BIG INCREASE IN DEPOSITS

Nebraska Banks Gain Two and a Half Millions in Last Quarter.

STATE OFFICIALS PLANT SOME TREES

Superintendent Fowler Issues a Circular Concerning the Seasons of the New Junior Normal Schools.

(From a Staff Correspondent.)

LINCOLN, Neb., April 21.—(Special.)—The state banking board has completed its compilation of the returns made by the various banks of the state for the quarter ending March 31, and the compilation shows the state, especially the western and rural portions, to be in a most healthy condition financially. The deposits have increased over the report of the last quarter \$2,515,061.62. As only the report of one bank in Omaha is contained in the compilation, it is good evidence of the prosperity of the agricultural people of the state. It shows, said the secretary of the board, that the farmers instead of using the money to pay off mortgages are putting the money received for the sale of crops into the banks. In many instances the reports show that the farmers are investing their money in bonds and other securities. The report shows the number of depositors to be 104,283 and the average deposit \$25.82. The reserve is 33 2/3 per cent. Four hundred and eighty-four banks filed reports. The report also shows that the loans have increased over the last quarter and over the report of a year ago have increased almost 18 per cent. This it is claimed by the officials as another indication of the increased business being done, requiring loans. The report follows:

State Officers Plant Trees.

This afternoon in the northwest corner of the capitol grounds eight trees, sent yesterday from Arbor Lodge, were planted and dedicated to the memory of J. Sterling Morton, father of Arbor Day. The trees enclose what is hereafter to be known as Morton Circle. With the exception of Governor Mickey, Land Commissioner Folmer and Superintendent Fowler all the state officials and Chief Justice Sullivan participated. The officers this morning adopted the following resolution:

Resolved, By the undersigned state officers of Nebraska, that the northwest corner of the capitol grounds be and is hereby dedicated and set apart as "Morton Circle" and that the trees from Arbor Lodge planted this day by us are commended to the care and protection of our successors in office for all time.

The Arbor day exercises were held at

"PE-RU-NA" SAVED MY LIFE,"

Writes Mrs. W. McRoberts.

Women Made Strong and Happy Mothers.
Catarrh of the Pelvic Organs is a Frequent Cause of Barrenness.
Pe-ru-na Eradicates Catarrh from the System.

TO THE woman of ancient Israel not to become a mother was regarded as the greatest of early calamities. To become a mother—more especially the mother of a strong, healthy boy—was the height of glory for the faithful woman of the good old bible days. Even now, when maternity is not esteemed as of yore, the mother of healthy children is an object of admiration, and sometimes envy, by her neighbors. As compared with ancient peoples, the average American woman has a low appreciation of motherhood. There are, however, a great many exceptions to this statement.

The accompanying letters from grateful women who have been made strong, healthy and happy mothers need no added words of ours to make them convincing. Catarrh had weakened and impaired their entire systems. Peru-na made them sound and well.

Mrs. L. M. Griffith, Arco, Idaho, writes: "Your medicine did me a wonderful amount of good. It cured me of barrenness."

Mrs. L. M. Griffith, Arco, Idaho, writes: "Your medicine did me a wonderful amount of good. It cured me of barrenness."

A YOUNG MOTHER'S LETTER.

Mrs. W. McRoberts writes to Dr. Hartman from Delano, Miss., the following:

Dear Sir—I feel perfectly well of catarrh. I did as you directed me to and took Peru-na and Manlin. The third of March I gave birth to a 10-pound baby girl and we are both well and happy. I am very thankful to you, and Peru-na saved my life. I recommend it to every one and can't praise it enough.

"I send you my own and my baby's picture. She is so sweet and good—she is a Peru-na baby. I have such good health now. I do all my housework and take care of my baby, and feel so good."

"There are three or four of my neighbors using Peru-na now, since it did me so much good. They were just run down and they think it is fine. It is so good to give strength."—Mrs. W. McRoberts.

I am 30 years old and never had any children, but since beginning your medicine I gave birth to a 10-pound baby girl. She is now six months old and weighs 25 pounds. My friends were all surprised. Some would not believe it until they came to see me.

"My husband says he never saw such a change in any one as there was in me after I had taken three or four bottles of Peru-na. I am stronger than I have been since I was quite young. God bless you and your medicine forever. I can't tell you all my Peru-na cured me. I never saw or heard of anything half so good. I can never thank you enough for your kindness. In cases of la grippe it works like a charm. It cured me when other medicines failed. She was red with la grippe."—Mrs. L. M. Griffith.

came up in court this morning and the defendant was dismissed by the court. He held that it was necessary to prove that the express company had actual knowledge of the contents of the packages. Game Warden Carter and Simpkins were in the city looking after the prosecution and filed that the new complaint will probably be filed. The holding of the county judge, they claim, practically nullifies the law and allows pot hunters to ship game with impunity.

Admitted to First Communion.

BEATRICE, Neb., April 21.—(Special.)—Thirty-two girls and twenty-three boys were admitted to their first communion at St. Joseph's Catholic church in this city Sunday. The interior of the church was beautifully decorated with potted plants, natural and artificial flowers, and the congregation was the largest in the history of the church. The children were all neatly dressed for the occasion, and all carrying a wax candle entered the church in procession from the Sisters' house. After the church services a splendid dinner was served at the pastor's home, where all the children dined. It was a day of joy and gladness for the pastor, teachers, parents and congregation.

Eagles' Lodge at Plattsmouth.

PLATTSBURGH, Neb., April 21.—(Special.)—A local lodge of the Fraternal Order of Eagles was organized in Plattsmouth by the late Dr. J. H. Reimers, a member of sixty-nine. A large delegation of the order from Omaha and Lincoln were present to assist in the organization. These officers were chosen: President, Dan Smith; vice president, F. G. Egenberger; past president, Henry Dorn; chaplain, H. D. Graves; conductor, C. C. Postal; outside guard, J. Svoboda; inside guard, Matt Lueck; trustees, Charles Vestley, W. J. Bookmeyer and James Rebal.

Death Occurs at Wedding.

BRAINARD, Neb., April 21.—(Special.)—A very sad incident occurred at the farm of Thomas Rech about four miles east of Brainard yesterday. While Miss Mary Rech, daughter of Thomas Rech, was being married, Mr. Rech, who had taken sick in the morning, suddenly became worse and when the large wedding procession, headed by the band, was returning home and had just entered the yard Mr. Rech died. Mr. Rech is an old resident here and is a member of the Modern Woodmen of America. He leaves a wife and large family of children.

Chance for an Argument.

Mr. Lon Lydick of Harrington, Neb., writes to The Bee, apropos of an item from Papillon in the Sunday paper to the effect that Mrs. J. C. Graham of that place is a harness maker, that he will wager 100 acres of Cedar county land against \$1,000 that Mrs. Graham is not a harness maker and that Mrs. Mary D. Lydick is the only woman harness maker in the United States. His only condition is that a harness maker is one who can cut and fit and finish any part of a harness without assistance.
