## Great Sale of Straw Matting!

An Entire Shipload of Fine Straw Matting in Litigation—The Choice of the Entire Lot on Sale Monday Morning.

A well known San Francisco importer recently bought an entire shipload of Straw Matting. When it came into port he refused to receive it because some of the goods were not equal to the samples shown him. The goods have just been sold at public auction to pay the ship owners' freight for bringing this cargo across the Pacific ocean. The choice of the entire lot was bought by us at about one-half its regular value.

This is the purchase we announced about two months ago. At that time we bought the entire shipload from the owners, who were then enjoined from selling them to us, the court declaring that the goods should be offered at public auction.

The purchase consists of all grades of Chinese heavy and Japanese fine cotton warp mattings, many of them in new and beautiful art carpet effects. Never before have such high-class Straw Mattings been sold anywhere at the prices at which we will offer them Monday, May 4th. We have divided them into three great lots as follows:

All the 25c and 35c Mattings go in one lot at a yd <b>15c</b>	All the 39c and 49c Mattings go in one lot at a yd <b>19c</b>	All the Mattings worth as high as 75c—the most beautiful Chinese and Japanese Mattings ever shown in Omaha in one lot at a yd..... <b>25c</b>
