appealed the case and it is generally believed she will get a new trial.

The secretary of state received notice of an increase in the capital stock of the lowa-Wyoming Marble & Mining company. of Council Bluffs, from \$50,000 to \$75,000. The incorporation of the Clapp Brothers effected, for the making of soap. The Harian Brick and Tile company, capital \$15,000, was incorporated; W. M. Lang, president; L. A. Smity, secretary. The Waterloo ital \$6,000; E. S. Newton, president; B. J. Howry, secretary,

Pensioners of Spanish War.

About 12,000 of the 55,000 pensioners in this district are the younger veterans of the Spanish-American war. Their disability n nearly every case arises from stomach trouble, contracted, it is believed from the germ which pervades the atmosphere and the food of the country. Pension Commissioner Richard P. Clarkson believes that this is the case.

'It seems that nearly all of the boys who go to the Philippines," said Mr. Clarkson, 'return with a stomach trouble which is very serious, indeed chronic. The trouble seems to be in the climate and it affects nearly all of them in the same way. Congressman J. A. T. Hull came back with the same trouble after his long business trip over there, and has been under a physician's care ever since he returned."

Prepared to Build Trolley Line. A special telegram from New York says: 'It is said on Wall street the Standard Oil company has completed plans for the ex-

ensive system of electric railroads from Kansas City to Sloux City and feeders along the Missouri river. The line from Omaha to Sloux City will be on the Iowa side of the river. The Standard has secured control of the street car systems of Sioux City, St. Joseph, Council Bluffs and Omaha. Work is to be pushed and agents of Standard Oil are scouring the territory for good openings for new lines."

In New York they have been trying to photograph the germs in a cubic inch of air-

In Washington they are trying to exterminate the house fly because they have found it to be a collector of germs-The time is near when all food

will come sealed—the meat from the butcher; the bread from the baker; the milk from the dairy -all will be protected from the germs of the air.
