General Land Office Withdraws Many Acres in Wyoming Districts.

CONCESSION TO OMAHA DRUG FIRMS

Long List of Rural Mail Carriers Selected for Nebraska and Iowa Routes-Treasury Department Orders.

(From a Staff Correspondent.) WASHINGTON, April 24 .- (Special Telegram.)-The commissioner of the genera land office today authorized the withdrawal gauze lisie in all black, medium from entry, otherwise than homestead, of 368,000 acres in the Buffalo and Lander land districts in Wyoming, for the purpose of irrigation. In the Buffalo district two townships, No. 57 north, ranges 95 and 96, are suspended. In the Lander district. fourteen townships, namely, 52 north, ranges 102 and 103 west; 53 north, ranges 101 and 102; 54 north, range 102; 55 north, ranges 100 and 101: 56 north, ranges 98, 99 and 100, and 57 north, ranges 97, 98 and 99. The Omaha Indian supply depot has been designated to receive drugs on a par with Chleago and St. Louis. This is a victory for Nebraska drug firms, as beretofore they have been compelled to base their estimates on Chicago or St. Louis delivery, without having their samples opened in Omaha, for which they have contended ever since the warehouse at Omaha was established.

Chicago has been approved as reserve agent for the First National bank of Churdan, The letter to the general says:

The matter has already been made the subject of official investigation on three separate occasions. In one of these, which occupied sixteen days, an officer authorized to administer oaths to witnesses and exercising his authority wherever necessary examined over 36 witnesses. Neither in that nor in any other investigation was there any testimony showing or tending to show that orders directing the killing of prisoners of war had been given by you at any time. On the contrary, the evidence leaves no reason for doubt that the charge was without foundation. The secretary is therefore of opinion that the public interests will not be served by a further prosecution of the inquiry and directs that you be so advised. The declaration will never be exhibited again at any of the great international fairs. This decision was reached today as the result of an examination of the document by a committee of the American Academy of Sciences, now in session in this city, who acted at the instance of Secretary Hay, whose attention had been called to the sad state of the famous doc ument by Andrew Allen, librarian of the State department. Most of the text of the declaration is still legible, but only one or two of the signatures can be made out

There is only a trace of the autograph of John Hancock, the first to sign. The committee, with the aid of powerful microcopes, made an examination of the document. It was found that the ink was no rich-quick" concerns were raided by the of the first quality. The fact that the engrosser used a sharp pen and bore steadily on it accounted in a measure for the better preservation of the text as compared

with the signatures. The great damage sustained, however, was in 1820, when a copy was taken by the crude letter press process. This was done in order to secure a facsimile for the sur viving signers (among them Thomas Jefferson) and their families. The committee ecommended that the declaration be shut in an air and light-tight case and kept from exhibition.

League Are Held at Michigan University.

ANN ARBOR, Mich., April 24,-The delegates to the annual convention of the Naional Municipal league came over from De troit to hold two sessions at the University of Michigan. At the foreneon session Frank H. Scott, vice president of the Municipal Voters' league of Chicago, delivered an address on the municipal situation in Chicago. The municipal situation in Detroit was the subject of a paper by Sherman D. Callender, attorney for the Detroit Municipal league.

Mr. Callender said in part:

Our citizens are deeply interested in municipal problems. This increasing interest in locar affairs has led to the organization of the Detroit Municipal league. It has been organized on a broad, commonsense platform and its efforts thus far have been in substantial accord with the ideas of the National Municipal league.

Less than two years ago the Detroit organization adopted a platform consisting of the following specific objects for which it was piedged:

First—An election law which shall enable the voters of all political parties or political organizations to make nominations by a direct vote, with a provision as to secrecy and other safeguards as efficient as those now provided in the Australian ballot system. Mr. Callender said in part:

ballot system.

Second—Such constitutional amendments and legislative enactments as will give the city permanent control of its internal af-

fairs.

Third—Such amendment of the election law applicable to Detroit as shall provide for the election of all city officials at the regular blennial April election required by the constitution, thus separating city elections from state and national elections, and affording opportunity for settling municipal affairs and issues on their merits.

Fourth—Such amendment of the city charter as shall provide civil service rules, with efficient means for the enforcement of such rules.

with efficient means for the enforcement of such rules.

Recent results are encouraging. It has been our purpose to arouse the candid, hon-est, fair-minded citizen to an active realiza-tion that good municipal government is to be obtained only as a result of patient, in-telligent and persistent effort by the masses of the people.

F. J. Symes, president of the Merchants' association of San Francisco, was on the program to speak on the California municipal situation. Mr. Symmes was unable to attend, but sent his paper to the secretary and it was read.

W. A. Frisbie, city editor of the Minneapolis Journal, reviewed the recent municipal scandal of that city, which has resulted so far in forty-nine indictments by the grand jury and five convictions. The visitors were entertained at lunch

by President Angell. Tonight the convention will close with a banquet in Detroit.

The Hospe Piano Clubs.

The Good People of Omnha Who Have Taken Advantage of This Extraordinary Club Sale Have

Realized What It Means.

And from the sales that this house has recorded in the last four weeks it proves conclusively that they are spreading the news that you can secure a high grade piano, a medium grade piano or the cheaper kind, at a saving of from \$50.00

to \$100.00 on every purchase. Furthermore, the terms offered in this Club Sale are especially easy, and the selection embraces from the finest instruments to the kind used for practice The second series of Clubs are now being formed, Clubs D, E, and F. 'Club D embraces planes running from \$157,000 to

\$178.00; planes that have been soiling for

\$225.00 to \$250.00 and \$275.00. This shows

a saving of from \$75.00 to \$100.00, on terms as low as \$1.20 per week, and with a down payment of only \$5,00. Club E represents planes ranging from \$187.00 to \$248.00, the kind that have been sold from \$300.00 to \$350.00, with a

little down payment of \$10.00 and \$1.75 to \$2.00 per week. Club F takes in many of the high grade planes that have been selling at \$375.00 to \$425.00, and the Club prices run from \$278.00 to \$338.00, with a down payment

of \$25.00 and \$2.50 to \$3.00 per week. A stool and searf are included with every instrument, every riano is fully warranted, both by manufact for and this house. The instruments are marked in plain figures and have but one price. In this i scond series of Club cales it set aside one hundred instruments. When they are sold it

completes the chain. This is not a co-operative scheme, but when you make your down payment the instrument is delivered in your house. Every one is brand new, every one fully guaranteed. It is practically remilling pianos at wholesale prices.

Out-of-town buyers are invited to make

inquiry regarding the Hospe Plano Club Sale, by cutting out this advertisement marking the number of the club they wish to be informed about and sending it in to us.
