

NEWS OF COUNCIL BLUFFS FROM IOWA.

POLITICS IN WOMAN'S CLUB

Western Members Opposed to Re-Election of President of Federation.

SENTIMENT FAVORS MRS. WALTER I. SMITH

Assert Des Moines is Asking Too Much in Having Meeting of Federation and President for Second Term.

The approaching biennial of the Iowa Federation of Women's Clubs, which will be held in Des Moines May 6, 7 and 8, is responsible for considerable politics, with the attendant wire pulling, among the women of western Iowa, including Council Bluffs.

Many of the women in the western section of the state believe that the presidency should go this year to some western woman, and on this ground they favor the election of Mrs. Walter I. Smith of this city, who is well known throughout the state as president of the Council Bluffs Woman's club. Mrs. Smith only consented to be a candidate when it was stated that Mrs. Bailey of Des Moines, the present incumbent, would not be a candidate for re-election.

Subsequently, Mrs. Bailey, yielding to the pressure of her friends, has consented to become a candidate for re-election and Mrs. Smith has announced that she is pledged to Mrs. Bailey.

Mrs. Smith's announcement is not pleasing her many friends in the Ninth district and they insist that she is the logical candidate and state they will vote for her and her alone. Mrs. Horace Deemer of Red Oak had been mentioned as a candidate, but she has stated positively that she does not seek the office, and she is for Mrs. Smith first, last and all the time.

Western club women take the position that it is contrary to the unwritten law of club courtesy for Des Moines to present a candidate for the presidency, the unwritten rule being that the city where the federation meets shall not present a candidate for the head office. Mrs. Walter I. Smith, since Mrs. Deemer declined, is said to be the unanimous choice of the western club women, and the election at Des Moines promises to be a lively and interesting one this year.

The approaching election of officers of the Council Bluffs Woman's club is also attracting considerable attention among the members. Mrs. G. H. Richmond, Mrs. F. W. Miller and Mrs. A. R. Woodford are candidates for the presidency to succeed Mrs. Walter I. Smith. The meeting for the nomination of officers, which is considered equivalent to election, will be held May 4 at the club rooms.

CASE INVOLVES NEW POINT

Insurance Depends on Whether Apoplexy Preceded or Followed a Fall.

Did the death of W. E. Haverstock of this city result from injuries caused by a fall which brought on paralysis, or did the injuries follow the fall brought about by stroke of apoplexy or paralysis? is the complex and unusual question that a jury in the district court is called upon to determine.

This is the question involved in the suit of Nicholas A. Teal, guardian of the late William E. Haverstock, and H. W. Binder, administrator of his estate, against the National Marine Accident Association. The plaintiffs seek to recover on the ground that Haverstock's death was the result primarily of an accident, while the defense contends that Haverstock's death was due to natural causes and not to accident.

This special venire was drawn yesterday for the district court at Avoca, as it was believed that the impelling of a jury in the trial of Mrs. Ella McDaniels and Bert Livix for the murder of Mrs. McDaniels' husband, Barney McDaniels, would exhaust the regular panel and special venire previously drawn: A. L. King, Grove; B. D. Burke, Layton; Charles Hill, Layton; Oscar Allen, Layton; Thomas Boughton, Layton; H. Eggerstad, Lincoln; H. Stamp, Lincoln; Henry Neider, Knox; George Creve, Knox; Ed Randall, Knox; J. N. Bay, Center; F. E. Robinson, Valley; F. Hauptmann, Valley; D. Martin, Valley; C. Allenworth, Carson; L. H. Flood, Carson; William Hobson, Waveland; W. E. Denton, Grove; Christ Plautz, Pleasant; E. A. Febr, James.

The trial of Mrs. McDaniels and Bert Livix is set for next Wednesday and the members of the venire drawn yesterday have been summoned to appear Tuesday. Mrs. McDaniels and Livix were taken yesterday by the sheriff to a photograph gallery, where their pictures were taken. They both submitted quietly to the ordeal.

County Attorney Killpack received word yesterday from Judge Thornhill that he would be in Council Bluffs Saturday to hear the motion in a new trial on behalf of 124 Moore and Leon Lozier, convicted of defrauding Charles Gregory and William Barker out of nearly \$10,000 in connection with an alleged fake race at Webb City, Mo., in January 1902. Sentence has not yet been passed on Moore and Lozier. Judge Thornhill having deferred this until he passed upon the motion for a new trial.

BURY SECRET WITH PERRY

Belief That Victim of Suicide Know Who Killed Mabel Schofield.

