Bitterly Arraigns Cleveland Will Plead for Democracy's Unity.

OTHER STRAYS WELCOMED BACK TO FOLD

Party Had Declared Wide Enough for All Except Object of Wrath.

LATE PRESIDENT IS DUBBED BOLTER

Harmony Must Be Completed Without Reconciling Factions.

MISSOURI AUDIENCE CHEERS SPEAKER

References to Peace Through War on Nebraska Aspirants Opponents Evoke Intense Enthusiasm at Kansas City Banquet.

KANSAS CITY, April 21.—William J. Bryan, speaking this morning to the toast, "Democracy," at the banquet given by the Democratic County club and the new speaker of Missouri complimentary to William J. Stone, at which the addresses did not begin until long after midnight, bitterly arraigned Grover Cleveland and his supporters who are making it a plea for harmony among democrats.

The assembly was made up of representative Missouri democrats and the remarks of Mr. Bryan met with enthusiastic favor with his hearers. He said in part:

What we need in this election is moral courage among those who are called moral courage. We need the ability and we want the kind of moral courage that will fight for honest dealing in your junior senator, William Joseph Stone, who in Missouri a man who possesses moral courage and ability.

I am glad that you have harmony in this state. I believe that the best way to secure harmony among the democrats of the nation, I believe in the best way to secure harmony is to have a wide enough for all who want to come in, but we do not want to have to sit up nights to keep certain pretenders from coming into our pockets.

Invite All to Return.

We invite all who have strayed from the fold to come back if they wish to do so. We have had enough of Clevelandism in the democratic party. We have had enough of Clevelandism in the democratic party. We have had enough of Clevelandism in the democratic party.

Responding to questions as to negotiations with Dr. Johnson to kill Goebel, Youtsey said he went to see Senator Deboe and told him Johnson and others were willing to do it. Senator Deboe, according to witnesses, replied that enough democrats were going to vote with Taylor to retain him in office and it would not be necessary to kill Goebel. Deboe said it must not be done.

Witness went back and told Johnson what Deboe said. Johnson told him not to say anything to Deboe, but to go and see what Governor Taylor said about it. He went to see Taylor and told him what Johnson said and Taylor raised no objection to the plan of shooting from the secretary of state's office.

He T. James, of Butler county said he was the man who came out of the state house shortly after the shooting and whom Daily and others supposed to have been Howard.

TO CONNECT ALASKA TOWNS

Cable Between the Principal Ones to Be Completed During the Summer.

SAN FRANCISCO, April 21.—James Allen has returned from the north, where he went to attend to matters connected with the laying of the new Alaskan cable. He said today that the first half of the cable, which is being made in New York, will arrive at Seattle August 1. The second half will reach its destination about October 1.

The cable ship Burnside, which is now undergoing repairs at Hong Kong, may not get here until early in July. It will go to Sitka, making soundings south from there, and then will lay the first part of the cable from Juneau to Sitka.

There is already a line from Skagway to Juneau, which will be out in and connected with the new military post at Haines Landing, so that the new cable connecting Skagway and Sitka will also bring Sitka and Haines Landing into communication.

Colonel Allen says that the principal cause of delay is the nonarrival of the cable, but the work will be completed late in the fall.

CORBIN MAKES PREPARATIONS

Adjutant General to Have Charge of Military Parade at St. Louis Fair.

ST. LOUIS, April 21.—Major General Henry C. Corbin, adjutant general U. S. A., who will be grand marshal of the military parade during the world's fair dedication exercises, today entered upon the work of preparing for that part of the ceremonies. He held a conference with President Thomas H. Carter of the world's fair commission; Colonel E. A. Godwin, commander of the Jefferson Guards, and others interested.

"General Bates will be in command of the regulars," said General Corbin. "With General Grant in command of the first brigade and General Koble of the Second. I have not yet been informed officially of the exact number of troops that will be here, but I presume they will number in the aggregate 12,000."

JAILED DOPE FIEND, INSANE

Deprived of Drug Prisoner Loses Reason While Awaiting Trial for Murder.

BAKERSFIELD, Cal., April 21.—Al Hulse, the ex-convict accused of the murder of Deputy Sheriff Tibbet and City Marshal Packard, has become a raving maniac in the county jail.

Last night he began shrieking for help, declaring he was entirely innocent. Hulse is a confirmed dope fiend and it is thought deprivation of the drug caused the attack.

STOCK EXCHANGE WILL MOVE

Brokers Leave Produce Men and Dedicate New Building with Holiday Today.

