PLUMBING INSPECTION BOARD EXPENSIVE

Lancaster County Delegation Comes in for Criticism for Passing a Law to Increase Local Expenses.

(From a Staff Correspondent.)

LINCOLN, April 17.—(Special.)—The Lancaster delegation is being censured to a considerable extent by many citizens of Lincoln because it secured the passage of a bill through the late legislature empowering the mayor to appoint a plumbing inspection board, the members of which are to be paid by the taxpayers of the city.

The bill was introduced in the legislature at the request of members of the plumbers' union. It is said to be the same law that applies to the city of Omaha. It provides for the appointment of the health officer, the plumbing inspector, a journeyman plumber and a master plumber as members of the inspection board.

LOSS TO WORKMEN

A PROMINENT LABOR LEADER DISCUSSES AN ISSUE.

Gives His Own Experience as an Employee in the Railroad Shop—Costly Affair to the Staff.

Mr. A. C. Holmes, of Onawa, N. Y., an employe of the railroad shops at that place, is well known in labor circles and his own experience, recently related, deserves the attention of every workman who has lost time and money on account of sickness. Mr. Holmes said:

"Two years ago I had a severe attack of grip which took me a bad illness. I was so weak that I frequently had to lay off for two or three days at a time during a period of four or five months. I could not very well afford to do this but there was no help for it—I simply was not able to work. I lost flesh, got nervous, had bad headaches and felt worn out all the time."

"I had read of some remarkable cures made by Dr. Williams' Pink Pills for Pale People in cases like mine and so decided to try them. A few boxes helped me and I took ten altogether. They drove all traces of the disease out of my system and made me feel like a different man. I have told many of my acquaintances about Dr. Williams' Pink Pills and what they did for me."

After an attack of the grip there is always left behind some troublesome effects. Often these are worse than the disease itself and seem to baffle all efforts of physicians. Health is shattered—the blood becomes poor, the flesh falls away, and the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites pneumonia, bronchitis or even consumption. Dr. Williams' Pink Pills for Pale People, however, will not only quickly restore the health after an attack of the grip, but will expel the lingering germs but working upon the blood, will render the system proof against the disease. In hundreds of cases just as remarkable as that of Mr. Holmes, it has been shown that Dr. Williams' Pink Pills have surely accomplished this result.

of Lancaster. The only condition imposed upon the fortunate town is that it give for a site upon which the school is to be erected twenty acres of land valued at \$75 an acre.

Ex-Representative Whitmore of Aurora was in Lincoln today and is very anxious that the normal school be granted his city the new school. He was gratified to learn that the \$10,000 provision had been stricken from the bill. This will be the means of putting many of the smaller towns in the race for the school. In the meantime it will be before the state board of education and then the fact that the school is to be erected will be advertised for twenty days before the site is chosen. Probably it will be the latter part of July or the first of August before the school is located.

In the meantime State Superintendent Fowler is receiving applications for those who desire to teach in that school yet to be built. Though no appropriation has been made for the maintenance of the school and it is the belief of Deputy Superintendent McBurn that the school will not be in running order for a year from September, there are many who are willing to take chances and work on credit. No one has yet applied for the position of principal.

Relief Money for Sweden. Chaney Warner, a member of the late legislature from Lancaster county, was at the capital today from the rural regions around Waverly to look after that \$2,000 appropriation made for the relief of people in Sweden, Norway and Finland. Warner introduced the bill. He was met here by Hon. E. M. Stenberg of Omaha, the vice consul for Norway and Sweden, and together they called upon Governor Mickey to see if the warrant could not be sent out of the state before the warrant will be drawn tomorrow and the money sent as soon as possible. It will be divided in three parts. One thousand dollars will go to Sweden, sent through the Swedish consul in Washington; \$500 to Norway, sent through the Norwegian consul at Washington; \$500 will be sent to the Russian minister, to be forwarded to Finland.

Fire Escapes in Falls City. Chief Clerk Dispan of the office of the labor commissioner is in Falls City today to make those parties who have buildings without fire escapes hustle up a comply with the law. Many of the parties, who have been served with notices to construct fire escapes have complied with the notices. There are others, however, in various towns of the state who have done nothing. A vigorous effort will be made and continued to be made to bring these men to time until every building that is in need of a fire escape has one.

be made a successful and profitable concern if the operations are conducted by one who is thoroughly versed in management as it is his head. The company has some \$50,000 invested, and it is asserted that it has no thought of permanently abandoning the venture. In fact, it is said that the very reverse is the case.

No definite information is available at this time as to the probable time that it will require to secure the manager desired, and therefore it was that when operations ceased early this week the employes were not given to understand when their service might again be needed. The owners will take advantage of the period of idleness to make some minor improvements in the mill and its equipment.

YORK'S NEW OFFICERS. YORK, Neb., April 17.—(Special.)—The new officers-elect, Hon. C. W. Post, mayor; George Newman, clerk; George S. Cook, city treasurer, and councilman First ward, P. P. Vanvick; Second ward, William Colton; Third ward, M. P. Lundeen; Fourth ward, R. R. Cope, were today welcomed by the city officers, headed by Mayor McCloud, a beautiful gold-headed cane. The presentation of the cane was a surprise to Mr. McCloud and for a few minutes he was unable to respond to the presentation speech. Four years ago, when Mayor McCloud was elected, the city sewerage system and streets and sidewalks were in poor condition. At that time there was little money in the treasury. A fine large sewerage system has been put in and paid for and many other improvements made. There is now in the treasury \$4 for each one dollar four years ago. For the last four years York has had one of the best business administrations in the history of the city.

Creighton Masons Entertain. CREIGHTON, Neb., April 17.—(Special.)—Creighton Lodge No. 100, Ancient Free and Accepted Masons, held a very creditable and instructive meeting here. The third degree was conferred upon William J. Hopen of Center, Neb., and W. L. Kirk of Creighton. About forty invited guests from Bloomfield, Niobrara, Verdigris Center and Plainview were present. At 12:30, the work being finished, the members adjourned to the Park hotel of M. C. Von Rahden, where plates had been laid for seventy-five. The tables were beautifully decorated with ferns and carnations. A very elaborate menu of nine courses was served.

Wymore City Officers. WYMORE, Neb., April 17.—(Special.)—At a meeting of the council last evening the following officers were appointed by the mayor: City marshal, street and water commissioner, F. W. Acton; night watch, Dennis Hatch; city attorney, A. D. McCandless; city engineer, L. W. Anderson; sexton, J. H. Rice. Saloon licenses were granted Bruhn Bros., D. H. Noll and M. S. McGowan. The other two applications, made by J. M. Noyes and Charles Churda, will be considered at the next meeting of the council.

Conditions at Fremont. FREMONT, Neb., April 17.—(Special.)—There are no developments in the strike of the linemen at this point. The men are still out and the work is at a standstill. The Nebraska company's linemen here are affiliated with the Omaha union. The Fremont company's men are receiving union wages and though not all of them are union men, they will not go. The Nebraska company has about twenty men who make their headquarters here and they have considerable extension work partially completed.