FORT MADISON CONVICT GIVES THE TIP

William Lucas of Page County Files Appeal From Conviction on the Charge of Murdering Emma Moore.

(From a Staff Correspondent.)

DES MOINES, April 22.—(Special.)—Governor Cummins has been carrying on correspondence with a convict in the state penitentiary at Fort Madison who has asked for clemency on promise that he would reveal some important evidence, and the total of the correspondence has been to raise a question as to whether or not Arthur Perry, who attempted murder and then committed suicide, did not carry to his grave the last possible clue to the mystery of the death of Mabel Schofield. The murder was committed nearly three years ago and was the cause of a great deal of investigating and more or less trouble in the courts. The body of the girl was found in the river, but it was evident she had been murdered and the body thrown there. Charles Thomas was arrested and given a preliminary hearing, but not bound over to the grand jury, and two or three grand juries investigated, but returned no indictment. A short time ago Clarence Kiehle, a convict, sent to the penitentiary for a short term from this county, wrote that he had evidence which would clear up the mystery, and that he would give the evidence if promised clemency. Investigation was made and there seemed to be much reason to think that the evidence would be forthcoming; but this week Kiehle read an account of the suicide of Perry and announced that he was depending on Perry for assisting him in the evidence and now that Perry is dead nothing further could be done. This has ended the matter for the present, but investigation shows that the woman Perry shot was a close friend of one of the witnesses on the trial of Thomas, and that Perry was intimate with persons suspected of connection with the crime of killing Mabel Schofield. The identity of Perry has never been fully established and it is believed that Perry was not his name. All the facts taken together indicate that Perry, if he had been called to testify, and Kiehle, might have given testimony that would have cleared up the matter. The county attorney has taken the papers in the case and will pursue the matter further.

Appointed on Governor's Staff.

Charles J. Wilson of Washington, Ia., has been appointed on the military staff of Governor Cummins, to succeed Colonel E. G. Pratt of this city, who resigned the position of chief of engineers owing to his removal from the state. Wilson is a member of the legislature and as such was opposed to Governor Cummins. He has been connected with the national guard for twenty-six years, served in the Fiftieth Iowa in the Cuban war and is now commissioned as commissary of subsistence in the Fifty-fourth regiment, Iowa national guard. Wilson has long been popular in the guard and he is also conspicuous in the politics of the First Congressional district.

A protest has been made against the mustering out of Company B, Fifty-sixth regiment, Iowa national guard, at Perry. A committee of prominent citizens has been appointed to call on the governor and get him to recall the order and permit the company to be reorganized.

Page County Case Appealed.

The transcript of the evidence has been filed in the case of the State against William Lucas, from Page county. Lucas was convicted of the murder of Emma Moore, near Shambaugh, and sentenced to life imprisonment. He had been intimate with the girl and was out riding with her the night she was murdered. Her body was found by the railroad track and his revolver near it. He claimed that she had threatened suicide when he refused to marry her, and that she stole his revolver and committed suicide. The case was tried before Judge Wheeler at Clarinda last November.

Boy Murderer Doing Well.

Wesley Elkins, the boy murderer of Clayton county, who was paroled by the state legislature at the last session, has just finished his first year of college life at Cornell college. He wrote a letter to the governor mentioning his vacation and his studies, and stating:

This report marks my first anniversary. As I look back over the last year I realize that while I have tried to improve all of my opportunities, I have not improved them to all my own satisfaction. As I enter upon another year, however, I do not feel ungrateful for the mistakes of the past year, but by allowing the lessons to be proper, I hope to avoid many of the past failures and make the coming year better than the one past.

Beware of Kidney Troubles

Of all the diseases to which the human organism is subjected, none are more fatal and painful than kidney troubles. I cannot find words to describe the terrible suffering I endured for over fifteen months, my kidneys were affected and in fact the entire organs were diseased. The doctors gave me all sorts of medicine, but I would cure me and as I was afflicted with heart palpitation it was not thought advisable to place me under an anesthetic, so I kept on taking medicine, but finally I was not getting any better. One day a cousin, who was visiting us from the East, asked if I had tried Wine of Cardui. I told her that I had often been advised to try it by friends, but I had no faith in patent medicines. She, however, not only insisted that I try a bottle but went and purchased one and gave me the first dose. I was much pleased to find that after I had finished the first bottle my general health was better and I felt so encouraged that I kept on taking it for eight months and at the end of that time I was a well woman. Health and happiness is mine today and all thanks to your wonderful remedy.