NEW YORK, April 21.—This was the last day on which the stock exchange transacted business on the Produce exchange, where it has had quarters during the construction of the new building.

Tomorrow it will move into the building, but no business will be transacted, the day being given over to dedication ceremonies.

TO INVESTIGATE CHARGES

Complaint of Hearst Against Coal Carrying Roads is to Receive Attention.

NEW YORK, April 21.—The Interstate Commerce commission in this city today to consider the complaint of William R. Hearst that certain coal carrying roads are violating the interstate commerce law.

The defendant roads are the Philadelphia & Reading, the Lehigh Valley, the Erie & Western, the Erie, the Ontario & Western, the Delaware & Hudson, the Pennsylvania and the Baltimore & Ohio.

The specific complaints of Mr. Hearst are that the roads charge unreasonable rates; that they discriminate in favor of the bituminous against the anthracite coal companies, and that they have conspired in violation of the anti-trust law to control the interstate commerce law to discriminate against the independent coal mining companies in favor of the companies controlled by the railroads.

The commission is also to consider while here the old case of the complaint of the Texas Cattle Raisers' association and the Chicago Live Stock association against the Chicago local transfer tax, which calls for the payment of \$2 per car for cattle transferred from the terminal of the western railroads in Chicago to the Union stock yards.

The first hearing on that subject, the commissioners ordered a reduction of the tax from \$2 to \$1 per car. That ruling was submitted to the United States supreme court, which sent the whole case back to the Interstate Commerce commission for more evidence.

The Delaware & Hudson, Erie, Delaware, Lackawanna & Western, Lehigh Valley, Philadelphia & Reading, Jersey Central and Ontario & Western entered appearances. No answers were received when the commission asked who represented the Pennsylvania and Baltimore & Ohio.

The session was occupied by a summary of the complaint by counsel for the complainants and the presentation of an exhibit showing the tariff on bituminous and anthracite coal and pig iron.

SAYS DEBOE OPPOSED MURDER

Youtsey Declares Senator Held Goebel's Death Unnecessary to Taylor's Election.

FRANKFORT, Ky., April 21.—Henry Youtsey was today recalled for further cross-examination in the trial of James Howard.

Responding to questions as to negotiations with Dr. Johnson to kill Goebel, Youtsey said he went to see Senator Deboe and told him Johnson and others were willing to do it. Senator Deboe, according to witnesses, replied that enough democrats were going to vote with Taylor to retain him in office and it would not be necessary to kill Goebel. Deboe said it must not be done.

WOOD CALLS UPON THE KING

American General is Most Cordially Received by Victor Emmanuel of Italy.

ROME, April 21.—Brigadier General Leonard Wood was received in audience today by King Victor Emmanuel.

The general had a most gracious and cordial conversation with the king, who took great interest in the Philippine islands. General Wood explained that he was going to the Philippines on strictly military duties and said he had the greatest admiration for Governor Taft. He felt that the results which the governor had accomplished there were excellent.

The king said that the Italian general Wood to Eritrea, the Italian African colony on the Red sea, he had given instructions to the authorities there to put themselves entirely at his disposal. General Wood thanked the king warmly and said he was gratified when the Italian ambassador at Washington, the foreign office here invited him to visit Eritrea.

Major, Scott and Lieutenant McCoy, who accompanied General Wood, also were received by the king.

PRETENDER THREATENS TOWN

Foreign Residents of Tetuan Are Much Worried by Attitude of Insurgents.

MADRID, April 21.—A dispatch from Ceuta, Morocco, reports the port of Tetuan, Morocco, as being in a very critical position. The pretension of being urged to attack Tetuan, the capture of which is considered easy.

The English and Jewish residents of the place are unable to leave except by sea and have requested that a steamer be sent to fetch them, but the insufficient force of the insufficient garrison the town will soon be in the hands of the insurgents. The Spaniards have demanded the protection of the Spanish government.

A steamer from New York has arrived at Melilla with 500 cases of ammunition and number of rifles for the sultan of Morocco.

TURKS DEFEAT INSURGENTS

Nine of the Former and Thirty of the Latter Killed in Battle.

SALONICA, European Turkey, April 21.—A band of about 600 insurgents, partly in Bulgarian uniforms, was defeated by Turkish force near Redovitz April 19. Thirty insurgents and nine Turks were killed.

The Konep, Asia Minor, division of Redifs, numbering sixteen battalions, has been called out for active service in Macedonia and Albania.

The new judges appointed under the reform scheme of the powers are being terrorized by the Albanians. Two of the judges were shot with revolvers in the streets of Scutari, Asia Minor. One of them was killed.

SUPPLY OF COAL IS SHORT

Not Enough in Honolulu for the Use of British War Ships.

HONOLULU, April 21.—By Pacific Cable.—The coal strike in British Columbia is responsible for the non-arrival of a shipment of 1,600 tons of coal for the use of British warships stationed here.

ARAB TRIBES FETE LOUBET

Loyal Natives Arrange Barbaric Pageant in President's Honor.

THOUSANDS PASS IN REVIEW BEFORE HIM

Minute Battles, Gallant Charge, Beauties Native Dancing Girls and Desert Banquet Play Part in Unique Ceremony.

ALGERIA, April 21.—President Loubet presided today at a veritable durbar of the nomadic tribesmen. The tribesmen gathered in thousands from all parts of southern Algeria for a ceremony of oriental splendor.

Up to the present time M. Loubet has visited only those sections of Algeria which show the advance of French colonization. Today, however, he entered the desert country, with its sparse and burned vegetation.

Over 8,000 tribesmen assembled, some of them having journeyed 300 or 400 miles across the desert, assembling on a vast plateau, where their tents were arranged in circles after the Arab custom, each tribe occupying a large circle in the center of which were droves of richly harnessed camels.

A superb tent of camel-hair fabrics and Arab tapestries had been erected for the president, before which each tribe passed in review, its chief dismounting and paying homage as he passed M. Loubet, who distributed decorations to the principal leaders.

After the review came a native fantasia, or exhibition of sports. There were feats of horsemanship and much burning of gunpowder, the exhibition closing by a charge of all the native cavalry, which wheeled across the plain and charged toward the station occupied by the president, pulling up their horses within 300 yards of his position. A mimic combat followed, representing the capture of a caravan by a desert tribe.

The ceremonies were brought to a conclusion by a grand "difa," or Arab banquet, given by the chiefs in honor of M. Loubet. The menu, which was chosen by trained falcons and French, included such desert delicacies as roast gazelle "concoction" and camel's milk. Dances executed by celebrated native beauties followed the banquet and after an exhibition of native methods of hunting, which included a race between falcons, the day's entertainment ended. The president then started on his return journey to Salda.

The tribesmen, mounting their horses, rode at full gallop alongside the train as long as they could keep up the pace, their many-colored robes billowing in the wind, making a brilliant picture.

H. M. S. Amphitrite came to the local naval station to secure 2,000 tons to enable it to make its trip to Hong Kong, towing the torpedo destroyers due there from Esquimaux. The naval station wired to the Navy department at Washington for permission to grant the request.

Blizzard in Russia.

ST. PETERSBURG, April 21.—A blizzard has swept over the entire province of Petchikova. Trains are snowed up and great damage has been done.

FRISCO WRECK SLAYS FOUR

Defective Rail Bonds Passenger Train Flying to Destruction.

KANSAS CITY, April 21.—Passenger train No. 103 on the Frisco system, which left Kansas City at 11:30 last night for Memphis and Birmingham, was partially wrecked near Everton, Mo., north of Springfield by a defective rail at 7 o'clock this morning.

The engine, baggage, express and mail cars went into the ditch and were badly damaged. Four persons were killed, one passenger seriously hurt, and perhaps a dozen slightly injured.

Dead: R. M. READ, engineer, Fort Scott, Kan. BERT COFFMAN, fireman, Fort Scott, C. B. CAMPBELL, postal clerk, Kansas City. CLYDE WILKINS, postal clerk, Fort Scott.

Seriously injured: Louis Columbia, Kansas City, passenger. The engineer and fireman were buried under the engine. Fireman Coffman and Postal Clerk Campbell were dead when taken out. Engineer Read was in a dying condition, succumbed soon after being removed from the wreck.

The passenger coaches remained upright, and the passengers, except Columbia, escaped with a severe shock and slight bruises. The passengers went quickly to the aid of the injured men and rendered much assistance in extricating the unfortunate from the wreckage.

Physicians were sent to the scene from Springfield and Fort Scott and the injured were conveyed to Springfield.

The accident is believed to be the work of train wreckers. Several attempts have been made within the past four months to wreck Frisco trains in this vicinity and today's wreck is the second successful effort.

Three months ago the same train, northbound, was wrecked near Greenfield, a few miles from Everton, when the engineer was killed and the fireman injured. The railway company has made every effort to apprehend the wreckers, but apparently without success.

ERIE DEATH LIST REDUCED

Corrected Returns Show that Only Seven Persons Died in Wreck.

SALAMANCA, N. Y., April 21.—It is now known with practical certainty that seven persons perished in the wreck of the Erie railroad at Redhouse yesterday.

The railroad officials have compiled a list of the names of the passengers who escaped and by comparing this with the record of the Erie railroad as to the total number of passengers on board the train they find that seven are missing or unaccounted for.

They believe the bodies of all those killed have been found and that the list of fatalities will not exceed seven. The six unidentified bodies are so badly charred that recognition is impossible and they bore nothing which would give any clue to their identity.

Agent Hicks of the Erie railroad at this place, has received many telegrams containing inquiries as to passengers on the train, but thus far all the names mentioned have been in either the list of the killed or injured.

Relatives of R. L. McCready of Meadville, the missing mail weigher, have claimed one of the bodies at the morgue here believing it to be his.

CLIFTON LOSES HIS NERVE

Murderer of Mr. and Mrs. Church Cries Continually and Begs for Protection.

NEWCASTLE, Wyo., April 21.—(Special Telegram).—The posse returned to Newcastle today with the bodies of Mr. and Mrs. John W. Church, formerly of Omaha and Council Bluffs, who were murdered on March 15 last by "Slim" Clifton.

Clifton was expected to be taken from the county jail and lynched when the bodies were brought in, but cool heads were in the majority and the would-be lynchers were satisfied with the promise that the law would act quickly in the matter.

Clifton is an object of pity in the jail. He will neither eat nor sleep and cries continuously and implores the jailers to protect him from the wrath of the people. The sultan's absence caused a temporary abandonment of the negotiations for the abrogation of the Bates treaty.

General Davis reports that nine-tenths of the Lanao, Mindanao, Moros have accepted American sovereignty and pledged peaceful friendship. Representatives of forty towns north of the lake professed allegiance to the United States before Major Pollard yesterday.

Peace is assured until an attempt is made to abolish slavery. It is believed that would unite the Moros in opposition to the Americans.

SLAVES MAY ENDANGER PEACE

Island War Declared Over Till Emancipation is Attempted by Americans.

MANILA, April 21.—Major General Davis has returned from the Jolo archipelago. He did not see the sultan as he went to Singapore three days before the general arrived. The sultan's absence caused a temporary abandonment of the negotiations for the abrogation of the Bates treaty.

KEEFE SAFE IN PENITENTIARY

Feeling Somewhat Abated and No Prospect Now of a Lynching.

RAWLINS, Wyo., April 21.—(Special Telegram).—Frank Keefe, who shot and killed Tom King and John Baxter here last night, was captured at 4 o'clock this afternoon at the home of Pat Thoney, his brother-in-law, and is now safe in the penitentiary. Excitement had died down and there is little danger of Keefe being lynched, but the officers thought they would be on the safe side and placed the murderer in the penitentiary, where it will be impossible to reach him.

John Baxter was a brother of Superintendent R. W. Baxter of the Nebraska division of the Union Pacific.

SHAW IS COMING TO IOWA

Will Join President in Trip Through Secretary's State.

COLD WEATHER DELAYS CORN PLANTING

Official Reports Show that Farmers Delay Seeding Throughout State Belt Owing to Unfavorable Weather Conditions.

(From a Staff Correspondent.)

WASHINGTON, April 21.—(Special Telegram).—Secretary Shaw left tonight for New York where he will spend a day or two at the department and then go to Chicago, also upon business connected with the Treasury department. From Chicago he goes to Shenandoah, Ia., there to meet President Roosevelt and accompany the presidential party during its trip through Iowa.

During Secretary Shaw's absence it is expected he will take up the question of a successor to M. E. Ailes, who retired as assistant secretary of the treasury on the 15th instant. Opinion continues to prevail that Charles Wallace, present chief clerk of the Treasury department, will be selected as Mr. Ailes' successor, department officials having strongly urged his selection.

Assistant Secretary Armstrong is not ambitious to have charge of the personnel of the department which usually falls to the first assistant secretary. Should he be transferred to the first assistant's desk, as now seems likely, he will ask that the question of appointments be assigned to some one of the other assistants and it may be possible that, should Mr. Hills be appointed in charge of the department, the branch of the work for which he is thoroughly qualified by reason of long service in the Treasury department.

State Senator T. D. Healy and wife of Fort Dodge, Ia., arrived in Washington today with the guests of Judge O'Connell and wife for some days. Mr. and Mrs. Healy come to Washington to attend the wedding of Miss Fauchon O'Connell to Lieutenant Conden, which takes place on April 23.

Cold Delays Corn Planting.

The weather bureau's crop bulletin says: In the states of the upper Missouri valley the week ending April 20 was milder than usual and generally favorable for farming operations, but elsewhere east of the Rockies the temperature was much below the average and excessive rains retarded farm work generally throughout the Atlantic coast districts. On the Pacific coast cool weather has retarded growth and frosts have caused considerable injury in Oregon.

Southern California coast districts have received heavy rain, insuring abundance of water for the season.

Very slow progress has been made with corn planting throughout the corn belt and the middle and southern Atlantic states, owing to cold, wet weather, while dry weather has impaired stands in the central and west Gulf states.

The previously reported excellent condition of winter wheat in the principal winter wheat states continues unimpaired, excepting to a slight extent in portions of the upper Ohio valley, where, in some localities, it is turning yellow. Less favorable reports are also received from the middle and south Atlantic states and portions of Texas.

Seeding of spring wheat is general in all parts of the spring wheat region, but progress has not been rapid in south-eastern Minnesota, owing to wet soil. The early sown in Iowa and South Dakota is germinating slowly, though even stands are indicated. On the north Pacific coast spring wheat seeding is much delayed.

Wheat seeding has been suspended over a large part of the central valley and the acreage in some sections is likely to be reduced in consequence. In the states of the lower Mississippi valley and in Texas the outlook for this crop is promising.

Rains in portions of the eastern districts and dry weather in the central and western portions of the cotton belt have, to some extent, interfered with cotton planting; this work has, however, been vigorously pushed and has made fair progress.

Although frosts of the 18th caused further injury to fruit in the upper Ohio valley, the reports generally explain that the early peach crop is more encouraging than those of the previous week. Apples appear to have escaped injury in New England and the middle Atlantic states. In California fruit is mostly in good condition, having sustained little injury by frost than was estimated. Considerable early fruit has been injured by frequent frosts in Oregon but in Washington the cool weather has kept buds in check and little or no injury has resulted in that state.

Internal Revenue Falls Off.

The monthly statement of the collection of internal revenue shows that for March, 1908, the total collections were \$16,521,935, a decrease as compared with March, 1907, of \$2,602,625.

The receipts from the several sources of revenue are given as follows: Spirit, \$10,610,624; increase, \$1,106,708. Tobacco, \$3,641,953; decrease, \$664,545. Fermented liquors, \$3,553,826; decrease, \$1,850,254. Oleomargarine, 467,968; decrease, \$172,184. Adulterated butter and process, or renovated butter, \$10,237. (Law not in force last year.)

For the nine months of the present fiscal year the total collections were \$173,353,513, a decrease of \$20,945,866 as compared with the corresponding period last year.

Hears Nothing from Baldwin.

Secretary Root has heard nothing from General Baldwin regarding the alleged interview concerning colored troops. Colonel Mills, inspector general, was sent to Denver to make a complete investigation. It is expected that Colonel Mills will report upon his return to Washington.

May Amend Red Cross Charter.

It seems quite likely that the trouble among the members of the Red Cross society will be brought to the attention of congress soon after it convenes next fall, when an effort will probably be made to obtain such an amendment to the charter as will be satisfactory to those suspended by the executive committee.

Drills General Staff.

It is the intention of Secretary Root to have the general staff ready for business when the law goes into effect in August. It is intended that all officers detailed who can be spared from their immediate duties will be relieved and go to work at once. It is the intention of Secretary Root to have different officers likely to be assigned

FINAL PLANS FOR PRESIDENT

Board of Governors of Ak-Sar-Ben Have About Decided on All the Details.

At the meeting of the board of governors of the Knights of Ak-Sar-Ben last night the final plans for the reception of the president and his entourage were considered. A special meeting will be held later in the week to approve them.

It was decided to reserve section A and the boxes at the den for the use of the knights of Ak-Sar-Ben of last year. These members will receive from the secretary a ticket admitting them to the reserved seats, and no one will be admitted to section A or the boxes without such ticket. The remainder of the den will be open to the public.

Members of the board desire to have the public understand that the criticism of the school children addressed by the president originated with the board and were only dropped upon the request of the president. The arrangement of the members of the party in the carriages at the depot was decided upon, but will not be announced until today after the secretary has had an opportunity to arrange the statement according to the plans adopted. There will be little change from the order published yesterday except that Mayor Moore will ride in the second carriage with the president of the board of governors. Fry and two members of the president's party.
